VESSEL AND CARGO WILL BE LOSS

Heavy Gale Makes Rescue Difficult, but Efforts Are Still Made to Reach Survivors.

Montevideo, Uruguay, May 9 .- The Freach transport Maritime Poitou, from Marseilles April 6 for this port, has been wrecked off San Jose Ignacio, on the coast of Uruguay. She is under-stood to have had 300 passengers on any form. At no time, morning or board, and, according to late reports, nearly 200 of these have been rescued and are on their way to this city. The vessel and her cargo will probably prove a total loss.

The casuality list has been reported at 100, but this has not beeen corroborat- adjournment was taken until Monday ed. The government is doing everything possible to succor the shipwreck- summon a special venire of 100 men. ed people.

San Jose Ignacio is a small rocky promontory surrounded by reefs, 21 miles west of Cape St. Maria, on the southeastern coast of Uruguay and about 50 miles from Montevideo.

The vessel was driven on the rocks yesterday. She lies 30 yards from shore. A heavy gale has been blowing for several days, and is still continuing. This renders the work of rescue very difficult. The efforts to get the remainder of the passengers and crew to land are being continued with untiring er er cy.

Panic broke out on board the vessel

when she grounded, and a number of terror stricken people jumped overboard. According to a report a number of women managed to swim ashore, but many were drowned. It is known that customs officers at Rincon de Perrero saved 50 passengers.

SAN FRANCISCO CARS RUN.

Heavily Guarded, Two Make Trip of , About Six Miles.

San Francisco, May 9 .- The police for the first time since the commencement of the streetcar strike furnished actual protection yesterday afternoon for two of the United Railroads' cars manned by 21 strikebreakers, and as a result of this protection these cars were run over six miles of track without the firing of a shot.

Four men, one of them a strikebreaker and the other three members of the Electrical Workers' union were injured. There was intermittent hurling of missiles by union crowds at various points miles a mob of at least 1,000 men and boys ran with the cars, yelling, calling get off the cars and fight and cheering made. vociferously whenever for one cause or another the cars were brought temporarily to a stop.

A'ter the return to the carbonse at the general offices at Oak and Broderick streets, Mr. Mullally stated that cars will be operated again today. He thought it best not to divulge the starting time or give the route in advance. A majority of the strikebreakers who manned the cars came from Kentucky.

Many Talesmen Deny Prejudice or Knowledge of the Case.

Bolse, Idaho, May 10 .- William D. Haywood, first of the alleged participants in the avenging conspiracy by which it is averred the assassination of Frank Steunenberg was plotted and executed, was placed upon trial for his life yesterday. Counsel for state and prisoner entered at once, in businesslike way, upon the examination of prospective jurors, and kept steadily at the task for five hours. No juror was finally accepted, but substantial progress was made, and the indications at the close of the session were that a jury could be obtained by the end of next week.

The opening day of the trial went through to its conclusion in quiet harmony, unmarked by unusual incident. It was carnest and business-like.

Its striking feature was the entire absence of crowds or demonstation in afternoon, was the court room more than half filled, and the streets forming the court house squrae contained not a single loiterer. The case was halted shortly before 5 o'clock by the exhaustion of the jury panel, and an morning. Meantime, the sheriff will

Railroads to Make Great Effort to Catch Up With Traffic.

Chicago, May 10 .- American railways will spend during the present year nary effort to secure sufficient equipment in which to transport the traffic of the country, sufficient power to keep that equipment moving, and sufficient rails for both the equipment and the power to run on.

It is estimated that, if the manufacturers are equal to the test, between 340,000 and 350,000 freight cars will be added to the total equipment of the railways of the United States, fully 5,000 passenger coaches will be built will begin a movement of some kind for blind school, mute school, reform school and over 6,000 locomotives will be favorable rates. added to the steam power which is now available to the railroads. These figures mean that every shop and every plant where these utensils of commerce are manufactured must run day and night in the United States, in Canada and in Mexico, and that some of the steel mills in other lands will get a substantial reflex of this prosperity.
