DIVIDE NORTHWEST

Hill and Harriman Roads Agree Upon Territory.

HURT OREGON AND WASHINGTON

Each Line Takes a Distinctive Field From Which the Other is Effectively Barred.

Washington, June 13 .- From evi-Commerce commission it is very plain that J. J. Hill and E. H. Harriman have mapped out the Northwest, each taking a distinctive territory, from which the other is effectively barred.

Particularly is this true of the lumber business. It is practically impossible, under the existing freight rates and arrangements, for Oregon lumbermen to compete with Puget Sound in markets tributary to the Northern Pacific and Great Northern, and likewise impossible for Puget Sound manufacturers to invade territory tributary to the Harriman lines.

And so far as the respective railroad systems are concerned, neither has any desire to invade the other's territory. Both acknowledge their utter incom-

petency to handle the business that is offered them and each objects to being compelled to take care of the surplus of

JAPAN AGAIN AROUSED.

Widely Circulated Paper Asks People to Take Hand.

Tokio, June 13 .- The Mainichi, published at Osaka and claiming to have a elrculation of 250,000, expresses anger today at the reported recent attack on a Japanese horticulturist at Berkeley, Cal. It says:

"The outrage demonstrates the impotency of the California authorities to protect our compatriots. Now is no time to rest assured on the stereotyped diplomatic assurances from the Washington government. Only two weeks after a positive declaration to take preventive measures to safeguard Japanese rights comes the Berkeley outrage.

"The personality of President Roosevelt towers high among living great men and deserves full confidence, but promises, however high sounding and reassuring, and the promise maker, ue whatever if unaccompanied by deeds.

"The powerlessness of the California and Federal governments is thus demonstrated and it only remains to take the work of protection in our own hands.

"That the outrages are of limited local occurrence is not a sufficient explanation."

HAYWOOD'S CASE HURT.

Attorney for the Defense Injures His Own Theory.

Boise, Idaho, June 13 .-- Again yesterday the aimlessiness of the defense in the Haywood case was illustrated on several occasions. Japanese Scheme Of Aggression Opposed by America.

New York, June 14 .- A Vienna dispatch to the Herald quotes a delegate to The Hague conference, said to be the representative of a great power, as declaring that Japan is to hurl a bomb into the conference by bringing forward the question of right of a conquerer to annex territory subjugated with all that is upon it.

This will be warmly denied by both Russia and the United States, the Herald's informant is quoted as saying. But the fad died out and what hares were not killed were turned loose. A few evidently found their way into the country west of Albany and have lived there ever since. SCHMITZ IN A TRAP.

Plays Into Heney's Hands by Opening Way for Ruef.

San Francisco, June 12 .- What looked like a field day for Mayor Schmitz in his trial for extortion, was transformed by a sudden coup of Francis J. Heney into a distinct victory for the prosecution. With both Schmitz and Ruef on the stand, the day was replete with sensations. but capping all was the neatly laid trap into which the defense made a precipitous fall. The trap was carefully laid, even to the point where the Mayor himself unknowingly sprung in.

When Mr. Heney announced that the prosecution had completed its case, the defense, thinking that the danger from Ruef had passed, decided to put Schmitz on the stand. The Mayor, accordingly, appeared in his own behalf and, regarding Ruef as no longer a menace, rushed ahead with his denials. He reached the point on cross-examintion where Mr. Heney asked him if he had received any of the money paid to Ruef by the French restaurants, and, despite the warnings from his own attorney, Schmitz answered in the negative.

In so doing he played completely into the hands of the prosecution, not only by laying a basis for the introduction of the testimony of Ruef in rebuttal, but by passing the entire extortion up to Ruef in such a manner that the captive boss will eagerly refute the testimony by declaring that he paid half the money, or \$2500, to Schmitz.

Both Mr. Heney and Mr. Burns were confident last night, and well satisfied with the turn of events.

"We look for conviction," said Mr. Heney. "We believe we have proved our case."
