LEAVES CLEAR FIELD TO OTHERS

Quotes His Statement of 1904 and Says He Has Not Changed His Decision.

Washington, Dec. 12. - President Roosevelt will not be a candidate for a third term. All doubt on this point was last night dispelled by the authorative statement, from the White House, that Mr. Roosevelt still adheres to the declaration of renunciation made on the night of the election three years

It appears that the president had been awaiting the call for the Republican national convention to afford the case. proper opportunity for making his poleaving the field clear for other declared or receptive candidates for the Republican nomination. The president's statement follows:

"In view of the calling of the Republican convention, the president makes the following statement:

'On the night after election I made the following announcement:

" 'I am deeply sensible of the honor done me by the American people in thus expressing their confidence in what I have done and have tried to do. I appreciate to the full the solemn responsibility this confidence imposes upon me, and I shall do all that lies in my power not to forfeit it. On the 4th of March next, I shall have served three and a half years and this three and a half years constitutes my first term. The wise custom which limits substance and not the form, and under no circumstances will I be a candidate for or accept another nomination."
