J. W. Robinson sprained his ankle
very badly last Saturday, while lifting
some heavy freight in the warehouse at
the store, since which time he has been
able to get about only with the assistance
of crutches. His injuries were not serious
but very painful.
H. D. Wood was in town the first of
the week from his ranch near Crooked
River. Mr. Wood says that the well
which is being drilled at the I. V. Lim-
baugh place has reached a depth of about
300 feet, and they have no water yet, al-
though the drill is in a sand formation
and it is believed that water will be struck
soon. Arrangements have been made to
sink the well to a depth of 350 feet, and if
there is no water by that time, further ar-
rangements will be made for continuing it.
The settlers of that locality are all inter-
ested in the successful outcome of the
attempt to secure water there.
The revival meetings at the Methodist
Church have grown in interest and the
attendance is such as to tax the capacity
of the house. Rev. C. A. Housel of
Prineville, is handling his subjects in a
very interesting manner. The meetings
will continue on through Sunday and next
week. Mr. Housel's subjects for the
next three evenings are as follows: Fri-
day, "A Backslider's Repentance;" Satur-
day, "A Fast Young Man and His
Father;" Sunday, "The New Birth, or
May We Know We Are Saved." Every-
body is invited to come. Nobody is
abused and no other church is assailed.
An intelligent discussion for intelligent
people.

MODERN WOODMEN OF AMERICA
A few of the reasons why so many are
joining the Modern Woodmen of Amer-
ica:
We have 900,000 members with 20,000
outstanding certificates, which is far
more than the two next largest Societies
combined.
Three assessments missed the first ten
months of this year; all claims paid and
\$3,000,000 cash on hand.
First eight months of this year we
issued 100,122 new certificates.
There are 175 of the leading Fraternal
insurance societies that have six million
members at the present time. The
Modern Woodmen have nearly one-sixth
of this entire membership.
There are six billion four hundred and
fifty million dollars of protection for the
widows and orphans carried by the
members of these societies.
The M. W. A. carries One Billion
Three Hundred and Fifty Million of this
amount, or a little more than one-sixth
of all the fraternal insurance carried in
the United States.
The management expense of this great
order has cost each member not to
exceed the price of one postage stamp
per week since starting in business.
We are furnishing GOOD RELIABLE
INSURANCE to our members for about
one-half what other societies charge.
Net increase in the following societies
and cost per thousand, 1906:
Net increase 1906 Cost per \$1000 at age 30
Artisans 500 \$ 7 80
Maccabees Decrease 12 00
A. O. U. W. Decrease 10 80
Royal Arcanum Decrease 13 20
W. O. W. 5,802 10 20
Modern Woodmen 90,080 5 85
The cost at 30 years of age in the M.
W. A. has never exceeded \$5.85 per
thousand in one year. Compare this
with the cost in other societies. There
are a few of the reasons "WHY" we
are writing an average of 12,516 members
per month. If this record suits you, we
want your application for membership.
Yours fraternally, J. E. Shears, District
Deputy, 522 Chamber of Commerce,
Portland, Oregon.

Brooks, local deputy, at Madras,
