

PERUNA EDITORIAL NO. 2.

Dr. Hartman has claimed for many years that Peruna is an EXCELLENT CATHARTIC REMEDY. Some of the doctor's critics have disputed the doctor's claim as to the efficacy of Peruna.

Since the ingredients of Peruna are no longer a secret, what do the medical authorities say concerning the remedies of which Peruna is composed? Take, for instance, the ingredient HYDRASTIS CANADENSIS, OR GOLDEN SEAL. The United States Dispensary says of this herbal remedy, "It is largely employed in the treatment of depraved mucous membranes, chronic rhinitis (nasal catarrh), atonic dyspepsia (catarrh of the stomach), chronic intestinal catarrh, catarrhal jaundice (catarrh of the liver), and in diseased mucous membranes of the pelvic organs. It is also recommended for the treatment of various forms of diseases peculiar to women."

Another ingredient of Peruna, CORYDALIS FORMOSA, is classed in the United States Dispensary as a tonic.

CEDRON SEEDS is another ingredient of Peruna, an excellent drug that has been very largely overlooked by the medical profession for the past fifty years. THE SEEDS ARE TO BE FOUND IN VERY FEW DRUG STORES. The United States Dispensary says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a SUBSTITUTE FOR QUININE.

OLL OF COPAIBA, another ingredient of Peruna, is classed by the United States Dispensary as a mild stimulant and diuretic. It acts on the stomach and intestinal tract. It acts as a stimulant on the genito-urinary membranes. Useful in chronic cystitis, chronic dysentery and diarrhea, and some chronic diseases of the liver and kidneys.

Our Peruna Tablet Is Peruna With Fluid Removed.

These opinions as to the ingredients of Peruna are held by all writers on the subject, including Bartholow and Scudder. OF HYDRASTIS, BARTHOLOW SAYS it is applicable to stomatitis of the mucous surfaces of the mouth, follicular pharyngitis (catarrh of the pharynx), chronic coryza (catarrh of the head). This writer classifies hydrastis as a stomachic tonic, useful in atonic dyspepsia (chronic gastric catarrh), catarrh of the duodenum, catarrh of the gall duct, catarrh of the testicles, catarrh of the kidneys (chronic Bright's disease), catarrh of the bladder, and catarrh of other pelvic organs.

BARTHOLOW REGARDS COPAIBA as an excellent remedy for chronic catarrh of the bladder, chronic bronchitis (catarrh of the bronchial tubes). BARTHOLOW STATES THAT CUBEBA, an ingredient of Peruna, promotes the appetite and digestion, increases the circulation of the blood. Useful in chronic nasal catarrh, follicular pharyngitis (catarrh of the pharynx), increasing the tonicity of the mucous membranes of the throat. It also relieves hoarseness. Useful in atonic dyspepsia (catarrh of the stomach), and in chronic catarrh of the colon and rectum, catarrh of the bladder, prostaticorrhea, and chronic bronchial affections.

MILLSPAUGH, MEDICINAL PLANTS, one of the most authoritative works on medicinal herbs in the English language, in commenting upon WILSONIA CANADENSIS, says that it acts on the pneumogastric and motor nerves. It increases the secretions of the mucous membranes in general. In the mountains of Virginia, Kentucky, Tennessee and Carolina, Wilsonia canadensis is considered a panacea for many disorders, including headache, colic, cramp, drowsy and indigestion. DR. SCUDDER regards it highly as a remedy in chronic diseases of the lungs, heart disease and asthma. These citations ought to be sufficient to show to any candid mind that Peruna is a catarrh remedy. Surely, such herbal remedies, that command the enthusiastic confidence of the highest authorities obtainable, brought together in proper combination, ought to make a catarrh remedy of the highest efficacy. This is our claim, and we are able to substantiate this claim by ample citations from the HIGHEST MEDICAL AUTHORITIES IN THE WORLD.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists. FORM BERKSHIRE ASSOCIATION

Marks Important Step in Livestock Industry of Northwest. By J. L. Ashlock, Washington State College, Pullman.

President E. A. Bryan, of the Washington State college, has just received notice of his appointment as temporary president of the State Berkshire association, which is affiliated with the American Berkshire congress. President Bryan's appointment is the beginning of the organization of the Berkshire association in the state of Washington. This association reaches through nearly all the states of the union, and in the opinion of President Bryan, its coming into the state of Washington marks an important step in the livestock industry of the Northwest. Discussing the matter President Bryan said:

"I believe the Berkshire association is one of the most active and successful livestock associations in the United States, and that its work in the Northwest cannot fail to produce good results. The Berkshire is favored by many of the most prominent stock-raisers in America, among whom I might mention Nick Gentry, of Sedalia, Missouri, who is the greatest breeder of Berkshire hogs in the country; Reuben Gentry, of Kentucky; Mr. Hood, of 'Hood's Sarsaparilla' fame; and George Vanderbilt, of Asheville, Tennessee. Among the most prominent breeders of Berkshires in the Northwest are the Ladd estate, of Portland, and Mr. Paul Clagstone, of Spokane. I have raised Berkshire hogs on my Pussay Willow ranch near Pullman for the past ten years, and am thoroughly convinced of the desirable qualities of this breed.

"It is proposed by the Berkshire association to conduct an active campaign in the state of Washington, in favor of this breed of hogs, prior to the Alaska-Yukon exposition at Seattle. Then by the time of the exhibit, our state organization will be able to get up a splendid exhibit, and we will show the farmers of the state what sort of an animal the Berkshire is when proper attention is given him. Yes, it is very likely that the state experiment station will have a few Berkshires at the exhibit. At the present time we have some specimens of this breed that have been pronounced by the best Eastern experts as equal to anything in the United States."

President Bryan today announced his appointment of the officers and directors of the state association who will work with him in getting the Berkshire association established in Washington. They follow:

Vice president, Paul Clagstone, Spokane; secretary, J. H. Smith, Pullman; treasurer, W. D. Goodrich, Wauana. Directors: A. M. Stevens, Ellensburg; A. A. Somerville, Centralia; Pliny Shephardson, Castle Rock; W. W. Shields, Sprague; D. C. Dilworth, Spokane.

Feel fresh cucumbers and cut in thin slices. Sprinkle lightly with salt and let stand for an hour. Drain, sprinkle with lemon juice and paprika, let stand for half an hour or longer, then use for a filling between thin slices of buttered bread.

Spring Medicine

The best is Hood's Sarsaparilla. It is the best because it does the most good. While it makes the blood pure, fresh and lively, it tones the stomach to better digestion, creates an appetite, stimulates the kidneys and liver, gives new brain, nerve and digestive strength. An unequalled list of cures—40,366 testimonials in two years—proves its merit.

Mrs. J. F. Gee, 59 Gould Street, Stoneham, Mass., says: "In 23 years experience I have never known Hood's Sarsaparilla to fail for spring humors and as a general blood purifier; it cures scrofula, eczema; has no equal as a general spring medicine. It gives me genuine satisfaction to say this."

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

Whenever a sore refuses to heal it is because the blood is not pure and healthy, as it should be, but is infected with poisonous germs or some old blood taint which has corrupted and polluted the circulation. Those most usually afflicted with old sores are persons who have reached or passed middle life. The vitality of the blood and strength of the system have naturally begun to decline, and the poisonous germs which have accumulated because of a sluggish and inactive condition of the system, or some hereditary taint which has hitherto been held in check, now force an outlet on the face, arms, legs or other part of the body. The place grows red and angry, festers and eats into the surrounding tissue until it becomes a chronic and stubborn ulcer, fed and kept open by the impurities with which the blood is saturated. Nothing is more trying and disagreeable than a stubborn, non-healing sore. The very fact that it resists ordinary remedies and treatments is good reason for suspicion; the same germ-producing cancerous ulcers is back of every old sore, and especially is this true if the trouble is an inherited one. Washes, salves, nor indeed anything else, applied directly to the sore, can do any permanent good; neither will removing the sore with caustic plasters or the surgeon's knife make a lasting cure. If every particle of the diseased flesh were taken away another sore would come, because the trouble is in the blood, and the BLOOD CANNOT BE CUT AWAY. The cure must come by a thorough cleansing of the blood. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is an unequalled blood purifier—one that goes directly into the circulation and promptly cleanses it of all poisons and taints. It gets down to the very bottom of the trouble and forces out every trace of impurity and makes a complete and lasting cure. S. S. S. changes the quality of the blood so that instead of feeding the diseased parts with impurities, it nourishes the irritated, inflamed flesh with healthy blood. I was afflicted with a sore on my face of four years' standing. It was a small pimple at first but it gradually grew larger and worse in every way until I became alarmed about it and consulted several physicians. They all treated me but the sore continued to grow worse. I saw S. S. S. advertised and commenced its use and after taking it a while I was completely cured. My blood is now pure and healthy from the effect of S. S. S., and there has not been any sign of the sore since S. S. S. cured it. THOS. OWEN, West Union, Ohio. **S.S.S. PURELY VEGETABLE** Then the sore begins to heal, new flesh is formed, all pain and inflammation leaves, the place scabs over, and when S. S. S. has purified the blood the sore is permanently cured. S. S. S. is for sale at all first class drug stores. Write for our special book on sores and ulcers and any other medical advice you desire. We make no charge for the book or advice. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**
