THE SWIFT SPECIFIC CO., ATLANTA, GA.

Quality of Seeds. open market Chief Galloway of the bureau of plants indusry makes a report that is certainly of interest to farmers.

Red Clover.-Of the 1,217 samples of red clover seed secured 405, or onethird, contained seed of dodder, 424 contained traces of yellow trefoll seed, and 135 bore evidence of having originated in Chile.

Alfalfa.-Of the 399 samples of alfalfa seed secured 191, or about onehalf, contained seed of dodder, 135 contained a trace of yellow trefoil seed, 120 contained a trace of sweet clover seed, and 16 contained a trace of bur clover seed.

Bromus Inermis.-Of the 55 samples of Bromus inermis seed obtained 15 contained seed of cheat, or chess, 28 contained from 2 to 3 per cent of seed of the wheat grasses, several contained seed of meadow fescue and one contained more than 24 per cent of meadow fescue and rye grass seed to-

Kentucky Blue Grass .- Of the 429 samples of Kentucky blue grass seed obtained only 8 were found to be free from any trace of Canada blue grass. In most of these samples the trace of Canada blue grass found was immature seed, showing that it was harvested with the Kentucky blue grass seed. The seeds of the two plants not ripening at the same time, it is improbable that mature seed of Canada blue grass would be harvested with Kenfucky blue grass seed. In 110 samples, bowever, Canada blue grass seed was found in quantities exceeding 5 per cent, 32 of these being Canada blue grass seed misbranded as

The Potato Bug.

FARM-BUILDING CONSTRUCTION.

If given before the hogs get past the eating and drinking stage, the foilowing is claimed to be an infallible cure for hog cholera: To a barrel of good slop add one pint of Venetian red and one pint of kerosene oil. Mix well,

The first rule for getting a good profit from poultry is to get the chicks hatched early, and the next is to keep those chicks growing so fast that they will reach laying maturity before the commencement of cold weather.

The garden should contain most or all of the common medicinal and flavoring herbs. Most of these can be grown with very little trouble, and the herb plat should include such useful plants as sage, hoarbound, caraway, saffron, pennyroyal, tansy and others that will suggest themselves.

Three Horse Doubletree. A doubletree attachment to binder or sulky plow can be made according very healthy, isn't it? to the plan shown. The dimensions

can be varied slightly to accommodate horses of different sizes.

Seed Germination.

It requires from 20 to 30 days for asparagus seed to germinate; beans, 5 to 10 days; borecole, broc-coll, Brussels sprouts, cabbage and cauliflower, 5 to 12 days; carrots, 14 to 21 days; celery, 14 to 20 days; corn salad, 14 days; corn, 8 to 14 days; cress, curled. pictures." 3 to 5 days; cress, water, 12 to 14 days; cucumbers, 5 to 10 days; eggplant, 8 to 20 days; endive, 3 to 7 cantaloupes, 5 to 10 days; melons, water, 8 to 15 days; mustard, 3 to 6 steel bridges, or something with big days; onlons, 7 to 14 days; parsley, 20 money in it?"-Home Herald. to 30 days; parnips, 8 to 14 days; peas, 5 to 10 days; pepper, 8 to 20 days.

Wood Ashes.

Ashes made from hard wood are more valuable than those made from soft wood. It is claimed that some ashes from soft wood have not enough value to make it worth while to bother with them. It has also been discovered that the value is largely governed by The potato bug, or Colorado potato the part of the tree from which the beetle, passes the winter in the ma- ashes are made. It is declared by

DEMENT.

Rather Like a Reflection. An unfortunate author writes to the

London Westminster Gazette: "Prof. Chandler, I understand, has just written a book on the literature of roguery. In a letter accompanying the prospectus of the work the publisher writes to me as follows 'We think you muy be interested to know that reference is made to your name in these columns.' I do not object, but I think it might have been put differently."

Art and Specializing.

Why should an artist who has painted portraits for years be denied talent as a landscape painter? There is no reason for it. We have grown to mistake spe cialty for personality, and the artist who has made his name as a painter of cats will have to paint cats all his life,-Kunst, Munich.
