JAMES W. HURT, PROPRIETOR

FRESH AND CURED MEATS

Fish, Vegetables and Country Produce

MADRAS, OREGON

It Is Easy To Reach North Beach

Take Steamer POTTER From Portland

Passengers are now transferred to the railroad at MEGLER—14 miles up the Columbia River from Ilwaco. This eliminates the necessity of steamers waiting for the tide, and insures a prompt and regular summer schedule.

The Steamer T. J. POTTER leaves Portland every morning except Saturday and Sunday at 8:30 o'clock. Saturday only at 2 o'clock P. M. Remember the Summer rate on the O. R. & N. is \$12 from Shaniko to all North Beach points and return; good until September 30.

North Beach is a famous, beautiful place—the most perfect beach on the whole North Coast. There are accommodations galore at prices to suit all tastes; camping facilities without equal; perfect bathing conditions; all sorts of amusements and diversions. Come, have a good rest and a jolly time. Let us send you our new Summer Book, and tell you all about NORTH BEACH.

E. J. WILSON, Local Agt, Shaniko

## SECURING RIGHT-OF-WAY FOR ROAD

Plan To Have Construction Begin This Fall

## PLANS FOR ROAD TAKING DEFINITE FORM

Central Oregon Railroad Plans Progressing--Hope Of A Road May Be Realized.

The plans for the construction of a railroad from Shaniko to Madras, and on to Bend and Prineville, are rapidly assuming form, and as the work of evolving a definite working plan out of the transportation situation in Crook county progresses, the hope grows that Central Oregon's dream of a railroad will be realized in the very near future. That the people of Crook county are ready to co-operate in any movement to give them rail transportation is evidenced by the unanimity with which those who have been approached on the subject express their willingness to help, and with the Portland business interests in a friendly attitude towards any project which promises to open up the Central Oregon field to them, the plan for the extension of the Columbia Southern railroad seems sure of success.

Another meeting of the committee was held at Prineville last week, at which time the matter of opening up a subscription list was discussed. The final details of the plan have not been decided upon, but it was practically agreed to ask the people of Crook county to subscribe to the preferred stock of the company, payment to be made in labor, materials, supplies or cash. In this immediate section it is probable that payment in grain will be provided for. The preferred stock will be in shares of a par value of \$100, with 7 per cent dividends guaranteed, the stock to be redeemable by the company at 105 with accrued dividends. Payment for the stock will be asked in two instalments, and it will be arranged in the most convenient manner for the subscriber, consistent with a working basis upon which construction can be carried forward. This is a general outline of the plan, the details of which will be finally determined upon in a few days, so that the subscription can be started. As soon as sufficient responses have been secured to guarantee the success of the project, construction work will be begun and pushed rapidly to completion.

This week the company's right-of-way man, Mr. U. A. Wynn, is securing the right of way between this place and Lamonta. Frank Osborn went to Lamonta last Monday to meet Mr. Wynn, to go over the proposed line with him, and upon his return Tuesday evening he stated that the people of the Culver and Lamonta districts were exhibiting a very friendly spirit toward the enterprise and that no trouble would be experienced in securing the right-of-way. In fact, the people of that locality will assist in every way they can in the movement to extend the railroad. Mr. Osborn says that Mr. Wynn is confident the road will be built at once. The railroad will be extended along the old survey of the Columbia Southern, through the Lyle and Brown gap and on to Madras, on South from here through the Culver and Lamonta districts to O'Neil, from which point one branch will go up Crooked River to Prineville, while another branch will go to Bend.

The old survey out of Shaniko came down Ward's Creek, but it is said another route is being looked over, by way of Antelope, and the road may come that way. Mr. C. M. Redfield, chief engineer for the D. I. & P. Co., went over both proposed routes last week and also spent several days between Trout Creek and Antelope, looking after right-of-way matters. He and Mr. Howard, the general manager of the Deschutes company, are devoting their time and energies to working out the financial and engineering details of the proposed extension, and both of them are confident of the success of the undertaking.

## THREE MADRAS TEACHERS GO TO PRINEVILLE

The public school board has completed the list of teachers for the Prineville public schools for the years 1908-9. There are eight teachers and among the number may be found some of the best talent in the county. In the selection of principal there

could not have been a better selection made than that of P. C. Fulton of Madras. Mr. Fulton has a life certificate and has had many years of experience in the county.

The seven assistant teachers are: Elsie Osborne, Miss Hartwig, L. H. Arensmeyer, Elva J. Smith, Cora Ferguson, Alwilda Wilson and Cora Streit. —Crook County Journal.

The principal of the Prineville school and two of his assistants are Madras teachers. Prof. Fulton was formerly principal of the Madras school and last year taught on Agency Plains as teacher of the Branstetter school. Miss Elva J. Smith taught at Culver last year. She is a sister of Mrs. B. S. Larkin, who last year taught the primary grades in the Madras public school. Louis H. Arensmeyer, who lives here, taught the Sisters school last year.

## MADRAS VERY "DRY"—"DROUTH" DEPRESSING

Saloon Closed Yesterday Morning--The Price Of Water Is Not Raised.

Madras is dry. Not "a drop o' kindness" can be had in the village, save on the prescription of a practicing physician, and some of the old stagers are declaring that this "drouth" is the worst thing they have seen since the grass-hopper plague. And so it has come to pass that water is being used as a beverage in Crook county. Co-incident with the closing of the saloon, the proprietor of the public water station announces that he will not raise the price of water, and some relief is obtained from that announcement.

M. L. Loucks proprietor of the only saloon in Madras, closed the doors of his establishment last Tuesday evening, as the prohibition law went into effect on Wednesday. The door of the building bears a placard saying "Murdered by the prohis." On one of the front windows is another placard bearing the lines:

"Hush, little bar-room, don't you cry:  
You'll be a drug-store, bye and bye."

## THE PROHIBITION LAW

To Whom It May Concern:

In order that none may be ignorant of the provisions of the law regarding the disposition of liquor in prohibition territory, the Law and Order League authorizes publication of the following excerpts from the local option law:

Sec. 2, provides that alcoholic stimulants may be sold as medicine in case of actual sickness, "but such stimulants shall only be sold upon the written prescription of a regular practicing physician, dated and signed by him, and certified, on his honor, that he, the physician, has personally examined the applicant, naming him, and that he finds him actually sick and in need of the stimulant prescribed as medicine; PROVIDED, that a physician who does not follow the practice of medicine as a usual and principal calling shall not be authorized to give the prescription provided for in this section; AND PROVIDED FURTHER, that no person shall be permitted to sell more than once on the prescription, nor shall any person be permitted to sell at all on the prescription of a physician not herein authorized to give it nor on a prescription which is not dated, signed and certified as above required; PROVIDED, that every person selling such stimulants upon the prescriptions herein provided for shall cancel such prescription by endorsing thereon the word 'canceled' and the date of cancellation, and shall file same away."

Sec. 15, also provides that any person who shall "sell, exchange or give away, with a purpose of evading the provisions of this law, any intoxicating liquors whatsoever, or in any way violates the provisions of this law, shall be subject to prosecution by information or indictment, and shall be punished by a fine of not less than \$50 nor more than \$500, or by imprisonment in the county jail for not less than 10 nor more than 30 days, or by both fine and imprisonment. If any person shall be convicted a second time for violating any of the provisions of this law, such person shall be punished for such second and each subsequent violation of the law, by both such fine and imprisonment."

Realizing that, in order to obtain the benefits of prohibition, the law must be enforced, to further this end, the Law and Order League offers a standing reward of \$25 for evidence leading to each and every conviction.

By order of the Law and Order League of Crook County.

RAY V. CONSTABLE,  
Prineville, Oregon. Secretary.

## TEACHERS ELECTED FOR MADRAS SCHOOL

School Will Be One Of Best In The County

## PROFESSOR W. R. COOK --MISS CLARA HORNEY

Selected For Intermediate And Primary Grades--Ninth And 10th Grades Will Also Be Installed.

Two of the teachers for the ensuing term of the Madras school have been selected by the board of directors out of the numerous applications filed with them. The two elected are Professor W. R. Cook, who will teach the 5th, 6th, 7th and 8th grades, and Miss Clara Horney, who will teach the first four grades. Both of these selections were excellent and they meet with general approval from the patrons and friends of the Madras school.

Prof. Cook has had a number of years experience in teaching in this state, and for several years past has very successfully taught the Culver and Lamonta schools. The patrons of those schools speak very highly of him.

Miss Clara Horney, who was selected to teach the primary grades, is the daughter of Mr. and Mrs. J. H. Horney of this place, and her election as one of the teachers of the Madras school is very gratifying to her friends and to the patrons of the school. Miss Horney is a graduate of the Crook County High School, where she carried off the high honors of her class. Among the honors she won was the scholarship awarded by Whitman College, which she won by her high rank in her classes. In both of the past two years Miss Horney has also won the gold medal in the High School declamatory contest.

The principal of the Madras school, who will also teach the 9th and 10th grades which were added this year, has not yet been selected, although a number of applications for the position have been filed. In making the selection the directors say that they have in view the purpose of placing the Madras school in the front rank among the schools of the county, and they are giving careful consideration to the various applications filed. The patrons of the Madras school are assured that with the 9th and 10th grades added, the school will be maintained on a high standard, second to none in the county.

## MADRAS BALL TEAM WINS TWO GAMES

Wins From Warm Springs And Agency Plains Teams.

The Madras baseball team has redeemed itself by winning two straight games, which by the way are the first victories pulled down by the local nine this season. The first game was played last Saturday with the team from the Warm Springs agency, and it resulted in a score of 5 to 3 in favor of the Madras team. The second game was played Sunday afternoon with a team from Agency Plains, the Madras boys having an easy victory in this game, by a score of 21 to 7.

The game with the Indians on Saturday afternoon was an interesting exhibition of the national game, both teams putting up a good game, as is evidenced by the score of 5 to 3. The Indians played an exceptionally good game of ball and the team work was good, but they were poor hitters or the score might have been different. This game was a return game for the one played between Warm Springs and Madras on Friday of the preceding week, and in the first game the Warm Springs boys beat the Madras team by a score of 9 to 4. A large number of people turned out to see the game Saturday afternoon, a good big contingent of Indians coming over to "root" for their home boys.

Madras won her second game Sunday afternoon in a game with the team from Agency Plains. Neither team had a full list of their regular players and the game was not a fair test of strength between the two teams, although with the line-up they had it was an easy victory for the local nine.

TO WATER USERS.—Rates for water will not be raised. This statement is made to correct a contrary report being circulated.—J. C. Waymire, Madras.
