BAD FLOOD IN SOUTH

Fire Follows Deluge at Augusta, **Causing Heavy Damage.**

LOSS WILL REACH HALF MILLION

Three Deaths Are Reported-Union Depot Inundated to Depth of Ten Feet.

Atlanta, Ga., Aug. 27 .- A long distance telephone message from the Associated Press correspondent from Augusta says that the city is completely under water. In the down town portion business houses, telegraph offices and newspaper offices are completely demoralized.

There were three deaths in Augusta yesterday, two white people and one negro.

The damage, it is estimated, will reach half a million dollars.

At 8:30 last night it was learned through the single wire of the Georgia Railroad company, working partly into Augusta, that the large cotton warehouse and the wholesale grocery warehouses of the Nixon company were burning.

The union depot is under ten feet of water, and in the best residence district the water stands six feet deep and is slowly rising.

The report of the fires in the Nixon warehouses cannot be confirmed. telegraph operator said he could not get near enough on account of the water, but that the fires were burning in the vicinity of the big warehouses.

The floods in the Carolinas and Georgia culminated in the breaking of the big dam six miles from Augusta, which diverts the water from the Savannah river into the canal at that point. The great flood of water let loose soon found its way into the city, and last night, from Fifteenth street to the Eastern boundary, Augusta was under from six to 12 feet of water, which is gradually rising.

FIGHT TO REGAIN TRADE.

San Francisco Merchants Will Organize Traffic Bureau.

San Francisco, Aug. 27.-An aggres- mense help. sive commercial campaign to recover trade lost to the merchants of San Francisco through the alleged indifference, neglect and lack of concerted action, was decided upon today at a the money is forthcoming at a fixed meeting of the trade and commerce date." The heavy heavy frosts which will be a central organization municated with the French police. coupled together and taken to Kamela in the early spring will cause the yield

WATERS RECEDING. Augusta Damage May Approximate

Million Dollars, Augusta, Ga., Aug. 28.-Flood wa-

ters at Augusta began receding this afternoon. They reached the height of 40 feet, probably as high as the flood of 1888.

Rain has ceased in the upper valley and there is no danger of further loss The loss approximates \$750,000 to \$1,-000,000 and consists of damage to stocks of goods and private property, destruction of the wagon and railroad bridges across the Savannah river and breaks in the canal banks. There are dependent on the canal for power eight cotton mills.

While the flood was at its height five fires broke out. The McDaniel builders' material establishment, North Augusta, burned. A train of 40 cars belonging to the Southern railway burned in Hamburg. Nixon's lime, cement and hardware house and a huge quantity of lumber belonging to the Georgia railway, at the Georgia railway yards, were burned. The Augusta Railway & Electric company cannot run their cars for three days.

No power plants are in operation; the telephone lines are not doing business; the railroads are accepting no passengers. The water service is crippled, but intact. The gas company service is impaired, but not shut down.

There have been 10 to 15 drownings, mostly negro laborers. From the northwestern section of

the city the waters will not recede for two or three days. Tonight is a night of tension. Missing men and families are being reported.

The Augusta Chronicle got out its Thursday edition in abbreviated form at 9 p. m. The Augusta Herald, an afternoon paper, could not publish Wednesday or Thursday.

TRIES GAME ON ROOSEVELT.

Reports of damage from points in Reports of damage from points in South and North Carolina are coming in slowly. Bridges have been washed away in South Carolina along the Southern Railway, and until midnight last night it was impossible to secure communication with any point out o Atlanta. In Augusta, the principal suffering is along deep guilles kown as Bridwells Bottoms and Perrys damaged business blocks in the city and the total damage in this city will be a million and a half dollars. It is not expected that the loss of life will be increased. Most of the killed by high water were caught in their homes

on the outskirts of the city. There are many rumors of others killed, but these have not been very fied. In South Carolina the loss of life will reach probably 20. In North Carolina possibly half a dozen white and as many negroes have been killed. The flood water at Augusta is re-

ceding rapidly, and it is apparent that the loss has been underestimated.

LARGE MOB BILL.

Springfield Victims Begin Their Suits Against City.

Springfield, Ill., Aug. 29 .- The wife Scott Burton, the first maro lynched in the recent riots here, has made no attempt to settle with the city for the death of her husband heretofore, but today filed suit for the \$5,000 which the law allows to the heirs of persons who are killed by mobs. It is announced also that a similar suit will be filed by the hera who was lynched.

The heirs of four other negroes killed during the rioting cannot obtain the money because they were killed by stray bullets or in open battle, and were not slain by the mob. Property owners continue to file suits for damages aganist the city, and

them to regain the territory taken first offender's law. away by other cities, particularly Los Angeles.

POSTPONE EXPOSITION.

Japanese Public Clamoring Against Vast Expense.

Tokio, Aug. 27 .- The unpopularity of President Kaneko, of the Tokio exposition, has caused difficulties which may result in the postponement of the great exposition, which is now set for be many times more valuable, because near Grand Ronde and is now working 1912.

The people are clamoring against the methods of Kaneko in spending great sums of government money and the reports of the postponement have been so frequent that today the minister of agriculture and commerce found it necessary to issue a formal denial. He said the exposition would be held at the time set, but even this assurance is not sufficient to quiet the reports.

The strained industrial and financial situation in Japan is the matter uppermost in the minds of most of the people and there is a widespread feeling that the government chose a poor time to go to the enormous expense of holding the first great world's fair in the burning of one of these carpets. Orient.
