FIRES CLAIM VICTIMS

Flames Devour Michigan Train **Lremating Fifteen.**

WILD EXPERIENCE OF SURVIVORS

Death Comes to Women and Children Before They Can Escape From Derailed Train.

Alpena, Mich., Oct. 17.-Fifteen people lost their lives Thursday night in the burning of the Detroit & Mackinaw railway relief train, which was carrying the inhabitants of the little village of Metz, 23 miles north of here, to safety from the forest fires which were sweeping away their homes. The ill-fated train ditched by spreading rails at Nowicki siding, a few miles south of Metz, and the terrified refugees wer forced to abandon the cars and rush for safety either down the track with burning forests on either side, or into the plowed fields near the siding.

Eleven of the victims were women and children, who were unable to escape quickly enough from the gondola car they were occupying. Their charred bodies were found there yesterday, when rescuers reached the scene. Two of the men victims were members of the train crew.

Four additional fatalities occurred in the neighborhood of the wreck.

When the forest fires closed in about the little village, a special train of three empty box cars and two coal gondolas was rushed to Metz. As rapidly as possible the people and their goods were loaded into the cars. Some refused to abandon their goods, or the train might have left earlier, and have reached Al-pena in safety. When the train finally started there were about 100 frightened people aboard.

The suvivors of the frightful experience seemed dazed from the perilous surroundings. They seemed to think of nothing but the necessity of running to escape the menacing flames. It was difficult to get any coherent statement from them as to loss of life in the wreck or as to whether any people had been left behind in Metz.

ABANDONS COFFEE CORNER.

Brazil Will Borrow \$75,000,000 to Save Big Losses.

New York, Oct. 17.-After having sustained a loss of \$1,000,000, Brazil has abandoned its attempt to corner the world's coffee market. For two years the government of Sao Paulo, the chief state of Brazil, has been purchasing coffee from its planters to keep up the price, now having on its hands 8,000,000 bags of coffee. According to advices received yesterday in New York, a loan of \$75,000,000, which is necessary to take care of the present huge accumulation, is soon to be offered for public

The corner is regarded as one of the most interesting, but foolhardy financial experiments ever attempted. Bumper crops have followed one another, and in 1905 the harvest returned 20,000,000 bags, a surplus over the entire world's requirements of 2,000,000 bags. Then the scheme of cornering the market was planned. In two years Sao Paulo had purchased from planters 8,-000,000 bags, at an average cost of \$10 a bag, which was more than double the market price.

Money thus spent was borrowed in the United States at high interest. Now the various loans are to be consolidated into one of \$75,000,000.

SMUGGLING IN CHINESE.

Organized Gang at Work on British Columbia Border.

Seattle, Oct. 17.-What is believed by government officials to be a new gang of men engaged in smuggling Chinamen into the United States from British Columbia is now operating on such an extensive scale that immigration officials are greatly worried.

The cases are coming so fast that it United States District Attorney Elmer brigands. E. Todd yesterday morning. "It looks Several E. Todd yesterday morning. "It looks Several skirmishes, as a result of as if there was a well-organized and China's stand, have resulted, and it will well-disciplined gang of Chinese smugglers at work, such a gang that we be-lieved had been entirely broken up."

Men who smuggle Chinamen into the country often receive \$500 for each man.

Nine Towns in Danger.

Sault Ste. Marie, Mich., Oct. 17 .-Forest fires last night were burning around nine small towns in Chippewa county. West Neehiah was saved yes-terday only by a shift of the wind. The lighthouse crew at Point Iroquois has asked for help, and the tug Aspen has gone to its relief. It is reported that settlers along the shore of Lake Superior are camping on the beach. Vast tracts of hardwood have been burned. As yet there is no indication of the heavy rain needed to relieve the situation. So far no fatalities have been reported in this

PLANS DRASTIC ACTION.

Castro Will Shoot Every Revolutionist as Traitor.

Caracas, Venezuela, Oct. 16.-That the members of any revolutionary movement initiated during the prospective blockade of the Venezuelan ports will be immediately shot as traitors to the country, if captured, is reported to be the present determination of President Castro. This is his answer to the rumors and newspaper reports circulated to the effect that under the cover of Dutch guns a revolutionary movement is about to be undertaken to overthrow the Castro government.

The one topic of conversation in Caracas today is the coming answer to Holland's second note, which has been reported to have set November 1 as the date for the annulment of Castro's trans-shipment decree, which has been o obnoxious to the people of Curacao.

Venezuela's answer is being prepared with great care. It is believed that in it will be set forth the reason why the Dutch demand cannot and will not be accepted or acceded to.

The danger to Venezuela today is not in the strength of Holland's cause, because it is conceded that the Netherlands government has no casus belli. On the contrary, Holland, it is asserted, has the weakest case of any of those nations now at outs with President Castro, but there are several nations, especially the United States and France, it is said, who would be glad to see Holland pull their chestnuts out of the fire, and these countries would probably stand by Holland.

GO BACK TO 1872.

Government Reveals Past Record of Gunpowder Frust.

New York, Oct. 16 .- Further testimony, through which it was sought to establish the existence of an illegal combination of gunpowder manufacturers. was introduced yesterday at a hearing before Special United States Commissioner Maheffely in the suit instituted and copies can be obtained there. by the federal department of justice against the so-called powder trust. This action, directed against the E. I. Dupont Nemours Powder company, and 71 other defendants, charges them with securing control of practically all the powder mills of the country and conducting them as one great concern in defiance of the Sherman anti-trust law.

The greater part of the time at yesterday's hearing was taken up in placing on the record the "compendium of rules" and the fundamental agreement which governed the old Gunpowder Trade association. These documents were produced by Alexis I. Dupont, secretary of the Dupont company.

By the presentation of these documents the government is endeavoring to establish the existence of a combination of powder manufacturers from 1872 to 1902, known as the Gunpowder Trade

Attorneys for the Dupont Powder company made no objections to the admission of this line of testimony, because of their claims that such association or trade agreements ceased to exist with the year 1902, when the present Dupont company was organized and purchased the powder mills now owned by the

OREGON STATE ITEMS OF INTEREST

SCHOOLS SHOW DECREASE.

Records Show for 1898. Salem-Though the school population of the state has increased nearly 30,-000 in the past ten years, there are a few counties in the state that show an actual loss in number of children during that period. Linn county, for example, has dropped from a school population of 7,209 in 1898, to 6,568 in 1908. Curry county shows a decrease Cheeks and constitute about half the dent Castro by acknowledging the from 744 to 626 in the same time. crop grown at Mosier, all of which gravity of the offense committed by Tillamook had 1.695 children of school will be handled this year by the asso. M. De Reus and saying that The Tillamook had 1,695 children of school age in 1898, but reports only 1,593 in 1908. Douglas county has remained almost stationary in school population. A number of counties show but a

comparatively small increase. Sherman and Gilliam counties report a decrease, but this is due to the fact that Wheeler county has been formed out of portions of those counties in the last ten years. Nearly half of the total increase in school population is due to the increase in Multnomah county.

Douglas' Fine Apples.

Roseburg. - James B. Smith, of Winstons, residing on the Umpqua river, five miles south of this city, sold his enormous crop of apples for \$2,400 an acre in the orchard, a rate of \$2 per box. This is believed to be the highest price paid for apples any-There are several more orchards in this county that have record-breaking crops this year, and when marketed will bring almost as high a price as this orchard. Douglas county is not only growing fa-mous for its apples and strawberries, but for its crops of peaches, prunes and pears. The lands remain as cheap as those of other sections of the state, some of the best river-bottom lands on the market being held at \$250 to \$600 per acre, in bearing fruit.

Scarcity of Sheep.

the sheep in the county, passed through Klamath Falls this week from his feeding grounds in the and states that there are only about 100 000 sheep in Lake county.
