

News at Madras.

Mr. and Mrs. John McTaggart returned Monday evening from Portland. G. Springer was in town yesterday and today straightening out accounts for the Grizzly Lake Lumber Co. Regular services morning and evening at the M. E. church next Sunday. Sacrament of the Lord's Supper will be served at the close of morning service.—G. R. Morthhead, pastor.

Mr. and Mrs. John Drumm of Paisley are in town this week visiting their daughter, Mrs. A. S. Phillips. Mr. and Mrs. Drumm are among the pioneer settlers in Lake county in the Paisley neighborhood.

William Brownhill was in town Tuesday from his farm on the North end of Agency Plains. He says there will be a meeting at Froespring schoolhouse Friday evening, Nov. 20, to organize a literary society. All interested are invited to attend.

Howard Turner, who had a long siege of typhoid fever at Prineville, has almost completely recovered from his illness. He and Mrs. Turner have been at Culver during the past week, visiting at the home of the latter's parents, Mr. and Mrs. Perry Read. They came down from Culver yesterday and visited friends in Madras.

Mrs. B. S. Larkin has been in The Dalles for two weeks or more attending at the bedside of her brother, Frank Smith, who is very sick in the hospital at that place. Mr. Smith came out from Kansas to visit his relatives in Oregon and was in Madras for a short time. He became ill during his visit here, and was taken to the hospital at The Dalles. Another sister, Miss Elva Smith, who is teaching in the public school at Prineville, has also been at The Dalles with her brother for a portion of the time.

A. M. Drake, founder of the town of Bend and one of the pioneers in the irrigation business in that section, was in Madras yesterday on his way from Portland to Bend, where he still has large interests. He was traveling through with Roscoe Howard, manager of the D. I. & P. Co., who was also returning from Portland. Mr. Drake has just returned from a tour of the European continent, where he and Mrs. Drake spent the past year visiting the principal points of interest. Mrs. Drake is now visiting her old home in Minnesota, but expects to join Mr. Drake in Portland in a few weeks.

Gillis Disney has recovered the team of bay ponies which he lost several months ago, and which he had despaired of ever seeing again. The team got out of the pasture at the Disney ranch on the Deschutes and as no trace of them could be found, it was believed that the horses had been driven out of the country. Last Friday afternoon E. S. F. Newcome of Shaniko phoned to Madras that he had found the ponies, and John T. Disney went over to Mr. Newcome's ranch and got them. Mr. Newcome had found them on the range near his place, and knew them from a description which Mr. Disney had sent him some time ago.

DEATH OF MRS. HENRY WILSON
Died, Wednesday, November 4, 1908, Mrs. Hubble Wilson, wife of Henry Wilson of this place, at the age of 46 years. Mrs. Wilson had been a resident of this section for the past four years, having formerly resided in Iowa. She was the mother of 11 children, eight of whom survive her, and who with her husband and a host of friends, mourn her untimely death. The remains were laid at rest in the Madras cemetery last Thursday afternoon in the presence of a large concourse of sorrowing neighbors and friends.

A Good Clubbing Offer
We have arranged for a clubbing rate with the publishers of Campbell's Scientific Farmer and are able to offer it to our subscribers for only 50 cents in addition to the subscription price of the Pioneer. This offer applies to both new subscriptions and renewals of old subscriptions. The Scientific Farmer is edited by Mr. H. W. Campbell, the originator of what is known as the "Campbell system" of dry farming. His magazine is filled with useful information for the farmer in sections where the rainfall is deficient or irregular, and every farmer in this section should be a subscriber. The regular subscription price is \$1 per year.

MICRO
ITCHING SCALP DANDRUFF AND FALLING HAIR

are but outward signs of the evil done in secret by myriads of dandruff germs sapping the life blood of the hair. Micro kills the parasite, soothes the itching scalp, gives lustre to the hair and stops it falling out. A single application gives relief and proves its worth. Save your hair before too late. Micro prevents baldness. It is a delightful dressing for the hair, free from grease and sticky oils. Ask your druggist for free booklet.
