OCTOPUS ACQUITTED

Charge of Receiving Rebates Not Proven by Government.

ATTORNEYS ARE DISHEARTENED

Jury Acquits by Order of Judge-Decision of Appeal Court Makes Conviction Impossible.

Chicago, March 10 .- "Not guilty." This is the result reached yesterday in the government's famous suit against the Standard Oil company of Indiana. The suit wherein the defendant company at one time faced a fine of \$29,-240,000 at the hands of Judge Landis on a charge of having accepted rebates from the Chicago & Alton railroad, came to an end abruptly. Judge An-derson, before whom the case was brought after reversal by the United States Court of Appeals, instructed the jury to find a verdict of not guilty.

Judge Anderson's decision was not altogether unlooked for, he having previously announced that the proof relied upon at the first trial was incompetent and it was with something of Attorney Sims and his assistants attempted to show the admissibility of the Illinois classification to prove the existence of a legal rate of 18 cents. This was a vital point in the government contention. Assistant District Attorney Wilkerson admitted that the prosecution could not supply the proof deemed necessary and suggested dismissal. John S. Miller then moved for an instruction verdict of not guilty. This was ordered.

As to whether prosecution on seven other indictments still pending against the company will be instituted, Mr. Sims would not express an opinion, stating that this rested entirely with the attorney general.

WOOL STORAGE HOUSE.

Growers Form Company and Start Building at Chicago.

Chicago, March 11 .- The election of officers of the Warehouse & Storage company, and the laying of the corner stone of an immense warehouse, which, when completed, will accommodate 25,-000,000 pounds of wool, were two steps taken today in a movement to make this city the wool center of the world.

J. E. Cosgriff, of Rawlins, Wyo., was chosen president; A. G. Leonard, Chicago, vice president; R. B. Thomp-

Remaining Standard Cases Desperate -Rebate Law About Dead.

SMALL HOPE IN TENNESSEE.

Washington, March 12,-The officials of the department of justice today again declined to discuss what further action woud be taken by the government with respect to the several other criminal cases against the Stand- Government Will Stock Klamath Resard Oil company for accepting rebates now pending in the courts for the Northern District of Illinois. It is understood, however, that Messre. Wilkerson and Sims, the government attorneys, will come to Washington within the next few days for a conference with Attorney General Wickersham, when it is presumed a course of action will be decided on.

The decision of the court in the \$29,-240,000 fine case leaves still pending in the Chicago District court three double cases, in which two separate grand juries have found indictments. These three double cases are understood to be similar, if not identical, with the case decided yesterday.

Consideration already has been given by government counsel to the case of the United States against the Standard Oil company, which shortly is to come to trial at Jackson, Tenn.

The indictment in that case contains 1,500 counts, the specific charges being that the Standard shipped from Whiting, Ind., to various points in the South 1,500 or more carloads of oil on which concessions in rates were made by the railroads.

The decision of the Circuit court a Chicago is not binding as a matter of an air of hopelessness that District law on the Tennessee judge, who may try the case, as he is not in the same circuit, but it is considered likely that he may follow the Chicago court so far as the two cases have similarity. The Tennessee case probably will be heard by Judge John E. McCall, of the western district of Tennessee.

WIRELESS TELLS OF WOE.

Atlantic Stations Pick Up Fragments of Appeal for Help From Sea.

Boston, March 12. - Another sea tragedy has been revealed to naval operators at the government wireless stations at Charleston navy yard and Newport by fragmentary messages received through the ether. Whether the breaks in the message are caused by the distress on board the vessel sending them or not is not known. Disastrous Effect of Tornado Which Swept Brinkley, Arkansas.

Brinkley, Ark., March to people were State Treasurer Christiansen Brinkley, Ark., March 10 .- Thirty injured and property worth \$1,000,000 was destroyed as a result of the tornado that wrecked this town. Two and One-Half Townships to Be

The tornado shrieked above the city only a few minutes, but its work of CONFESSES, THEN GOES TO I olic church, standing directly in the path of the storm, alone escaped damage. It has been converted into a

hospital.

The prnicipal streets are impassible and are piled high with wreckage. Every business house is in ruins and there is hardly a home that has not been damaged. All the hotels were demolished, but the guests escaped.

Relief squads have been at work at day caring for the dead and injured. The Rock Island and Southwestern (Cotton Belt) railroads have placed cars at the disposal of the local relief committee and many people are leaving Brinkley, seeking temporary refuge at other points nearby.

Governor Donaghey arrived from Little Rock this afternoon in response to a call from the citizens' committee. Hundreds of people are homeless and are wandering about, seeking a temporary abode. Three special trains arrived from neighboring towns today, bringing relief workers, physicians and nurses.

Mass meetings have been called for tomorrow in Little Rock and other citics to raise funds for the storm victims.
