The aviator left the French shore at 4:30 and within a few minutes sighted the white cliffs of the English coast. He descended gracefully in the North Fall meadow, behind Dover Castle, at

4:53 a. m. M. Bleriot looked little the worse for his hazardous trip, although his foot was burned by petrol. This gave him

to an automobile which was waiting. He drove to the Lord Warden hospital, where he was greeted enthusiastically. A French torpedo boat destroyer followed the aeroplane, but so swift was the speed of the machine that the destroyer was soon left far behind. Although the start was made in calm weather, the wind soon rose and a strong breeze was blowing at the time of the descent, making the perform-

ance all the more noteworthy. The French torpedo boat destroyer rived at Dover at 6:50 with Bleri wife and a party of friends on board. By his achievement Bleriot wins the

special prize of \$5,000 offered by the London Daily Mail.

The riots started when a mob broke up a mass meeting in Delgado theater in the interest of the re-election of President Diaz. The orators were stoned in streetcars, carriages and automobiles in which they rode.

Mobs paraded the streets crying: 'Down with Diaz!" "We want Reyes!" A barricade was erected and many shots were exchanged. Eight policemen were wounded.

Considerable American property was destroyed and two Americans were wounded. The Americans have asked the American consulate for protection. The Hotel Garcia, which was wrecked by the mob, was leased by an American, and he has put in a claim for damages.
