

# Depot Addition TO MADRAS, OREGON

THIS ADDITION is the best located land around Madras and is destined to be the Business Center of the City. The land lays perfect for townsite purposes and by actual measurement only 600 feet of the OREGON TRUNK PASSENGER DEPOT. Depot Addition adjoins the present business center, laying between same and passenger depot.

## Madras Should Make the Largest Town in Central Oregon

First—It has from 300,000 to 400,000 acres of of the very best land in the state which surrounds the town.

Second—The country to the Northeast and East will ship from this point, this being the first place the road strikes the plateau after leaving the Deschutes canyon.

Third—Only 2100 feet elevation, the lowest point of the Deschutes table land.

Fourth—It seems certain the Rounds & Rogers Co. will irrigate 150,000 to 225,000 acres in the Madras Country.

MADRAS will be the largest town in Central Oregon (a city of 10,000 people in 10 years)—DEPOT ADDITION, the best of Madras. Why not buy in DEPOT ADDITION when lots are selling from \$50 to \$250 per lot; 1-5 cash, balance equal payments—3, 6, 9 and 12 months—where you will be able to double your money before second payment is made. This is strictly a legitimate proposition. The lots are from 30 to 50 per cent cheaper than any other lots in Madras similarly located.

We will begin sale Friday morning, April 1, 1910. We will sell 50 of these lots at the present price, immediately after which we will advance the price.

Those wishing to sell their ranches, call and see us. We have outside connections and will sell much land the coming summer.

Temporary offices in John Robertson's New Store; after the 15th in the postoffice building, Madras, which will be our permanent quarters.

We will give a hotel site to the proper party intending to build
