City Recorder J. H. Jackson could not wait any longer, so last Saturday afternoon boarded the Warm Springs stage and went down to the Disney ranch to try the fishing. He was armed with a fishing license and a likely looking riggin', but he reports the river was too muddy yet to catch any redfishes.

Thomas Alderdyce was in from his home near the new townsite of Opel City last Saturday. William Morfitt, representing the townsite company, is now on the grounds, and Mr. Alderdyce believes that development of the property is to commence soon. He says it is rumored that the Oregon Trunk has acquired an interest in the townsite.

Will Barber was in from Culver Saturday and Sunday to attend the 'hop' and the ball game. He says that the item in last week's Pioneer about the change in the railroad survey through his townsite was a mistake, and that the report started from a misreading of the land for the railroad right of way through the property. The plats for the new townsite will be presented at the next term of county court.

A. S. Phillips returned from Alberta Saturday and is arranging to remove his family to their new home there. Mr. Phillips and his family were among the first residents of this locality, and Mr. Phillips has been one of the foremost workers to demonstrate the possibility of profitable farming in this section. He acquired from John Palmehn a large portion of the ranch which he formerly owned adjoining the townsite on the east and homesteaded another part of it. By the construction of a storage reservoir on Willow Creek he brought much of the land under irrigation. This land has come to be known as the Bonny View ranch, and has been purchased by the Land Co., of which V. D. Williamson of Spokane is the head. The good wishes of many friends will follow Mr. Phillips and his family to their new home.

The new suits of the Madras baseball club arrived Saturday evening and were put into service last Sunday. Although our team didn't win the game it was no fault of the suits nor disgrace to them either. The uniforms are gray, with black trimmings, black belts and stockings, with the word "Madras" in black letters across the blouse.

The Ladies Industrial Society of the Christian church conducted an ice cream booth last Saturday on Main street. Their excellent cream found ready sale and the receipts amounted to about \$30. The expenses of the sale were light, leaving a snug sum to go toward helping to pay for the construction of the new church building. These ladies have pledged \$100 for that purpose.

Little "Buster" Shiro, Monday took a drink of coal oil, thinking it was water and in consequence was a pretty sick boy for a time.
