

THAT MONSTER IN CRESCENT

The following Eugene dispatch to the Oregon Journal of recent to complete the appraisement of its date shows that the minds of people dearly delight in the continued belief in something mys- the running of excursions of settlers terious and unlikely. This sea- until after the Deschutes, the Oregon serpent story connected with Trunk and the Boise & Western rail-Crescent Lake has had prominence every summer for the past several years:

Portland physician, and R. L. Lamson, clude an estimate of all the waters of also of Portland, while at Crescent the territory which may be subject to Lake, a large body of water near the appropriation and surveys to ascertain summit of the mountains, 100 miles what beneficial use may be made of east of Eugene, a few days ago, saw them. the great seaserpent. or something of the kind, that has been in the waters of the lake for many years. They took give cousiderable attention to the prob-25 shots at the creature with a rifle, but they either failed to hit it or the The Harney Valley, and in fact all the bulletts had no effect, for the monster valleys of Central and Southern Oregon simply glared at them with his big are underlain with sheets of water round eyes and leisurely glided into gravel which can be tapped at shallow deep water.

The monster was seen by two Eugene men five or six years ago. They there is a chance to place a great many describe it as having a head as large additional settlers on the lands of this as that of an ox and its eyes are as big state. We are endeavoring to solve all as a silver dollar. It seems to have a of these problems before we begin an long body and tail. It has been seen active campaign for settlers." by a number of others during the past

few years, but not often. The Indians who formerly roamed that section of FREE STATE SCHOOL the country, have a tradition about the creature, and judging from this, it must have been there before the white man ever came to this part of the country.

Dr. Wood aud Mr. Lamson outfitted

offices in the new Railway Exchange building in Portland. Mr. Marvin was at one time the state

land agent for Idaho, and has for many years been connected with the larger timber land companies of the Northwest. He is an expert on irrigation. "The company has not yet been able large purchase, "said Mr. Marvin. "We

are endeavoring to have an inspection made of every acre, and will not begin roads shall have opened their lines to travel

"Just at this time our concern is having an investigation made of the irriga-Engene, Or., Sep. 8.-Dr. Wood, a ble lands in our district. This will in- Complete tract index to all land and

and then went south to Crater Lake and are being made ready for occupanand Medford, shipping their team and cy. Those formerly occupied have wagon from there to Eugene. They been transferred to the State Sanitarireturned to Portland from Medford by um for the Treatment of Tuberculosis. D. W. BARNETT The new school plant is modern in tram.

The writer spent a part of the every respect, and is most conveniently summer of 1909 at Crecent Lake and at other points in that region and our party heard varied tales of the monster of the lake. While camping at Davis Lake at the deaf children who come to it withthe Forest Ranger Station, we met Ranger Roy Kern of Eugene, who told us that he had literary and industrial training. seen the monster at least eight times, once at very short range, and that it was no monster at all-but was a great school of small fish swimming near the at the proper time. Thus these chilsurface of the lake. Sometimes dren are compelled to lose valuable he said that the school would be a hundred feet or more in length and other times less than 50 feet, He said there is s great similarity in verbal language, cut off from social in the motion of the fishes swim- converse, mentally and spiritually ming in a body and the motions of a serpent, but that the stories concerning a large animal, "with ing person, and surely no missionary, a neck 15 feet long," "With a or social, or civic duty was ever more head as big as an ox," "and sacred than that of seeing that there are as few cases as possible. Especially glaring eyeballs the size of a dolso, as the state provides FREE every lar, "are all purely the results of facility for the prevention of such disimagination, in his opinion. astrous results. Full information regarding the school can be had by ad-dressing the Superintendent State

If there is a monster in Crescent Lake, far be it from us to School for Deaf, Salem, Oregon. detract anything from his reputation. But Mr. Kern has seen the "serpent" probably more than any other individual, and he says it is a school of fishes. A little truth and common-sense injected into some of these "pipe dreams," often spoils a good story.
