

Personal and Local

Messrs. Brock, Rice, Church and Standford of Haycreek, were over and celebrated "Railroad Day" at Madras.

J. J. Hinton and family returned Friday from Willamette Valley points, where they have been visiting friends and relatives.

Supt. C. C. Covey, and Andrew Larsen were over from the Warm Springs Agency yesterday attending the festivities of Railroad Day.

L. F. Rice was down from his ranch at Lower Bridge Wednesday in attendance at the celebration of Railroad Day in Madras.

Robert F. Armstrong returned the latter part of the week from Brownsville, Oregon, where he has been visiting at the home of his father and mother.

George Alexander came in from Portland Monday, and has accepted the position of foreman of the crew at work on the water system for the City of Madras.

An attraction that vied with the first train in entertaining the visitors yesterday was T. A. Taylor's catapillar engine which during a greater part of the day was surrounded by crowds watching its performances.

Ex-sheriff Frank Elkins and wife spent the latter part of the week in Madras. Mr. Elkins had charge of the autos which carried the Harriman officials on their trip to Redmond and Bend the early part of the week.

William Harper a former resident of Agency Plains, returned from Republic, Washington, where he has been making his home for several months past, and will look after his land interests in this section for some time.

Big Matthews, of Lang & Co., accompanied by Phil Cayples, made their regular trip into this section the early part of the week. These gentlemen state that they hope that it will be the last one they will have to make by stage from Shaniko.

Charles L. Davidson, representing the firm of Fairbanks, Morse & Co., came in on the train this morning from Portland, and will make estimates on the machinery to be used in the water and power plant, especially on a gas producer plant, which will generate the power for the operation of the pumps and electric light plant now under construction in this city.

Frank Cox, of Prineville, arrived in town Tuesday with a band of 1000 sheep that he expected to ship over the Oregon Trunk Line to Portland from Vanora, but arrangements have been made with the railroad company to load at Madras. The band will make four car loads and will be the first shipment of stock to leave the station over this line, in fact the first to leave Central Oregon from Madras, the "Gateway," by rail.
