Looking Down a Well. I never draw a pail of water from the well without an appreciation of its charm such as a country-bred man, i imagine, could never feel. He might gape at open plumbing, looking at it with his fresh country eye, where I should simply take it for granted; but I am afraid he never could fully experience what might be called the sentiment of a well, that delightful, inverted tower of darkness and damp ness and coolth. If there isn't such a word as coolth, there ought to be .-Atkinson Kimball in Atlentic.

Originality, People are always talking about originality; but what do they mean? As soon as we are born, the world begins to work upon us, and this goes on to the end. Housework Drudgery sousework is drudgery for the weak woman. She brush-

es, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of pain, possibly dizzy feelings. Sometimes rest in bed is not refreshing, because the poor tired nerves do not permit of refreshing sleep. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription.

It Makes Weak Women Strong and Sick Women Well.

This "Prescription" removes the cause of women's weaknesses, heals inflammation and ulceration, and cures those weaknesses so peculiar to women. It tranquilizes the nerves, encourages the appetite and induces restful sleep.

Dr. Pierce is perfectly willing to let every one know what "Favorite Prescription" contains, a complete list of ingredients on the bottle-wrapper. A VALUABLE SUGGESTION

Information of Importance to Everyone

A great deal of pain and suffering might be avoided if we had some know-ledge of physiology and the care of the body, particularly those parts that do the most work and should always be kept strong and healthy.

In an interview with a prominent physician he states that people should pay more attention to their kidneys as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich, heavy food, thereby forcing the kidneys to do more work than Nature intended, Evidence of kidney trouble, such as lame back, inability to hold urine, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious

trouble. An herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-
