### Fred Davis Re-Appointed **Postmaster**

Washington, March 2.-The Senate confirmed today the nomination of William Curtis, Postmaster at Marshfield, and Fred Davis, Postmaster at Madras. Oregon.

It is pleasing to note that the increase in the business of the Madras Postoffice has been brought to the notice of the 1906, made homestead No. 15308, Seri Postoffice Department, so that the rank of the office could be changed from a fourth class to a third class. In reality the change should have been made Howard W Turner, Unit-d States six months before, but owing to the great volume of business a change was not deemed advisable until this time.

Changing the rank of the office, necessitates a change in the incumbant of the office, and the re-appointment of Mr. Davis meets the approval of the public generally, who are patrons of the Madras office.

### **NEW TYPE AND NEW** PAPER FOR PRINTING

The Pioneer has a partial new dress this week. It might be likened to a petticoat or some of the nether graments, as you might have to look to find it, although a portion of the old dress is easily discernible, as we could hardly afford to discard all of the old clothes at once. But the Pioneer has just received some of the latest designs in job type and a lot of up-to-date paper stock, suited to almost any need in commercial printing; in fact, it is doubtful whether there is anoth-

er shop in Central Oregon which can equal its equipment for all kinds of job printing.

### OREGON PRODUCTS ATTRACT BIG CROWDS

Indications are for great movement of Homeseekers int Oregon's rich unsettled parts during 1911. Fruit Industry interests Central States.

"The way to get people into the Northwest is to take the Northwest to them." This is what President Hill of the Great Northern has done for Oregon by completely equipping a car with Oregon products and sending it on a 7,000 mile tour through the eastern states with traveling representatives in charge who are well versed on western conditions. The interest this car has created everywhere on its tour through Michigan, eastern Ohio and southern Indiana
