NEW KIND OF APPLE PIE Wear This Stylish Suit!

Use of Molasses as Sweetening Makes Dellalous Desert-Nice Hot or Cold.

Apple pie sweetened with molasses made as follows is delicious: Take a baking tin (ten by six) and about an inch and a half deep. Line with pastry in which a little soda and cream of tartar have been used. Leave enough around the edge to turn up over the top crust to keep the juice in. Fill with quartered baldwin or greening apples, a pinch of alispice and a large pinch of nutmeg. Use the molasses according to the size of the tin. Enough to sweeten. Shave salt pork just as thin as possible and lay over the apples, nearly covering them. Make a lew slits in the top crust, brush over with cold milk and bake very slowly three hours. Afternoon is the best time to bake, as the temperature is more even. When removed from the even cover with a cloth to stew a fittle while. The juice will be thick ike strup if just a sprinkling of flour is used. Nice hot or cold.

Limit of Trouble.

Three times on the run between Worthing and Shoreham the beautiful prima donna's nearly new car had broken down. Ultimately coaxing it to enter Brighton, the fair lady received in the hotel porch the solicitude of a sister artiste who had passed her on the road. "Much trouble with my car, dear?" she echoed, bitterly. 'Why, I couldn't have more trouble if I was married to the blessed

Can Courtship Be Cut? Let us see if there be aught which may be condensed. May we cut short the length of the courtship? Not in these days, for it requires more time than ever to amass means sufficient for marriage. Life Without Food.

How long is it possible to live without food? We have all read of a case not many years since, where some French miners were entombed for twenty-one days, and rescued alive ong after everyone thought they must be dead; of course they were in a very weakened condition, and required the utmost care before they were out of danger. This, however, is by no means the longest time that a human being is known to have existed without food, and in a recent issue of the British Medical Journal, there is the record of a woman suffering from cancer, who could take neither food nor drink of any kind, yet she existed in that condition for fifty-six days, and was, moreover, than all the others I have taken would in quite conscious till her death. In India the fakirs include among their wonderful performances abstention from food for a very long period, but when they do this they put themselves into a condition closely resembling sleep, and, of course, during that time the body is called on to perform none of its usual functions, and wasting of tissue is reduced to a minimum.

Art Criticism.

"I rather like the motif of that picture," said Mrs. Oldcastle, after she had carefully inspected the new work of art. "Yes, so do I," replied her hostess, as they were passing from the gallery, "only both me and Josiah thought the artist meant it for a cow." -Chicago Record-Herald.

Chicago, Ill.-"I suffered from a female weakness and stomach trouble, and I went to the store to get a bottle of Lydia E. Pink-ham's Vegetable Compound, but the clerk did not want to let me have ithe said it was no good and wanted me to try something else, but knowing all about it I insisted and finally got it, and I am so

glad I did, for it has cured me. "I know of so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound that I can say to every suffering woman if that medicine does not help her, there is nothing that will."-Mrs. JANETZKI, 2963 Arch St., Chicago, Ill.

This is the age of substitution, and women who want a cure should insist upon Lydia E. Pinkham's Vegetable Compound just as this woman did, and not accept something else on which the druggist can make a little more profit.

Women who are passing through this critical period or who are suffering from any of those distressing ills pe-culiar to their sex should not lose sight wriggle through the small lower open of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for fe male ills. In almost every community you will find women who have been restored to health by Lydla E. Pink ham's Vegetable Compound.

Sardine industry.

The sardine industry gives employment, in the Spanish port of Vigo, to 23,000 people, of whom 8,000 are women. The wages of the men range from 80 cents to \$1 a day and of the women from 25 to 35 cents. The value of the preserved sardines exported last year was \$2,203,500.

Good Reasoning. "I wish Cousin Jim and Miss Jones would get married," pondered eightyear-old Nadine. "'Cause, why, mamma?" "Oh, I don't like either of them, an' if they'd get married to each other an' go off on a long, long wedding journey, I wouldn't have to see any more of them, an' they'd ought to be happy. So it would be killing two birds with one stone!"

The Preacher's Trade.

If the minister knows nothing about politics let him keep clear. But if he knows, and knows what he knows, and how to say it, let him do that thing. His utterances then will trouble some brother of course. But what of it? To trouble human conscience is the preacher's trade,-The Continent.
