

SHANIKO MARSHAL HOLDS HIGH HAND

Tells Victim He Is Running the Town

MAKES TROUBLE TO ORDER

Incites Bartender to Attack Visitor In Order to Make Good His Boast To Get Him in Jail

In police court Tuesday morning City Marshal J. B. Doyle was accused by F. A. Block, a traveling man, of hiring George Sutton a bartender, to get into a row with Block so the officer would have an excuse to arrest the latter.

The accusation came at the hearing of Mr. Block, who had been arrested Monday night by Officer Doyle on a charge of disturbing the peace. City Recorder Loring, who was himself an eyewitness of the disturbance of which Block was accused, stated he did not believe the accused merited a fine, and refunded his bail money. Sutton did not appear for trial and forfeited \$6 bail money.

Mr. Block was explicit and positive in his statement against Doyle, and is prepared to prove it by at least three witnesses. He said Doyle had told him he would get him in jail before he left town, and lacking any legitimate excuse, offered Sutton \$5 and immunity from a penalty if he would "give Block a poke." This was known to several persons about town before the row occurred and the victim also knew it. When Sutton and a man named Williams made the attack on Block near the Columbia Southern hotel Monday evening the latter ran into the hotel office to escape the beating he thought he was about to get.

It was some time later, just as Mr. Block was about to retire to his room at the Shaniko hotel, that Officer Doyle came in and roughly grabbing him by the arm, led him to the city jail and locked him up, refusing until later to allow him to give bail. Sutton and Williams were not arrested. Williams, who has been a piano player in the bawdy houses of Shaniko, left town on Wednesday morning's train without any effort on the part of Doyle to arrest him.

Doyle did not see the row, and no one had requested Block's arrest, but in order to make good his boast, he locked up the innocent man anyway.

Block says that Doyle used abusive language toward him and was unnecessarily rough in placing him behind the bars, as he at no time resisted the officer.

Block told Doyle that he would call the attention of the mayor and the city council to his high-handed outrage, and Doyle boasted that it wouldn't do him any good, as he was running the town and the mayor and council would not interfere with him. He also told Block that he could not secure a warrant for the arrest of Sutton or Williams unless he (Doyle) ordered the recorder to issue it, and said these men would not be arrested. Block believes that Doyle gave Sutton the bail money which was forfeited.

Mr. Block's permanent address is Moro, Oregon. He states that he is willing and ready to appear before the city council of Shaniko, with witnesses, to substantiate the foregoing statements.—Shaniko Star.

Might Be Worse.
Horrid Mother—I just this minute saw Mr. Niecefellow's arm around your waist. It's perfectly awful. Repentant Daughter—Y-e-s, mother, but it would be a great deal more awful to see his arm around some other girl's waist.

SYMPATHY.
Give to the afflicted those words from the heart which temper the bitterness of tears. There are no sufferings which sympathy does not alleviate.

GRADES ON HIGHWAYS.

Three or Four Per Cent Slope Advisable For Heavy Traffic.

A 1 per cent grade on a road means a rise of one foot for each hundred feet of distance traveled up the hill. A 10 per cent grade means ten feet rise in each hundred feet so traveled. A 1 per cent grade, then, means that in traveling uphill one mile an ascent is made of 52.8 feet, while a 10 per cent grade means a rise in altitude of 528 feet in a mile. Accurate tests have shown that a horse which can pull 1,000 pounds on a level road can pull only 810 pounds on a rise of one foot in fifty, and on a rise of one foot in ten he can pull only 250 pounds. These facts show that the greatest load that can be hauled over a road is the load which can be taken up through the deepest mudhole. It is therefore advised that all highways traveled by heavily loaded vehicles should be kept within a 3 or 4 per cent grade if practicable. To do this may require a change of location to get around hills, always keeping in mind that the lower the grade the larger the load may be hauled and the cost of haulage kept at the lowest point.

Good roads are the earmarks of civilization, the emblem of intelligence, education and refinement, whereas bad roads are the sign of backwardness, indolence and indifferent citizenship.

ONE WAY TO BETTER ROADS.

Automobile Club Gives Free Drags to Farmers.

A plan inaugurated several months ago by the Manhattan (Kan.) Motor club has been successful in bettering the condition of the country roads in a radius of ten miles from Manhattan at least 50 per cent, and the plan is so inexpensive that the club is urging other towns to take it up.

The club gives a road drag to every farmer who will guarantee to use it to keep three miles of road in good condition. The club has given away more than forty drags and is getting calls for them at the rate of about four a week.

The club first made the offer several months ago. The farmers were slow in taking advantage of it, but a few days ago the club's president, Dr. J. D. Colt, advertised the offer in the local newspapers, and the result has been that the drags are being taken by the farmers as fast as the club can get them made. The club has placed no limit on the territory in which the offer is good, and the drags are in use in all sections of the county. They cost the club about \$8 each.

Something Between Them.
"What seems to be the trouble between you and the pretty Miss Spudlong?"
"Er—yes; you mustn't say anything about it, old chap, but every time I've called at the house lately there's been a savage bulldog."—Chicago Tribune.

Appropriate Decoration.
"You remember the famous ice palace built for one of the Russian empresses?"
"Yes. What of it?"
"I wonder if the principal decoration of its rooms was not a frieze."—Baltimore American.
