"Turkey in the Straw"

Turkeys, for Thanksgiving, where have we seen them, at the turkey shoot, yes, and other places since Thanksgiving day. We heard several make the remark that a fellow was privileged to help himself to one of these birds when they were left lying around without any attention whatever. This is the case, of which we learned Sunday evening, the said turkey disappeared one night last week, and showed up on the dining table of Hobson's Cafe, the owner having a special invitation to be present, but owing to another future engagement he could not be present; however the turkey was fine and those who partook of the feed are thankful to the gentleman who left the bird a little too close to the door, for his generosity. We understand that this gentleman is an operator for one of the large trusts; however, there was an operator who was not an old hand at the business of stealing turkeys, who pulled off the turt, but is the person who was in the habit of taking care of himself on the firing line of the greatest rebellion in the history of the United States.

FREE FRUIT LAND AT Paisley

DON'T BE AFRAID OF U. S. GOVERNMENT CAREY ACT IRRIGATION PROJECTS IN OREGON.

The day of irresponsible irrigation companies in this state is past. When the Northwest Townsite Company of Philadelphia took over the Paisley Project in Lake County, it gave the largest bond ever given in the state—fifty thousand dollars—guaranteeing completion of the project. Every three months it makes an itemized statement of expenses to the Desert Land Board. All of its advertising books, maps, contracts, subscription agreements and literature is submitted to the Desert Land Board for inspection before being issued. The land is level, free from rock, and is a rich Volcanic Ash Soil. The climate is perfect for fruit, which now grows to perfection at Paisley.

APPLES PEACHES PEARS PLUMS PRUNES

Construction work upon the dam and reservoir has now been in progress for three months, with Thomas Hawthorne, State Inspector, on the ground. He was formerly with the U. S. Reclamation Service on the Umatilla Project.

Send for 32 page illustrated book. Go to Paisley by automobile stage from Bend and see the land. Our agent at Paisley, Hugh K. Gilmore, will show you the land. It is free to those who pay the cost of putting water on it.

Northwest Townsite Company is among the largest taxpayers in Oregon, owning townsite sub-divisions at Prineville, Madras, Redmond, Bend, Burns, Vale, and also the 840-acre Conn ranch at Paisley, including a 50-barrel-a-day capacity flour mill and general store.
