**GALLERIE HOBO**

Painted With the Lured of Europe

This is a story of a young woman who has been through more romance than most people ever experience. And yet she did not know it. For she was always looking for something more to pass the time. She would sit and dream of the past, of the places she had been, of the people she had loved. She would think of the things she had seen, of the experiences she had lived. She would think of the things she had done, of the things she had said. She would think of the things she had heard, of the things she had read. She would think of the things she had felt, of the things she had experienced. She would think of the things she had imagined, of the things she had dreamed.

**GOOD AND BAD MILKING**

There is Always and Always a Need for Good Milk.

Hey, who wants to buy a cow? I do, and I have been looking for one for a long time. I have looked at many cows, but none of them were as good as this one. This cow is a real beauty. She has a fine udder, and she is a good producer. She gives a lot of milk, and the milk is very good. I would like to have her very much. She is a real prize, and I am convinced that she is a winner.
