

The FLAG Question Settled—The Guilty Wretch, GEORGE L. WOODS Acknowledges that it was CUT by Republicans, For A "LITTLE FUN." He Implicates S. C. Adams! and others in The Infamous Transaction!

In 1861, the war excitement naturally ran high, with a prospect of a civil commotion in Oregon. George L. Woods, present candidate for Governor, attempted to raise a company of Home Guards, and failed of success. The American flag was by common consent, kept floating over the Village of McMinnville. Geo. L. conceived the idea finally, that he could, by intensifying the prevalent excitement succeed in raising his company. (having the promise of a Captaincy we are informed) He accordingly procured the services of two republicans, John L. Baker and one Wells to cut the hal-

lows of the flag and trail the same on the ground. They performed their part, whereupon George L. mounted the stump and poured forth at different points in the county, scorching mal- edictions against the Democracy for, as he charged, "cutting down the American flag and trailing it in the dust." In his patriotic (?) rage he vociferated that there were "better men in Hell, than the man that cut that flag." He counselled desperate measures generally. S. C. Adams we are informed, prepared flaming posters and distributed them far and wide, charging the Democracy with having done this thing.

George L. on last Thursday was called to account concerning said flag, and denied having anything to do with it, but said it was done by republicans FOR A LITTLE FUN. Out upon such "fun." We append the sworn statement of a gentleman whose character for truth and veracity is above reproach. It will explain itself.

Positive evidence is not wanting, and of republicans at that, to the effect that George L. Woods paid ten dollars for cutting the flag, in the hope to precipitate the county into a bloody war. He came near succeeding. We are truly sorry that friend Adams would have lent himself to so base, heinous, criminal, wicked, treacherous, and immoral an enterprise.

We shall refer to the matter in our next. We submit whether a map is fit for the Governor of a great State who would be guilty of so contemptible an outrage.

Personally appeared before me, the undersigned Justice of the Peace, in and for said County and State, Aaron Lynch, who deposes and says: That on or about the 3, day of May, 1866, at Eugene City, Lane Co., Oregon, L. Kenedy and myself were in a conversation about the cutting of the American Flag down at McMinnville, Yamhill Co., Oregon, when Geo. L. Woods came out of Underwood's Law Office and said: "What about that flag," and I stated to him that if I had been in his place I would have stood my ground yesterday when the cutting of the flag came up, and if I was clear of it, I would have made the man "hunt his hole." Then Woods said that he understood some one had stated that John L. Baker stated that he (Woods) had got said Baker to cut the flag down. Then Woods stated that Baker said, that the man who stated that told him. Then deponent stopped him (Woods) by laying his hand on his shoulder, saying stop. I will tell you what I know about it. In a conversation with Baker he said that he (Baker) was going to leave the Union party, that he would not stay with a

party that would have the American flag cut down. Deponent said to Baker "Did they do it?" He said "they did," and deponent asked who did it, and Baker said George Woods got him and Wells to do it, and he (Baker and Wells) went by the flag pole and Wells cut the rope with his knife and let the flag fall. Deponent says further that Woods said that he would tell me all about the flag, and then Woods said that Wells voted the Union ticket and John L. Baker, (sp'd eagle as we call him) also voted the Union ticket. They went and cut it down then he (Woods) said that Wells, Baker, Adams and some one else got together the morning before and concluded to have some sport, so Wells and Baker cut it down, that is, Wells and Baker went, and Wells did the cutting.

HHRON LYNCH. Certified to before me this May the 9th 1866. J. H. Guant, Justice.

THE COURIER

LOCAL Intelligence.

A PITIFUL EXHIBITION.—One day last week, our "Feemail" Governor, accompanied by the bastard "Chiv," Hawkings, made a rade into our town, attended by a band which they had dug up at Dayton. They called a halt on main street and proceeded to regale the lookerson with some favorite music. After they had concluded the performance, a silence of a minute reigned, when, seeing that no one would cheer them, the Governor, members of the band and Hockings broke forth in suppressed yells over their own performance. This glory in agony was repeated opposite the Lafayette House. Some of the pubs say since, that they would have cheered if there had been anything to cheer.

BARGAINS IN DRY GOODS &c.—By reference to the advertisement of Eckles & Burbank, to be found in this paper, it will be seen that they are disposing of their mammoth stock of goods at cost. Their stock is large and new, and we apprehend that rare bargains will be had at their store. Try them and see.

CAUGHT HIM.—The man that stole Mr. McSwain's horse at McMinnville, lately, came into town yesterday in the custody of Sheriff Whitcomb and is securely locked up. He was taken at Corvallis where he had sold the animal.

Watt's Nervous Antidote will cure fainting Fits.

Watt's nervous antidote cures Pridgets.

Watt's nervous antidote cures Spasms.

Watt's nervous antidote will cure cramps.

Watt's Nervous Antidote will cure Epilepsy.

Watt's Nervous Antidote will cure Convulsions.

GRIZZLEY'S.—On Monday night last a bear made a descent on a farm at the mouth of Sterling creek, and killed a cow and calf. A posse, went on the hunt of the bold predator, on Tuesday night, but without starting him.—Jacksonville, Sentinel.

A negro preacher once observed to his hearers, at the close of his sermon as follows: "My obstinacious bredren. I find it no more use to preach to you than it is for a grass-hopper to wear kneebuckles."

A worthy man who was hesitating whether he should marry a woman, pious but cross-grained, or another who was amiable but not specially religious, asked the pastor's advice upon the subject. He advised him to take the one he loved, remarking, "John, the grace of God can live where you and I can't."

Mr. M. R. Cary is offering bargains in Books, dry goods and notions.

An Interesting Letter.

Very few persons, even among physicians, would have been willing upon any terms to have been in the condition of the writer of the following letter on the 14th of February last. I will anticipate somewhat his report of the facts by saying that on the 15th of August last, he made me a visit, "the very picture of good health."

Time, which tries and proves all things has sufficiently tested this case, and showing that neither relapses nor collapses have followed, the cure is perfect, and can be cited among the scores of similar cases the result of my improved mode of treating disease without medicine.

Aug. 27, 1865. G. M. Bourne, Water Cure Physician, No. 10, Masonic Temple, Post street.

Sacramento, April 30, 1865.

Dr. G. M. Bourne—Dear Sir:—It is with pleasure and satisfaction that I now let you know of my good health. Looking back upon what I have passed through, it seems as if I was lifted from the grave, and I think it my duty to acknowledge to you and the world the benefit I derived from water treatment administered by you in your celebrated baths. It was in August, 1861, when disease developed itself with a severe cough. I then took medicines, getting worse, with chills, fevers, loss of strength, and was pronounced consumptive. This set me to thinking, and I finally determined to leave my business and go to the Sandwich Islands, having been informed that I could not be cured here. I went to San Francisco, and while waiting for a ship, called upon Dr. Bourne, who stated that a trip to the Islands would probably result disastrously, was unnecessary, as I could be speedily cured at his establishment. I placed myself under his treatment, and in one week was so much improved I thought I could risk returning home and to my duty as Engineer on the Central Pacific Railroad. The Doctor objected, but I thought I knew better, and returned to duty. In about two weeks my cough returned, and I kept getting worse and contrary to Dr. Bourne's injunction never to take medicine again, committed that folly, and soon was so completely run down that I could scarcely walk; so, as a last resort, I concluded once more to try the water cure. I went to San Francisco—few of my friends expecting me ever to return.—In fact, I thought my return doubtful. On arriving at Dr. Bourne's establishment (Feb. 14 1865) I was not able to get into the bath without assistance, but in a few days I began to recover myself again. I remained with him only six weeks, when I left, "a wiser and better man," without the aid of medicine. I have now been at work several weeks, and find that I am gaining every day, and at present but far to be stronger than ever before. Persons visiting the Doctor's establishment will find it just what it should be, both in Ladies and Gentlemen's departments, and I cannot say too much in praise of the Doctor's kind attentions to his patients.

This letter I write for the benefit of all the afflicted, to be used as the Doctor decides, and should it be the means of directing any to his care and treatment who (as they surely will) find relief, I will be paid for my trouble. JAMES CAMPBELL, Engineer Central Pacific R. R.

SAN FRANCISCO, August 22, 1865.

Advised by the undersigned, Mr. Jas. Campbell, of the Central Pacific Railroad, (who was then in a most deplorable state of ill health) placed himself under the care of Dr. Bourne the Water Cure Physician. Some six months or more afterward he visited this City, when I accidentally met him at Dr. Bourne's establishment, and am happy to say, restored to good health, and in fine spirits. JOHN SULLIVAN.

Dr. Bourne treats all diseases of the throat, chest and lungs—which includes diphtheria, bronchitis, incipient consumption, pleurisy, croup, &c,—with greatest success. Great relief is afforded in advanced stages of Consumption, Rheumatism, paralysis, neuralgia, fever and ague, dropsy, etc., etc., are also cured quickly, pleasantly and economically. No medicine whatever.

Confirmation Strong Of An Interesting Letter.

SACRAMENTO, November 23, 1865.

DEAR DOCTOR:—I received your letter a few days since asking for my photograph which I will attend to as soon as convenient. At present I am very busy, on account of the stormy weather, being out at all times, both night and day, and am enjoying good health, apprehending no danger if properly careful, as every one should be. I have read my letter in the Call and other papers, and have been asked several times concerning it, and whether it is correct, and I say I can vouch for its contents, and more if required, as can a great many others who knew me at the time. I remain your friend. JAMES CAMPBELL.

To Dr. Bourne, San Francisco.

Dr. Bourne takes the liberty to publish the above, as many persons had prophesied his relapse into his former condition, on returning to his duties, of the writer of "An Interesting Letter," whose statements concerning the cure of a well defined case of Consumption have recently attracted so much attention to the Water Cure, as improved upon and practiced by Dr. Bourne. This additional testimony must prove satisfactory to all reasonable minds. It should be remembered that Dr. Bourne uses no medicine whatever, and his patients almost universally those who have failed to receive relief from the medical practitioners; yet they are cured with great rapidity, and in a pleasant and agreeable manner. Electro-Magnetic Baths.

This Institute was established to, if possible, prevent the unwary from falling into the dens of robbery, (yclept quack doctor's traps), and hereafter the scientific originators of this Institute will not be to blame if the afflicted are robbed of their money, and injured in constitution.

There is also another view of the affair. The rising generation should be reared with strong constitution, and the directors wish to arouse their guardians to a proper sense of their duties in their premises, if possible to prevent them from stifling their young charges with deleterious drug with a chance of entailing upon the tender constitution, just forming, a complication of evils, a thousand times worse than death.

It would be consuming space, to no purpose, to enumerate the disease, to which this system is applied, suffice it to say, that there is no disease within the catalogue of human ills but what can be cured at the Electropathic Institute. We have instructed the Resident Physician to warrant a perfect and

permanent cure, or ask No Pay for services, when in his judgment it is within the bounds of cure.

CAUTION.

Persons seeking the Electropathic Institute should be careful to remember the name and number.

Dr. J. H. Josselyn.

IMPORTANT MEDICAL DISCOVERY

Electricity as a Curative Agent.

WHEN IT WAS PROMULGATED

By the Directors of the ELECTROPATHIC INSTITUTE, that disease could be entirely eradicated from the system without the use of poisonous drugs, the thoughtless and those who do not look deeply into cause and effect scouted the assertion as chimerical, and wrote long articles replete with sophistry, claiming that only through the digestive system could the blood be purged of the poisons which constitute disease; a great cry went up from those interested in the continued supremacy of the old system of one poison to cure another. All of the empirics joined in the chorus, and in their ignorance laughed at the new system, circulating base stories of its ill-success, and quoting imaginary cases as proofs. Time has demonstrated their dishonesty. After five years of uninterrupted success the Electropathic system is the leading idea in medical jurisprudence, while by the old system, physicians were content to cure one in every five cases, there were those who were diving deep into the science of the curative art, among these were the Electropathists; finally, it was discovered that the failure in most of the cases of organic disease, was entirely due to the machine. Taking this view of the case, Dr. J. H. Josselyn, after years of experiment, has perfected an Electropathic Instrument, which will cure any disease which flesh is heir, always to be understood that the case is not far advanced as to show a destruction of the vital tissues. We do not claim that the use of medicines may not be more advantageous in some cases, but that in connection with medicines it will perform a cure much sooner than without, and also that diseases hitherto deemed incurable, can be cured by this system but the directors would take this opportunity to inform invalids that the resident Physician is a regular graduate, and has had a large experience in the treatment of diseases, both with and without the aid of electricity, he has also discovered several "electric" vegetable remedies that will cure almost any nameable disease, which he will send to any part of the Pacific Coast upon receipt of a complete description of the disease with which the applicant may be afflicted, and I will warrant a perfect cure in all cases, where the medicines are used according to directions, and more especially in cases of FEMALE TROUBLES, where great care and caution are necessary to a favorable result. From early morn until late at night, this instrument is employed, imparting health and strength to all who are so fortunate as to obtain its services. Diseases (which the old system) took months, or even years to cure, are now cured in a few days or weeks. The cost, too, is not so great as by the old system, besides the saving of time. Connected with this system is the renowned

Electro-Magnetic Baths.

than which there is no more powerful auxiliary in the world for the radical cure of disease. There is no institute in the State where the electropathic system is practiced, except at the

Electropathic Institute,

645 Washington Street.

This Institute was established to, if possible, prevent the unwary from falling into the dens of robbery, (yclept quack doctor's traps), and hereafter the scientific originators of this Institute will not be to blame if the afflicted are robbed of their money, and injured in constitution.

SUMMONS.

Mary Ann Rubidon pliff, vs Francis Rubidon defendant.

In Circuit Court of the State of Oregon for the county of Yamhill.

In equity for divorce.

To Francis Rubidon defendant.

IN the name of the people of the State of Oregon. You are hereby notified that

Piff, has commenced suit against you in said court for divorce on the ground of desertion. Now unless you appear in the circuit court of the State of Oregon for the county of Yamhill and answer the complaint of pliff on file with the clerk of said court within ten days after the service hereof if served in Yamhill county and twenty days if served out of said county, then the same will be taken for confessed, and application will be made to the court for the relief therein demanded, and costs and disbursements. By order of the Judge of said court.

N. T. CATON, Atty for pliff.

March 2d, 1866. no 7 6 w.

SUMMONS.

In the Circuit Court of the State of Oregon, for the county of Yamhill, April term 1866.

Henry Roberts, pliff vs Solomon Jeffreys, Jno. T. Jeffreys, William Wright and Chas. Waldin defendant's.

To said defendant's.

IN the name of the State of Oregon, you and each of you are required and summoned to be and appear in the Circuit Court of the State of Oregon for the county of Yamhill, and answer the complaint of the plaintiff filed in the above entitled cause; and in case you fail to do so within ten days from the service of this summons upon you if served in Yamhill county, Ogn, and if served in any other county in this State, then within twenty days from date of such service, the plaintiff will apply to the said court for the relief demanded in said complaint to-wit: for judgment against you for the sum of one thousand and eighty dollars, (\$1080) together with costs and disbursements of suit. By order of

Hon. R. P. BOISE, Judge.
