Persons with any of the above diseases, will do well to give it a trial before dosing themselves with mineral poisons; that, while they sometimes afford temporary relief, always leave behind them the seeds of some other disease, oftentimes far worse than that which they are given to cure.

**Adams' Blood Purifier.**

UNLIKE Most preparations for purifying the blood, this Purifier does not contain mercury in any shape. It exerts an immediate influence upon the system, and if the use of it is persisted in for a reasonable length of time, it will eradicate all latent poison from the blood and restore the patient to perfect health.

**SKIN DISEASES.**

To remove all

Cutaneous Eruptions

from the Skin.

**USE ADAMS' BLOOD PURIFIER.**

AT LEAST TWO-THIRDS OF THE DISEASES with which the human family are afflicted, are brought on by the want of attention to the condition of the blood. Whenever the blood becomes impure, no matter from what cause, the effects of such impurity are immediately felt, either in one way or another; and unless measures are at once taken to remove such impurities, the whole system becomes affected, and a long fit of sickness and sometimes death is the result. Dr. Samuel Adams, a well-known Chemist of San Francisco, has discovered certain herbs and roots, mostly of California growth, which he has combined with Sarsaparilla and Iodide of Potass, and succeeded in procuring a Medicine that, while it is entirely harmless in every particular, will in a short time completely eradicate from the Blood all impurities, of whatever nature, and will restore the patient to perfect ROBUST HEALTH. The preparation is called "ADAMS' BLOOD PURIFIER," and is for sale at wholesale at the

A glance at the map of California is all that is necessary to satisfy any reflecting mind of the judicious selection of this magnificent site for a new city, which has never been subject to overflow from the flooding or rise of the bay or river in winter, as the warehouses and wharf were built at a time of the highest flood last winter. The vast region of fine country around it is fast filling up, and if the uninterrupted navigation from San Francisco to Sacramento increases as it has done for the last five years, there is no reason why NEW-PORT should not become a

**Great and Commercial CITY!**

It being a midway stopping place for the steamers daily from San Francisco to Sacramento. Already, at and around Newport there is a large number of inhabitants. They have a school

POST OFFICE, STORE, LARGE WAREHOUSE, AND

MAGNIFICENT WHARF,

200 feet long by 100 feet wide!

Which cost the proprietors upwards of \$10,000. The Farming-Country in Solano county cannot be surpassed. Fine soil, springs of pure water, &c. The climate is milder, both in summer and winter, than almost any other part of California. A city with such a situation, surrounded by so magnificent a country must have a GREAT AND GLORIOUS DESTINY!

A ferry is established between this port, Antioch and New York, making the distance only 80 miles by land to San Francisco, being a saving of over 100 miles to those who drive stock to that market.

Some persons not realizing the immense rise on property in new cities, may say, "How can we afford to give away so many lots, not knowing how many may be actual settlers?" Why, gentlemen, if by giving away five hundred lots we can induce one hundred to settle, then the rise in the value of our lots will more than pay for those given away, and those holding the remaining lots are the owners of a handsome property. Remember Newport is to be the terminus of the Pacific Railroad, and

The very lots you now receive, may in less than three years, be worth

Thousands of Dollars!

We would therefore say to those who desire to avail themselves of this liberal offer, to join the Association at once.

**FARMS FOR SALE.**

Of five, ten, twenty or forty acres;

In the immediate vicinity, at a low price. To those who will make improvements during the coming year.

Any person of respectability can become a member of the Association by remitting five dollars to the President or Secretary, upon receipt of which he will receive a deed of one of the best lots in the City—25 by 100 feet—and a receipt of membership. Both deed and receipt will be sent free of expense.

One half of the amount received will go towards purchasing from the old company their magnificent wharf, warehouse, farm, dwelling houses and stores, and 2000 acres of land—including the whole water front of the city, which extends two miles on the Bay. One-quarter of the amount received will be advanced to parties who will improve their lots. The other quarter, or balance, will be expended for expenses; making deeds, buying stamps, etc. As soon as the 5000 lots are disposed of, the Company will own a city over two miles square; two miles of which will be bounded on the Bay, where fifty wharves could be built, enabling the largest vessels to load, being at the head of navigation. This property will then be divided pro rata to each subscriber, giving to each a very handsome sum. As the number sold will increase the balance, it is presumed that each stockholder will receive from \$100 to \$1000 for each certificate issued, having now a large number of Subscribers.

ANY MECHANIC who will send us the names of five others besides his own, will receive his lot free.

In sending money to us, register your letter through the post office, or by Wells, Fargo & Co.'s Express at our risk.

For plan of the city, showing the location of blocks and lots, or bills, or any other information, please call on, or address "Newport Loan and Homestead Association."
