

ANECDOTE.—The subjoined anecdote, which we find floating about among our exchanges, remind us of a story which, of course, every one has heard of the Kentuckian who was married on board a Mississippi steamboat by a gentleman, who, from his clerical appearance, had been mistaken for a clergyman, but who officiated, supposing it was only a mock marriage, gotten up for the entertainment of the passengers, nor did he find out his mistake until some time after the happy couple had retired to their stateroom, and he himself had thrown off his coat and one boot preparatory to laying away for the night. Being a mortal man with right and proper ideas, he was, of course, shocked when he came to learn the facts in the case, and anxious to repair the mischief he had innocently done, he rushed to the stateroom and made a vigorous onslaught on the door, exclaiming: "Don't! don't! For God's sake, don't! I ain't a minister. It's all a mistake. Don't! Everybody was aroused, stateroom doors flew open the whole length of the cabin, and everyone was up to know what it was all about, when suddenly, in the midst of excitement, the door opened, and the good-natured face of the hero thrust out, who cocking one eye up at the supposed minister, in a comical manner, said, quietly: "You'er a little too late, old fellow—a little too late!"

A NEW HAMPSHIRE LAW OFFICE.—The law office at Franklin, N. H. where Daniel Webster and his brother Ezekiel studied law, is now used as a shoemaker's shop. It was built in 1790, and an unusual number of eminent lawyers and statesmen received their first legal lessons within its walls.

FACTS FOR FARMERS.

If you invest money in tools, and then leave them exposed to the weather, it is the same as loaning money to a spendthrift, without security—a dead loss in both cases.

If you invest money in books and never read them, it is the same as putting your money into a bank, but never drawing either the principal or the interest.

If you invest your money in fine stock, and do not feed and protect them, it is the same as dressing your wife in silk to do kitchen work.

If you invest your money in choice fruits and do not guard and give them a chance to grow and prove their value, it is the same as putting a good hand in the field with poor tools to work with.

If you invest your money in a good farm and do not cultivate it well, it is the same as marrying a good wife, and so abusing and enslaving her as to crush her energies and break her heart.

If you invest your money in a fine house, and do not cultivate your mind and taste so as to adorn with intelligence and refinement, it is as if you were to wear broadcloth and a silk hat to mill.

If you invest your money in fine clothes and do not wear them with dignity and ease, it is as if a ploughman were set at a jeweler's table to make and adjust hair springs.

If you invest your money in strong drink it is worse than turning hungry hogs into a cornfield—ruin will follow in both cases.

IMPORTANT SURGICAL OPERATION.—A gentleman by the name of Flora, from Sandy in this county, came to this city on last Friday of last week for surgical relief for a strangulated Oblique Inguinal Hernia or scrotal rupture. It had then been of two days standing, all attempts to reduce it having failed, it was then determined to operate. Accordingly, Dr. Watkins, assisted by Drs. Glisan and Hawthorne, performed the operation—relieved the stricture and returned the strangulated bowels into the abdomen.

Mr. Flora is at the county hospital and we learn is doing well.—*Advocate*

At a concert, recently, at the conclusion of a song, "There's a good time coming," a farmer got up and exclaimed: "Mister, you couldn't fix the date, could you?"

A friend says he's either head and ears in love or else he's got the colic—he can't tell which, as he is not certain which he tasted last, kisses or watermelons.

May look for A Challenge—Boyakin is on it

The Sentinel, speaking of Boyakin being paraded in hoops in Salem, says: "You're badly fooled gentlemen. Boyakin ain't straid of a set of hoops, even when there's a woman in them, he's used to the real thing, and the only question is, whether he prefers them surrounding a tender piece of femininity or a barrel of whisky."

AT LEAST TWO-THIRDS OF THE DISEASES with which the human family are afflicted, are brought on by the want of attention to the condition of the blood. Whenever the blood becomes impure, no matter from what cause, the effects of such impurity are immediately felt, either in one way or another; and unless measures are at once taken to remove such impurities, the whole system becomes affected, and a long fit of sickness and sometimes death is the result. Dr. Samuel Adams, a well-known Chemist of San Francisco, has discovered certain herbs and roots, mostly of California growth, which he has combined with Sarsaparilla and Iodide of Potas, and succeeded in procuring a Medicine that, while it is entirely harmless in every particular, will in a short time completely eradicate from the Blood all impurities, of whatever nature, and will restore the patient to perfect ROBUST HEALTH. The preparation is called "ADAMS' BLOOD PURIFIER," and is for sale at wholesale at the

THE NEWPORT LOAN AND HOMESTEAD Association!

OFFER the following inducements to Capitalists and settlers;—to all those who will become members of our association, a **HOMESTEAD FREE WILL BE GIVEN** in the new city of NEWPORT!

SOLANO County, California.

Opposite Antioch and New York, at the mouth of the

SAN JOAQUIN AND SACRAMENTO RIVERS.

Which has been regularly laid out, surveyed and put upon record;

Title Perfect.

Being a Patent from the United States. And Contains over 20,000.

Building Lots!

FIVE THOUSAND

To be given away

Or distributed free!

To such as shall first apply for a lot, and a good Clear DEED given at once (unconditionally) leaving it at the option of the party whether to improve or not; but it is expected that those taking one of the GIFT LOTS will use their influence in directing persons seeking a home in California, to the New City and County. By doing that, they will get more to settle than if they were to improve themselves.

NO CHARGE FOR THE DEED! MONEY LOANED to such as BUILD Immediately, on the premises, at LOW rates of INTEREST.

A glance at the map of California is all that is necessary to satisfy any reflecting mind of the judicious selection of this magnificent site for a new city, which has never been subject to overflow from the flooding or rise of the bay or river in winter, as the warehouses and wharf were built at a time of the highest flood last winter. The vast region of fine country, around it is fast filling up, and if the uninterrupted navigation from San Francisco to Sacramento increases as it has done for the last five years, there is no reason why NEWPORT should not become a

Great and Commercial

CITY!

It being a midway stopping place for the steamers daily from San Francisco to Sacramento, already, at and around Newport there is a large number of inhabitants. They have also a

POST OFFICE, STORE, LARGE WAREHOUSE, AND

MAGNIFICENT WHARF.

200 feet long by 100 feet wide!

Which cost the proprietors upwards of \$10,000. The Farming Country in Solano county cannot be surpassed. Fine soil, springs of pure water, &c. The climate is milder, both in summer and winter, than almost any other part of California.

A city with such a situation, surrounded by so magnificent a country must have a

GREAT AND GLORIOUS DESTINY!

A ferry is established between this port, Antioch and New York, making the distance only 25 miles by land to San Francisco, being a saving of over 100 miles to those who drive stock to that market.

Some persons not realizing the immense rise on property in new cities, may say, "How can we afford to give away so many lots, not knowing how many may be actual settlers?" Why, gentlemen, if by giving away five hundred lots we can induce one hundred to settle, then the rise in the value of our lots will more than pay for those given away, and those holding the remaining lots are the owners of a handsome property. Remember Newport is to be the terminus of the Pacific Railroad, and

The very lots you now receive, may, in less than three years, be worth

Thousands of Dollars!

We would, therefore say to those who desire to avail themselves of this liberal offer, to join the Association at once.

FARMS FOR SALE.

Of five, ten, twenty or forty acres, in the immediate vicinity, at a low price. To those who will make improvements during the coming year.

Any person of respectability can become a member of the Association by remitting five dollars to the President or Secretary, upon receipt of which he will receive a deed of one of the best lots in the City—25 by 100 feet—and a receipt of membership. Both deed and receipt will be sent free of expense.

One half of the amount received will go towards purchasing from the old company their magnificent wharf, warehouse, farm, dwelling houses and stores, and 2000 acres of land—including the whole water front of the city, which extends two miles on the Bay. One-quarter of the amount received will be advanced to parties who will improve their lots. The other quarter, or balance, will be expended for expenses; making deeds, buying stamps, etc. As soon as the 5000 lots are disposed of the Company will own a city over two miles square; two miles of which will be bounded on the Bay, where fifty wharves could be built, enabling the largest vessels to load, being at the head of navigation. This property will then be divided pro rata to each subscriber, giving to each a very handsome sum. As the number sold will increase the balance, it is presumed that each stockholder will receive from \$100 to \$1000 for each certificate issued, having now a large number of subscribers.

ANY MECHANIC who will send us the names of five others besides his own, will receive his lot free.

In sending money to us, register your letter through the post office, or by Wells, Fargo & Co.'s Express at our risk.

For plan of the city, showing the location of blocks and lots, or bills, or any other information, please call on, or address "Newport Loan and Homestead Association."
