French Medical Office.

DR. JULIEN PERAULT, Dr. of Medicine, of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

Dr. Perrault has pleasure to inform patients and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North East Cor. Montgomery and Saeramento streets, San Francisco. Rooms Nos. 9, 10, 11, first floor, up stairs, entrence, either on Montgomery or Sacramento st.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and physical debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterrility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward. Patients laboring under this complaint will complain of one or more of the following symptoms: Nocturnal Emissions, pains in the Back and Head, Weakness of memory and Sight, discharge from the Uretha on going to stool or making water, the Intellectual faculties are Weakened, Loss of memory ensues, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that sight and hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations faintings, coughs and slow fever; while some have external rheumatic pains, and numbness of the body. Some of the most common symptoms are pimples in the face, and aching in different parts of the body. Patients suffering from this disease should apply immediately to DR. PERRAULT, either in person or by letter, as he will guarantee a cure of Seminal Emissions and impotenee in six to eight weeks.

Patients suffering from Venereal disease in any stage, Gonorrhœa, Gleet, Strictures, Bubo Ulcers, Cutaneos Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic disease can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till they are worn out and discouraged, to call upon us.—Low charges and quick Cures.

Ladies suffering from any Complaint incidental to their sex, can consult the doctor with the assurance of relief.

FEMALE MONTHLY PILLS.

DR PERRAULT is the only agent in California for Dr Biot's Female monthly pills. Their immense sale has established their reputation as a female remedy, unapproached and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On receipt of five dollars these pills will be sent by mail or express to any part of the world, secure from damage or curiosity.

Persons at a distance can be cured at home, by addressing a letter so DR. PERRAULT, corner of Sacramento and Montgomery sts., Rooms. 10 and 11, or Box 973, P. O. San Francisco, stating the case as minutely as possible, general habits of living, occupation &c. &c.

All communications confidential. 24.

MUSIC.—Let tast and skill in this beautiful art be spread among us, and every family will have a new resource. Home will gain a new attraction. Social intercourse will be more cheeful, and an innocent public amusement will be supplied to the community;—public amusement bringing multitudes together to kindle with one emotion, to share the same innocent joy, having a humanising influence; and among these bonds of society perhaps no one produces so much unmixed good as music. What a fulness of enjoyment has our Creater placed within our reach, by surrounding us with an atmosphere which may be shaped into sweet sounds! And yet this goodness is almost lost upon us through want of culture of the organ by which this provision is to be enjoyed.

HEALTH.—Rightly considered, the ne;
