ADJOURNED ONE WEEK—In consequence of the extreme inclemency of the weather on last Wednesday night, but few ventured to attend the Lyceum, and in view of this fact the discussion of the question proposed at the last meeting, was adjourned until to-morrow evening at which time it is hoped a goodly number will be in attendance. The question for discussion is an important one, and with two weeks for preparation, the members of the club will doubtless be able to handle it interestingly.

RETURNED—Mr. H. H. Snow, after an absence of near two years and a half in the mining country north has returned to his family in this place, with his mind made up to remain. We are pleased to see him looking so well.

THE ELECTROPATHIC INSTITUTE.

645 Washington Street.

DR. J. H. JOSSELYN, M. D.,

RESIDENT PHYSICIAN.

THE DIRECTORS OF THIS CELEBRATED Medical Institute wish to thank the public for the generous manner in which they have sustained the Resident Physician with their patronage. It is now six years since the Institute was established; during that time there has been over THIRTY THOUSAND CONSULTATIONS, and in all cases, where the disease was curable.

A PERFECT AND PERMANENT CURE Has been performed. Malignant charlatans have opened traps in close proximity to the Institute, adopting similar names hoping to attract the unwary; but their failure to do so is perfectly apparent—for the business has not been effected in the least, but has gone on increasing its usefulness and profits in regular ratio. The Resident Physician has by careful study and experience within the last few years been successful in discovering new electric remedies which are far superior to any before used in the healing art, and he can

WARRANT THEM TO CURE All cases for which they are useop or make no charge for services. They will be forwarded any place in the Pacific States upon the

receipt of a letter disease withstating the symptoms, the age and sex of the patient.

THE FEMALE MEDICINE.

Discovered and used by the Resident Physician, are the only remedies which are safe and sure to have the effect. The large number of cases in which they have been used, is a guarantee of their success.

Great care should be taken in visiting the Institute, to remember the name,

J. H. JOSSELYN, M. D.,

RESIDENT PHYSICIAN.

Below are a few Of the Opinions of the Press of California, which are submitted to the Public:

[From the Red Bluff Independent of January 24th, 1866.

ELECTROPATHY.—The readers of this article are particularly requested to read the advertisement of the "Electro-pathic institute," 645 Washington street, San Francisco, to be found in another column of this paper. The remarkable cures that have been effected by Dr. J. H. Josselyn, the Resident Physician of the Institute during the past six years, has gained for this establishment a reputation that has never been equalled by any medical establishment on this coast. In cases of female irregularities especially, Dr. Josselyn has gained an enviable reputation, and the spacious parlors of the Institute are continually occupied by ladies seeking relief from their troubles.

Dr. Josselyn pays particular attention to the treatment of cases in the interior of the State, and upon receipt of a full description of the disease of which the applicant is so unfortunate as to be afflicted, accompanied with the real or a fictitious address, sends per Wells, Fargo & Co., medicines that he warrants to cure the disease, without the slightest injury to the system. He uses no mercury or mineral poisons. The remedies are known as "Electric," and most of them are of his own discovery. Persons placing themselves under the treatment of Dr. J. H. Josselyn may rely upon not only receiving correct and successful treatment but upon his discretion and secrecy.

[From the Democratic Standard, Jan. 31, 1866.]

GLAD TO HEAR IT.—For several months past Dr. J. H. Josselyn, for the last six years so well known as the Resident Physician of the Electro-pathic Institute, 645 Washington street, San Francisco, has contemplated retiring from his position for the purpose of accepting the position of visiting physician in one of the large hospitals in his native state, Massachusetts. The matter becoming known to a number of scientific gentlemen of San Francisco, who feeling what a great loss would occur to the community by the withdrawal of a physician of such scientific attainments as Dr. Josselyn, a meeting was called at which resolutions highly laudatory of the Doctor's abilities were passed, and a committee of gentlemen appointed to wait upon him, present the resolutions, and urge him to give up the intention of leaving the State, and continue in his present position. The arguments of the committee facilitated by certain pecuniary propositions, made by the Directors of the Institute, have induced the Doctor to retain his position as Resident Physician. We announce the success of the negotiations with satisfaction as it would have been difficult for the numerous patients that heretofore relied on the Doctor for scientific and successful treatment to have found another physician capable of filling his place.

[From the Yreka Union, February 10, 66.] THE BEST IS THE CHEAPEST.—This adage will apply as well to the practice of medicine as to the purchase of merchandise. Thousands on this coast, on this coast, during the past fifteen years, have had their constitution ruined by refusing treatment at the hands of first-class physicians, simply because a gang of humbugs, styling themselves doctors, and who are almost destitute of common sense, much more of medical knowledge, offer to treat those who are sick for a less sum than a regular practitioner. A man that would allow a quack to administer medicine to him, is worse than an idiot, for in nine cases out of ten, the medicine so given, instead of curing the disease, makes the patient worse and does permanent injury to the victim, and oftentimes to such an extent as to prevent the possibility of curing the original disease. The fact is that no person should place himself in charge of a physician unless he has strong proofs that the doctor is a regular graduate from some well reputed Medical College. The number of medical humbugs in San Francisco, is perfectly enormous not more than two of the advertised physicians have a diploma. Dr. J. H. Josselyn, Resident-physician of the Electro-pathic Institute, 645, Washington street, is one of these, and is prepared at all times to exhibit his diplomas.

CAUTION.

Persons seeking the Electro-pathic Institute, should be careful to remember the name and number.

on the sign. With these remarks we leave the interest of the Institute with the public, asking only the same generous confidence and patronage, thus far awarded to it. The record shows over thirty thousand consultations, and a very large amount of suffering relieved.

Persons wishing to consult the Resident Physician by letter, can do so with the utmost confidence, and can, if they wish, have Electric Remedies for any disease sent to all parts of the State; all Remedies sent from the Institute warranted to be effectual. All letters must be addressed plainly J. H. JOSSELYN, M. D. Box 1945, San Francisco Cal. All letters will be destroyed or returned, as directed by the writer. oct 2 no 35. ly.

NOW READY:

A Youth's History OF THE GREAT CIVIL WAR.

One Vol., 16 mo, 484 pages with Illustrations; price, \$1.50.

This work is designed to furnish the Youth of the country a candid and impartial History of the Great War through which we have just passed, from a Democratic standpoint. The minds of our youth are being poisoned and mis-educated by the false and partial histories of the Abolitionists, and it is of great importance for the welfare of our country that the real Disunionists, as they are now proving themselves to be, shall be properly portrayed. The great importance of a sound juvenile literature has long been felt and acknowledged, and as this is the first, attempt to furnish it, the Publishers respectfully solicit the encouragement of the public and the assistance of the Democratic press. By possessing great devotion to "freedom," the Abolition or Republican party succeeded in deceiving thousands, particularly of the young men of our country, who, in the first flush of youthful patriotism, were seduced by its artful phrases into joining it. This book will correct their error, and is just such a work as every Democrat North or South, ought to place in the hands of his children, to give them a correct idea of the late war and its causes. The style of the entire volume is such as to be easily understood by a child twelve years old. At the same time it is adapted to adult readers, making, in fact an Illustrated History of the War for the low price of \$1.50.

Enclose the Green Backs and send to Yaverly, Horton & Co., 162, Nassau st. N. Y., and get a copy. You will be pleased with it.
