

THE WRONG DOCUMENT.—At a recent temperance meeting an amusing incident took place. A strong exhortation had been delivered by a speaker present, and the president requested the secretary to pass the pledge around for signatures, taking from his pocket what he supposed was the document, he, without looking at it, gave it to the secretary for that purpose. A large number of names were enrolled of both ladies and gentlemen present, and the document returned. It was observed by the secretary, while passing the paper around, that considerable tittering prevailed among the ladies, who took the precaution to read the contents of the paper, while those who did not read it and desired to sign it, did so. After going through the congregation the secretary, on his way back, looked at the paper to see what was the cause of the amusement, when it was revealed to him that, instead of the temperance pledge, he had passed around and received signatures to a document setting forth the pedigree of a celebrated stallion.

Professor Duncan, of Aberdeen asked a lady to marry him; the answer was 'No.' The subject was dropped, but they soon met again.

"Do you remember a question which you put to me?" said the lady.

The professor said that he remembered.

"And do you remember my answer?"

"Oh, yes," said the professor.

"Well Mr. Duncan, I have been led to change my mind."

"And so have I," drily responded the professor.

A CENNING exhibitor at a recent agricultural fair in Connecticut divided a bushel of peaches and entered one-half in his own name for competition, and the other in the name of an influential man in a neighboring town. The influential man got the prize, and the other contribution, although off the same tree, was not mentioned.

Perry Davis'

VEGETABLE PAIN KILLER!

THE

Great Family Medicine of the Age.

TAKEN INTERNALLY CURES:

Sudden Colds, Coughs, &c. Weak stomach, General debility, Nausea, sore mouth, Scurvy, Liver Complaint, Dyspepsia and Indigestion, Cramps and pains in the stomach; Bowel Complaint, Painters' Colic, Asiatic Cholera, Diarrhoea and dysentery.

TAKEN EXTERNALLY CURES:

Boils, Felons, old sores, Severe Burns and scalds, Cuts, Bruises and Sprains, Swelling of the Joints, Ringworm and Tetter, Broken Breasts, Frosted Feet and Chillsblains, Tooth ache, Neuralgia and Rheumatism.

The PAIN KILLER is by universal consent allowed to have won for itself, a fame unsurpassed in the history of medical preparations. Its instantaneous effect in the entire eradication and extinction of PAIN in all its various forms incidental to the human family, and the unsolicited written and verbal testimony of the masses in its favor have been, and are, its own best advertisement.

The ingredients which enter into the PAIN KILLER, being purely VEGETABLE, render it a perfectly safe and efficacious remedy taken internally as well as for external applications, when used according to directions. The slight stain upon linen from its use in external applications, is readily removed by washing in a little alcohol.

Washington, Pa., June 2, 1866.

Messrs. Perry Davis & Son,

Dear Sirs:—During a residence of some ten years as missionary in Japan and China, I found your Vegetable PAIN KILLER a most valuable remedy for that fearful scourge—the Cholera.

In administering the medicine, I found it most efficacious to give a teaspoonful of PAIN KILLER in a gill of hot water, sweetened with sugar. Then after about 15 minutes, begin to give a table spoonful of the same mixture, every minute until relief is obtained. Apply hot applications to the extremities. Bathe the bowels and stomach with the PAIN KILLER, clear, and rub the limbs briskly.

Of those who took the medicine faithfully in the way stated, about eight out of ten recovered. Truly yours,

R. TELFORD.

[From the Providence Advertiser.]

The foreign and domestic demand for Perry Davis & Son's great medicine—the Pain-Killer—was never so large as has been of late; and we think the time has arrived when the declaration may be made without the possibility of refutation, that the City of Providence in the State of Rhode Island, of the United States of America, has furnished the entire habitable globe with a medicine, which, in point of universality of demand, extent of usefulness, complete efficiency for all purposes for which it is designed, and widespread popularity, has never been equalled by any general patented medicine invented and issued elsewhere in Europe or America.

To the Public.

The PAIN KILLER has won for itself a reputation unsurpassed in the history of medical preparations. It is as well known in the trading posts of India and China as N. York and Boston; and its continually increasing demand, where it has longest in use, is one of its strongest recommendations and best advertisements. In 1839 this remedy first came into general use, since which it has grown rapidly into public favor, till, in thousands of families it has come to be considered an article of such necessity, that a supply is never wanting to resort to in case of accident or sudden illness. We often hear it said of it, "We would as soon think of being without flour in the house as without PAIN KILLER" and that with an earnestness of tone that speaks more than even this language.

It is such in its favor that it is a purely VEGETABLE preparation; and while it is prompt and efficient in its action it is always SAFE and reliable. To this quality is indebted for the name—PAIN KILLER—of which it has proved itself so worthy a name easily understood, and not easily forgotten.

It has been eminently successful in Cholera, curing hundreds of the severest cases; and never, to our knowledge, having failed in a single instance, when it was used according to directions, in the earlier stages of the disease. In curing Fever and Ague, and other diseases incident to our western and southern climates, no medicine has been more successful. For a cold, it is almost a specific, and Rheumatic Neuralgic affections often give way to it when all other remedies have failed. It is eminently a FAMILY MEDICINE, and kept ready for resort in case of accident or sudden attack of disease, it has saved many hours of suffering, and many a dollar in doctor's bills.

It has been tested in every variety of climate, and by almost every nation known to Americans. It is the almost constant companion of the missionary and the traveller and it has won to itself firm friends wherever it has become known.

We have received unsolicited many testimonials, showing its remarkable success in curing Sudden Colds, Coughs, Sore Throat, Diphtheria, Fever and Ague, Headache, Billions Fever, pains in the side, Back, and Loins, as well as in the Joints and Limbs; Neuralgic and Rheumatic pains in any part of the system, Toothache and pains in the Head and Face.

As a Blood Purifier and Tonic for the Stomach, it seldom fails to cure Dyspepsia, Indigestion, Liver Complaint, Acid Stomach, Heartburn, Kidney Complaint, Sick Headache, Piles, Asthma or Phthisis, Ringworms, Boils, Felons, Whitlows, Old Sores, Swelled Joints, and General Debility of the System.

It is also a prompt and sure remedy for Cramp and pain in the Stomach, Painters' Colic, Diarrhoea, Dysentery, Summer Complaint, Cholera Morbus, Cholera Infantum, Scalds, Burns, Sprains, Stings of Insects, Scorpions, Centipedes, and the Bites of Poisonous Insects and Venomous Reptiles.

To the name of our medicines, "PAIN KILLER," which is our trade mark, we have the exclusive right, which we have never failed to sustain in law in any of the numerous actions brought against parties putting up or selling articles under that name, or one so similar as to mislead the public; and we would caution the public against all imitation of our preparation, either in the name or style of putting up.

We continue to prepare the PAIN KILLER from the best and purest materials, and with a care that ensures the most perfect uniformity in the medicine.

The above Medicine is constantly kept on hand and for sale by Drs. WHITE & WESTERFIELD, Druggists, Lafayette, Oregon. No. 41, 3m.

French Medical Office.

DR. JULIEN PERRAULT, Dr. of Medicine, of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptist Society of San Francisco.

Dr. Perrault has pleasure to inform patients and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North East Cor. Montgomery and Sacramento streets, San Francisco. Rooms Nos. 9, 10, 11, first floor, up stairs, entrance, either on Montgomery or Sacramento st.

Dr. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and physical debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility; and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward. Patients laboring under this complaint will complain of one or more of the following symptoms: Nocturnal Emissions, pains in the Back and Head, Weakness of memory and Sight, discharge from the Urethra on going to stool or making water, the Intellectual faculties are Weakened, Loss of memory ensues, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that sight and hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pains, and numbness of the body. Some of the most common symptoms are pimples in the face, and aching in different parts of the body. Patients suffering from this disease should apply immediately to Dr. PERRAULT, either in person or by letter, as he will guarantee a cure of Seminal Emissions and impotence in six to eight weeks.

Patients suffering from Venereal disease in any stage, Gonorrhoea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

Dr. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic disease can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till they are worn out and discouraged, to call upon us.—Low charges and quick Cures.

Ladies suffering from any Complaint incidental to their sex, can consult the doctor with the assurance of relief.

FEMALE MONTHLY PILLS.

Dr. PERRAULT is the only agent in California for Dr. Biot's Female monthly pills. Their immense sale has established their reputation as a female remedy, unapproached and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On receipt of five dollars these pills will be sent by mail or express to any part of the world, secure from damage or curiosity.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery sts., Rooms, 10 and 11, or Box 973, P. O. San Francisco, stating the case as minutely as possible, general habits of living, occupation &c. &c.

All communications confidential. 24.
