## AGENTS FOR THE COURIER.

The following are our duly authorized agents to receive and receipt for subscriptions and advertisements for the Courier:

Hudson & McCarty,	San Francisco.
L. P. Fisher,	Lafayette.
Dr. H. F. White,	Amity.
Hon. C. H. Burch,	Dayton.
Dr. J. Dodson,	McMinnville.
Hon. W. T. Newby,	Muddy.
Andrew Baker,	North Fork.
J. M. Fryer,	West Chehalam.
Hon. A. Shuck,	East Chehalam.
D. Ramsey,	Wheatland.

## McMinnville Ditch Enterprise.

Parties from McMinnville, with whom we have conversed lately on the subject, assure us that operations will ere long be commenced looking to the construction of the proposed water ditch at the earliest practicable time. When completed, this will be one of the most valuable franchises in the State. Capitalists cannot embark their funds in any enterprise which promises larger or surer dividends. We are told that some of the stock will be taken by Marion county capitalists, who, having had a practical exemplification of the permanency, utility and profitability of artificial water privileges in and around Salem, have no hesitation or misgivings as to the success of the McMinnville Ditch.

## The Mails.

By virtue of an arrangement recently made, Mr. Field's route has been extended to McMinnville, and the post office at that place has been made the "distributing office," instead of Lafayette, as heretofore. By means of this arrangement much confusion and inconvenience has been removed. The mail from the South arrives here per Schedule time at one o'clock on Tuesday and Friday of each week. The Portland mail, which only tarries seven minutes in Lafayette, arrives here on its way to McMinnville about 10 o'clock, a. m., same days. In this way McMinnville is deprived of its mail matter from the South and Dayton of do. from Portland until the "next trip," all the while. It is said that the change was effected in response to petitions from McMinnville. If this be so, she simply caught a tartar, that haul. Matter mailed at Salem, or coming from anywhere South from which direction all "States letters" come, will reach McMinnville three days after the time it should have reached that point, while mail matter from Portland is subjected to a like delay before reaching Dayton. Something wrong.

## Washington County.

Our esteemed friend and learned correspondent, Dr. F. A. Bailey of Centerville, Washington county, promises to keep us regularly posted in all matters having a local interest in that portion of the State. The circulation of the COURIER is increasing very fast, not only in Yamhill, but in other counties of Oregon. We ought to have in Washington county, ten subscribers to whom we have one. We hope our friends in that fertile region will take a lively interest in increasing our circulation amongst them. Dr. Bailey and Mr. Blanchard, are our duly authorized agents to receive and receipt for subscriptions and advertisements in their respective localities.

## What's the Matter?

Several months since, the post office at this place was made a postal money order office, and our Postmaster furnished and instructed accordingly. Nothing remained but for Mr. Simpson to execute and forward the required bond, which he did, and has since heard nothing from the promised return. What's the matter?

## Federal Taxes.

R. M. Porter, Esq., Asst. Assessor of this Dist., writes that he is now making out his annual list, and that parties interested will save themselves, and him, trouble, by being prepared immediately.

Persons concerned can lose nothing by being ready with their accounts promptly made up, while the Assessor will be saved much annoyance.

## Tillamook County.

We tender thanks to Mr. Wm. Squires for a list of Tillamook subscribers lately forwarded us. Mr. Squires is authorized to receive subscriptions and transact business generally in Tillamook county for the COURIER.

Our subscribers in Tillamook may rest assured that all important items of news will reach them through the columns of the COURIER in advance of any other paper they can get. It is issued the same day on which the mail leaves Lafayette for that county. We do not pretend to publish more than a brief synopsis of the telegraphic news, for it is obvious enough that, taken in detail, it is a bore to the general reader.

We shall soon effect an arrangement with a competent party in Tillamook county to correspond regularly for the COURIER, and thus be enabled the better to serve the interests of that, for the time being, isolated section.

## McMinnville Navigation Company.

Mr. C. G. Taylor was in town yesterday on his way to Portland in the interest of the Company, looking after machinery for a new boat to be constructed at the Company's dock during the present season.

We noticed his Excellency, Geo. L. Woods, on the street late yesterday afternoon.

## National College.

This institution is now in the full tide of successful operation in Portland. This is especially gratifying to all who take a pride in the solid progress of our young State. The sum of fifty dollars cannot, in any other school, be so advantageously expended. There is no young man in our knowing but can raise the required amount to be expended, and spare the time required to be devoted, (more for some and less for others) to acquiring a good, practical, business education. Any person will be substantially benefited by taking a course in this school. If our business was of a character to admit of our absence from it, we most assuredly should attend this college. We are pleased to know that many have gone, and that more will go, in this county, and avail themselves of the superior advantages offered at the National College of Business and Commerce, Portland, Oregon.

## We Were Correct.

We last week copied an item from the Enterprise concerning a sad accident to Mr. Blackwell, at Oswego, by the falling of a derrick, and predicted that it was the same Mr. Blackwell who formerly resided in this place. We were correct. From Mr. A. Hall, of Stringtown, we learn that Mr. Blackwell lingered in great agony, from Saturday until the Friday following when he died of his injuries. He leaves a wife and two well grown up sons to mourn his loss.

## Contract Let.

The contract for furnishing and building the Lafayette Seminary, was awarded to our fellow townsman, Hank W. Allen. For all the work and furnishing embraced in his bid, he gets thirty-two hundred and fifty dollars. He enters into bonds and proceeds with the job. Bids from Portland, Oregon City and elsewhere were received, ranging all along from three to six thousand dollars! The difference between the sums named in the highest and lowest bids, being quite sufficient, if expended economically, to have built the house.

## Commendable Progress.

We called in at Prof. Cary's Select School rooms on the afternoon of Friday last, and witnessed recitations by one arithmetic and one grammar class, (small scholars) and must confess our surprise at the progress the scholars, as it were, had made. Answers were rendered simultaneously by all the members of a class composed of about ten pupils, with such exactness and minuteness of detail, as to betray a wonderful acuteness of memory as well as remarkable application to study. If we desired to study analytical grammar, we would only need to have command of Prof. Cary's juvenile grammar class, with authority to "set it in motion." He would be obtuse indeed who could not learn the science from witnessing recitations by this class.

## Close of his Third Term.

Prof. Cary closed the third term of his Select School in this place on Friday last. He will give a vacation of one quarter, during which time he will complete his new and commodious School House, and immediately after which he will proceed with his school regularly and promptly.

He appeals to those indebted to him for tuition or for anything else, to come forward and PAY UP! He needs money and must have it in order to proceed to advantage with the improvements he has under way and in contemplation.

ATTORNEYS FROM ABROAD.—Quite a respectable number of Atty's from abroad, most of whom have already illuminated our sanctum with their countenances, are in attendance on the District Court this week.

Portland is represented by Hons. Lansing Stout, C. Beal, and David Logan; Salem, by Mr. C. G. Curl, while Judge Hayden and the District Attorney—Sullivan, represents Polk county, miscellaneously.

## Snug Little Farm for Sale.

Mr. James Thomas advertises for sale, a farm of convenient size, lying on the Salem road two miles south of Lafayette. A good barn, dwelling house and orchard with sixty acres of good land, can be had at a bargain, by calling soon.

Mr. D. M. FIELD is running his back now on the Lafayette and Portland Mail route, and Mr. Squires is making regular trips across the mountains to Tillamook.

No News.—Our dailies by yesterday evening's boat contain no news of importance, further than the announcement by telegraph that Senator Nesmith has been tendered the appointment of Minister to Austria, which it is thought he will decline.

Circuit Court.—The Circuit Court, Judge Boise presiding, is in session this week. We are told that the calendar for this session is unusually full, though quite a number of cases go over per agreement of parties. We will publish the proceedings in full next week.

## New Post Office in Tillamook.

A post office has been established over it. Tillamook called Nestockton, and Mr. Leonard Kilam has received the appointment of postmaster.

READ THE ADVERTISEMENTS.—The man who does not read the advertisements in his home paper, can never be said to be well posted. The advertisements indicate not only the business enterprise of the place in which they are published, but the enterprise of the advertiser. When you see a man who advertises liberally, you may be certain of finding a good stock of goods in his store, that he keeps up with the market, and sells cheaper than those who do not advertise. If you want good bargains, always patronize those who avail themselves of the advantages offered through the advertising columns of their home paper.—*Advertiser's Gazette.*

## RELIGIOUS NOTICES.

Elder S. C. ADAMS conducts religious services at the Church in Lafayette, on the first Sabbath of each month, at 11 o'clock a. m. Rev. J. Spencer will preach in Lafayette on the fourth Sabbath of each month, at 11 o'clock, and Rev. G. H. Greer at 11 o'clock on second Sabbath.

## For Sudden Colds, Coughs, &c., &c.

Sudden colds and hard coughs can be cured immediately, as hundreds can testify, by mixing about one teaspoonful of Perry Davis' Vegetable Pain Killer with four tablespoonfuls of molasses, mixed well together and taken as your coughing spell comes on; three teaspoonfuls of the mixture will answer for a dose. Also rub a little of the Pain Killer on the hands, and inhale the scent of it into the lungs. After you have taken the medicine, bathe the throat and around the collar bone, also across the upper part of the breast and down the sides, if they have been made sore by coughing, and you will soon get relief if you do not neglect it too long. The sooner this medicine is applied the more speedy the relief. In all cases, if you do not get relief in thirty minutes, take it again, and bathe freely according to directions.

Travelers are always liable to sudden attacks of dysentery and cholera morbus, and these occurring when absent from home are very unpleasant. Perry Davis' Vegetable Pain Killer may always be relied upon in such cases. As soon as you feel the symptoms, take one teaspoonful in a gill of new milk and molasses, and a gill of hot water. Stir well together and drink hot. Repeat the dose every hour until relieved. If the pains be severe, bathe the bowels and back with the medicine, clear.

Fishermen, so often exposed to hurts by having their skin pierced with hooks and fins of fish, can be much relieved by bathing with a little Pain Killer as soon as the accident occurs; in this way the anguish is soon allayed; bathe as often as once in five minutes, say three or four times, and you will seldom have any trouble. v2 n10 4w

## New Picture Gallery!

W. H. CATERLIN has fitted up a GALLERY in Lafayette in complete style, where he is prepared to take

Photographs and Ambrotypes on short notice and in the best style of the art.

Ladies, Gentlemen, Children: old and young, all can be accommodated by presenting themselves for that purpose.

Exchanging Photographs is all the rage now with young gentlemen and young ladies. Call and get a supply, and if I do not please you I will charge you nothing. v2 n10 4w

## A FAMILY MEDICINE.

DAVIS' Pain Killer is a purely vegetable compound, and while it is a most efficient remedy for pain, it is a perfectly safe medicine, even in the most unskillful hands. For summer complaint, or any other form of bowel disease in children or adults, it is an almost certain cure, and has, without doubt, been more successful in curing the various kinds of CHOLERA than any other known remedy, or the most skillful physician. In India, Africa, and China, where this dreadful disease is ever more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates, a sure remedy.

Gents:—Having used and witnessed the beneficial effects of Perry Davis' Pain Killer, I take great pleasure in recommending it to the public as the very best Family Medicine with which I am acquainted. In this establishment are employed nearly one hundred persons, and your Pain Killer has been used with the most astonishing results. For four years not a single severe case of Cholera, Summer Complaint, or Dysentery, but has yielded like magic to the curative powers of the "Killer;" and for cuts, bruises, etc., it is in almost daily use, and with like good effects. JOHN TANNER, Foreman of Wrightson & Co.'s Printing Establishment, Cincinnati, Ohio.

## Perry Davis' Vegetable Pain Killer.

The Great Family Medicine of the Age! Pain Killer, taken internally, should be administered with milk or water, and sweetened with sugar if desired, or made into a syrup with molasses. For a Cough, a few drops on sugar eaten will be more effective than anything else. For Sore Throat, gargle the throat with a mixture of Pain Killer and water, and relief is immediate and the cure positive.

It should not be forgotten that the Pain Killer is equally as good to take internally, as to use externally. Each bottle is wrapped with full directions for its use.

## Please Read the Printed Directions.

## An Antidote for Poison.

The Pain Killer.—Rev. T. Allen, writing from Tavoy, Burmah, says: "Within the past four years, I have used and disposed of about five hundred bottles, but am now out. Please send me a fresh supply as soon as you can—say two hundred bottles. I dare not be without it myself, and there are endless calls for it, both by Burmans and Karens. I always take it with me into the jungles, and have frequent occasion to use it, both on myself and others. One night, while sleeping in an open Zayat, I was awake by a most excruciating pain in my foot. On examination, I found I had been bitten by a centipede. I immediately applied the Pain Killer, and found instant relief. In less than an hour I was again asleep."

Rev. Mr. Hibbard, writing from Burmah to his father, says: "I have used Davis' Pain Killer for coughs, colds, summer complaints, burns, and for the sting of scorpions, with uniform success. We always keep it where we can lay our hands on it in the dark, if need be." v2 n11 4w

## THE PAIN KILLER,

So justly celebrated, was introduced to the public many years ago, and now enjoys a popularity unequalled by any other medicine. For the cure of diphtheria, dysentery, cholera morbus, rheumatism, coughs and colds, scalds, burns, etc., it is without an equal.—Sold by all the principal druggists.—DAILY PLAINDALER, Cleveland, Ohio.

Perry Davis' Vegetable Pain Killer possesses virtues which not alone remove pain instantly, but regulates the stomach, gives strength, tone and vigor to the system. It is one of those medicines which is worth more than gold.

### IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I flew to my bottle of Davis' Pain Killer, and found it to be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience." v2 n8 4w
