

THE DEMOCRATIC RALLY at Sheridan was a pleasant and happy meeting, though Judge Hayden and Stout who had been invited, failed to appear. They are both good speakers and would have been listened to by the Democratic portion of the audience with great pleasure; and by the Republicans too, did not the powerful logic and withering blasts of those gentlemen cause the Rads to rest uneasy in their seats.

We addressed the meeting and were followed by W. T. Newby, Esq., who clearly exposed the fallacy of the Rads, that Congress may abolish a State when it please under the clause that "Congress shall guarantee to each State a Republican form of Government," and draw a comparison between Kentucky and Tennessee.

A NEW HAND AT THE QUILL.—During the absence of the veteran and able editor of the Herald—Beriah Brown, our young, talented and accomplished friend Eugene Semple Esq. is conducting the editorial columns of that paper with masterly ability. The small "fat boy" of the Oregonian, jealous of the superior power of Mr. S. is indulging in low, vulgar attempts at witicism, concerning his name. Our devil says it reminds him of a gallinipper's attack upon a buffalo.

THE CIRCUIT COURT, is now in session in La Fayette to dispense justice and BARMAN, Bros. are in session in Portland to dispense gents, furnishing goods. There is this difference between the proceedings of the Court and Barmans:—all parties are seldom satisfied with the former,—but are always, with the latter.

JUDGE R. P. BOISE, and Messrs. Hayden, Sullivan, Beal and other prominent gentlemen from abroad are in town in attendance upon Court.

THE STEAMER arrived at the wharf, in La Fayette, last evening. We are happy in her arrival, and extend to Capt. Apperson, and crew, the freedom of the town.

THE DEMOCRATIC DEMONSTRATION at the Court house, held in rejoicement over the glorious news from the East, was a happy meeting. Let every man with a white mans heart, rejoice that passion is loosing her sway and reason is returning to her throne.

There will be a grand demonstration this evening, at McMinnville. Judge Hayden, and others, are expected to be present. We trust all will turn out, and we regret that time and space forbid further comments upon the matter, in this issue.

New York, Nov. 8.—The Herald's correspondent has been traveling in southwest Virginia and says every negro cabin contains a rifle and revolver. The negroes fight drill. The whites are in great terror and there is an apprehension of negro outrages.

The Herald's special says the regular force of the Department in Washington will be increased and ready for any emergency.

Surgeon and Oculist.—Dr. Brown advances in the Herald that he is ready to treat successfully diseases of the eye, etc. He does not claim to be infallible, which is a good evidence that he has great ability in the line of his profession. His office is in Carter's Building.—Herald.

In a country where the natural desire of the people is to reach the highest point in art, it is very difficult for success to be obtained without the most arduous labor. Public opinion is extremely exacting and not always just; but often unjust and cruel criticism has produced the most beneficial results; the greatest improvements have been made under continued discouragements, and in many successful efforts defeat seemed certain to all except those concerned. In no one branch of art has there been more trials and failures, and in no single instrument is there so many different parts to perfect in order to make the whole a success, as the Piano Forte; this is always attended with great expense, requiring large capital and patient perseverance. GROVSTEN & Co., 499 Broadway, N. Y., commenced manufacturing Pianos thirty-six years ago, and are one of the oldest houses in the country. They differed from the rest of the makers in this respect—they aimed to make the best instrument, and to sell it for the smallest profit. These Pianos today cannot be excelled. Their singing quality is pure, full, and easily retained through the most lengthy passages. For power they are unparalleled, and are celebrated for their great brilliancy, exquisite touch, and elegance of style and finish. n42 41.

PORTLAND ADVERTISEMENTS.

DR. G. W. BROWN,
Physician, Surgeon and Oculist, Located in PORTLAND, OREGON.

TO THE AFFLICTED OF OREGON.
Greetings. DR. G. W. BROWN still continues to treat the eyes. Surgical operations skillfully performed on the eyes for film, cataract, strabismus or cross eyes and all operations that are regularly performed on the eyes. Many patients can be seen at his office in all stages of recovery. None need stay away, for a cure is certain in all the various diseases of the eyes. The Dr. would call the attention of the afflicted to the fact that he is prepared to treat the following diseases: Rheumatism in all its various forms, Liver Complaint, Dropsy, Tumors, Cancer and Fungoid Growths, wherever located, Bronchitis, Consumption where a cure is curable, and all various diseases of the human body.

The Dr. would call the attention of those who have injured themselves by improper indulgence, or are afflicted with loss of sexual powers, Seminal or Night Emissions, and all the horrid consequences of self abuse.

The Dr. would say to the public, that he has again commenced the manufacture of his celebrated medicine for the benefit of those who are not in reach to get treatment. They can be had of all druggists and medicine dealers on the Pacific coast.

The Dr. does not claim for them, as much as is claimed by the manufacturers of patent medicines generally, that they will cure everything. They are only intended for what they say they will cure. They only pretend to cure one thing within itself, and no more, and it is sure to do so. A good recommendation for the medicine is found in its use.

List of Dr. G. W. BROWN'S Celebrated Medicines. Blood and Liver Syrup, Lung Balsam, Eye Lotion, Lintiment, Aque Cure, Pain Extraditor, Vermifuge, Tonic Bitters, Pine Ointment, Specific Balsam for Gonorrhoea, Gleet, Strictures and Gravel, and all the various diseases of the Kidneys and bladder.

HAVE JUST RECEIVED THEIR crowning and justly deserved merit and reward at the World's Fair. We clip the following from the Pacific Musical Gazette.

A MERITED REWARD.—The extraordinary capabilities of the Mason & Hamlin Cabinet Organs—the pure tone and other special qualities that distinguish them—have astonished the technically critical dilettanti in Paris: It was not supposed possible by them that such pipe-like tones could be produced from free reeds, and after undergoing the most rigid critical tests, they have received a first-class prize at the Exposition.
