OUR SCHOOL.

On Friday afternoon we dropped in upon the LaFayette School under the management of Messrs. Cary & Davis and must confess our great surprise at the perfection in order and deportment to which the school has been brought, as well as the rapidity with which the school seems to be progressing.

We shall not particularize, but we saw evidences of genius on part of certain boys and girls and we predict for our school that in five years from this time unless our directors should commit the error of many Oregon Districts—change their teachers as often as every six months, our school will not be second to any District school in the State.

We may say that the song from little Nanny, Shull was well executed. When she has learned to open her mouth while singing her music will be very attractive. A song from a little Master Johnson was well executed.

The Boy's paper contained many good things, and gave evidence of the coming ability of some of our boys to mount the tripod. The Girl's paper was far in advance of our expectations. We shall in our next issue give our readers a few specimens of the genius of the school in the way of composition. In this issue we have but room to call the particular attention of our LaFayette readers to the following which we copy from the boy's paper—the [Onward.

The College is a large two-story building pleasantly located in the eastern part of the Village, on the north side of Main street. Our department, which is the lower, is kept very clean and neat by our teacher. He is always at his post. We suppose the teacher and upper apartment to be the same.

But there is one thing sure, fellow citizens; if the school is worth patronizing, it is worth while to build a side-walk in order that your children may get to school without getting their feet wet. You cannot say that you are out anything by paying \$1 00 towards it, and the probability of saving your children's life is worth the experiment. Trusting the citizens will look after this matter, we will leave it with you.

INTERNAL REVENUE.—We are requested to state for the benefit of whom it may concern, that all persons who receive blanks from the U. S. Asst. Assessor for Income must make their statement, properly sworn to, and return without delay.

All statements must be made upon a legal tender basis at 75 cts on the dollar. Persons neglecting to make returns make themselves liable to the penalties of the law.

DECREASE OF CATTLE.—News reaches us from every quarter of the State that stock are rapidly sinking from the effects of cold and starvation. Those who are competent to judge say that at least one half the stock in the country will have perished before the opening of spring. In consequence of these reports and the actual expense in procuring fair beef cattle, our butchers are raising the price of beef. [Portland Bulletin.

THREE SUNS ARISE IN THE HEAVENSE AT THE SAME TIME.—A gentleman who arrived in this city yesterday from Lee county informs us that the people of that section were thrown into great panic and paralysis a few mornings ago by the wonderful spectacle of three suns rising at the same time. The central orb was encircled by a beautiful rainbow and surrounded by another iris which extended on either hand above the attendant suns. The two attendant suns were, of course but reflections of the bona fide on the clouds, and after a brief space these suddenly dissolved and vanished, leaving the real Sol solum. But the people of the country who had never heard of so strange a phenomenon, were satisfied that the world was on the crumbling verge of extinction, and that the hog business, in which they are so largely interested, was about to experience a thorough and final prostration. The spectacle is said to have been sublime and splendid beyond description, and inspired admiration even in the breasts of those who regarded it as the portent of awful supernatural developments.—[Lynchburg (Va.) Rep.

ANOTHER MAN SHOT.—A difficulty occurred at Lortown, last Saturday, about the sale of a cabin. "Dirty" Bill—alias Wm. Burchturf—considered himself the aggrieved party, procured a heavy rifle and fired at the nearest man of the party; but missed him, struck Mr. James Spear—who was riding off—in the back, the ball coming out above the left breast. Mr. Spear is in a critical condition. Mr. Burchturf came to Jacksonville the same night, surrendered himself to the Sheriff, and is in jail awaiting trial. [Kevelle.

OREGON HERALD.

(THIRD YEAR.) The "Oregon Herald" is published by the "Oregon Herald Publishing Association" Daily and Weekly, in the City of Portland, No. 7, Washington Street.

Beriah Brown, Editor.

The Daily is issued every morning, (Mondays excepted) It is delivered in the city at 37 1/2 cents per week, payable to the Carrier, and mailed to subscribers at \$10 a year. In politics the Herald is uncompromisingly Democratic, faithfully adhering to the Jeffersonian creed of equal and exact justice to all, special privileges to none; the support of the General Government in all its delegated powers, and the State Governments in all their reserved rights—the Constitution as the only basis of Union and guarantee for our liberties and future safety. It will ever subordinate party to patriotism, and submit all political differences to the test of free and fair discussion, with perfect toleration. It is also devoted, in a great measure, to the special interests of the city and surrounding country—to developing and fostering the commercial, agricultural, manufacturing and mining resources, in the element in which Oregon and its neighboring Territories are so abundantly endowed by nature. It possesses all the available advantage of a first-class newspaper, having all the Telegraphic Despatches and general news, together with good local and commercial reports.

THE WEEKLY HERALD

(The Largest Newspaper in Oregon) Is issued every Saturday morning, from the same office, at \$3 a year, payable in advance. It is printed on a large double sheet of eight pages, making forty-eight columns of reading matter including all the telegraphic despatches, political and general news, miscellaneous selections and commendable reports of the Daily, making a valuable family newspaper for all classes of society.

The publishers have the satisfaction of announcing positively that the experiment of establishing a first-class Democratic paper in Portland—which was regarded with so much doubt at the time—has proved a success. The Herald is now upon a firm basis, and its continuance is a guaranteed fact. This has only been accomplished by a large outlay of money by a few individuals, which can only be remunerated by the active exertions of the friends of the paper throughout the State. The cost to the paper of telegraphic despatches alone, has been nearly \$5,000 for the past year—which is more than the entire expenses of publishing any weekly newspaper in the State. No expense or effort will be spared to make the Herald in future second to none in the facilities of a first class newspaper, and the assistance of all interested in the enterprise is confidently relied upon. The third year commences on the 14th of March, 1868.

A. E. WAIT, President. Oregon Herald Publishing Association. T. PATTERSON, Secretary.

National College

—OF— BUSINESS AND COMMERCE! Portland, Oregon.

AN INSTITUTION WHERE YOUNG and Middle Aged Men are properly educated for practical life. Its great success is the legitimate result of thoroughness, and intrinsic merit. The school is conducted on the plan of the leading Business Colleges in the Atlantic States. It affords every advantage for and elsewhere on the coast, and many educational improvements never before introduced. It is our design to provide the public with an institution that shall be second to none. We intend that it shall be wanting in nothing that may contribute to the success of those who come here to prepare for business; and we can assure them, that if they honestly avail themselves of the advantages here afforded, they cannot fail in securing what they come to obtain—a practical business education.

TERMS OF TUITION

In consequence of our large facilities, we are enabled to accommodate all who may desire to avail themselves of the advantages of a thorough business education. Though our Tuition has heretofore been quite too low, considering the superior advantages afforded; yet we propose to continue the same liberal terms—\$50 for Life Scholarship—until December 1st, 1867. Tuition for the entire Business Course, on and after December 1st, 1867, will be \$60. Scholarships are good at the CALIFORNIA BUSINESS UNIVERSITY, San Francisco.

PREPARATORY EDUCATION.

An ordinary English education is all that is necessary on commencing. Should the student be found deficient in any branches, he will receive the necessary instruction, but a longer time will be required to complete the course. The time required to complete the course is generally from 12 to 16 weeks, according to the advancement and application of the student. Students enter at any time. Circulars containing full particulars, on application.

ALL OVER! The world people of sense and judgment have learned to use

Plantation Bitters.

Dyspepsia, with its symptoms, Headache, Heartburn, Feverish Lips, Bad Breath, Sallow Complexion, &c., can be cured by using PLANTATION BITTERS.

This is the most successful tonic of the age. Young, middle-aged and old, are delighted with its effects. The first trial always has a marked good effect.

No change of diet is necessary. Eat all you wish, of the best and most nutritious food. It is the greatest cure ever known for an overloaded and distressed stomach, which it relieves in a few moments.

We know that we have the best and most popular medicine in the world. We are not afraid to show what it is composed of.

Physicians are compelled to recommend it. CALISAYA BARK has been celebrated for over two hundred years, and was sold during the reign of Louis XVI, King of France, for the enormous price of its own weight in silver. It is remarkable for Dyspepsia, Fevers, Weakness, Constipation, &c.

CASCARILLA BARK.—For Diarrhea, Colic, and diseases of the stomach and bowels. DANDELION.—For Inflammation of the Lungs and Dropsical Affections. CHAMOMILE FLOWERS.—For enfeebled digestion.

LAVENDER FLOWERS.—Aromatic, stimulant and tonic—highly invigorating in nervous debility.

WINTERGREEN.—For Scrofula, Rheumatism, &c.

ANISE.—An aromatic, carminative; creating flesh, muscle and milk; much used by mothers nursing. Also clove-buds, orange, caraway, coriander, snake-root, &c.

S.T-1860-X

Another wonderful ingredient, of Spanish origin, imparting beauty to the complexion and brilliancy to the mind, is yet unknown to the commerce of the world, and we withhold its name for the present.

With this recipe before the community, and evidences of effects meeting them on all sides, the success of DR. DRAKE stands founded upon the rock of truth. Almost every family has some case of suffering which the PLANTATION BITTERS will alleviate and cure.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

Notice.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our United States stamp over the cork unimpaired, and our signature on steel-plate side label.

Sold by respectable dealers throughout the habitable globe.

P. H. DRAKE & CO., New York. Sole Proprietors. REDINGTON & CO., San Francisco, Agents for California and Nevada.

Mexican Mustang Liniment

The merits of this Liniment are well known. Its effects are instantaneous, soothing and wonderful.

Cuts, bruises, sprains and swellings, are so common, and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

READ THE FOLLOWING: "I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sore, Scalds, or Galls on Horses. Our men have used it for Burns, Bruises, Sore, Rheumatism, &c., and all say it acts like magic." J. W. HEWITT.

Foreman for American, Wells, Fargo's and Harnden's Express. "The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment." ED. SEELY. Gloucester, Mass., Aug. 1, 1863.

Quick and sure it certainly is. A genuine is wrapped in steel-plate engravings, bearing the signature of G. W. Westrook, Chemist, and the private U. S. stamp of DEMAS BARKS & Co. over the top.

An effort has been made to counterfeit it with a cheap stone-plate label. Look closely! Sold by all Druggists, and Stores, at 25 and 50 cts. and \$1.

Lyon's Fica Powder.

It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of fleas, ticks, bedbugs, roaches, &c.; that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals.

Bedbugs, Ants, Roaches, etc., are in every house. This Powder is their natural death. It should be in every cupboard.

JOHN L. ROME, Esq., Superintendent of the New York City Hospital, says: "It is the only sure article we have ever used." New York Hotel Proprietors say: "We have used

LYON'S MAGNETIC POWDER for exterminating insects and vermin, with entire satisfaction. Coleman & Stetson, Astor House. S. T. Cozzens, American Hotel. Acker & Thawell, St. Nicholas Hotel. S. Leland & Co., Metropolitan Hotel. Testimony of this character might be added to any length. Wherever it is used it overcomes itself. The genuine has the signature of E. Lyon, and the private stamp of DEMAS BARKS & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other. Sold by all druggists and general stores, keeps in every town and mining camp on the Pacific Coast. n 42 n 43 v 4
