BUSINESS AND COMMERCE

Portland, Oregon.

AN INSTITUTION WHERE YOUNG

AND MIDDLE AGED MEN are properly

educated or practical life. Its great suc-

cess is the legitimate result of thoroughness,

and intrinsism. The school is conducted

on the plan of the leading Business Colleges

in the Atlantic States. It affords every

advantage to be had elsewhere on the coast, and

many educational improvements never be-

fore introduced. It is our design to provide

the public with an institution that shall be

second to none. We intend that it shall be

writing in nothing that may contribute to

the success of those who come here to re-

ceive an education, and we can assure em

that if they honestly avail themselves of the

advantages here afforded, they cannot fail

in securing what they come to obtain—a

practical business education.

TERMS OF TUITION

In consequence of our large facilities, we

are enabled to accommodate all who may

desire to avail themselves of the advantages

of a thorough business education. Through

our tuition model relation we can quote too

low, considering the superior advantages at

hand; yet we propose to charge the same

internal rates—\$500 for the Scholarship—

until December 1st, 1867. Payment during

the entire Business Course, or on and
