L. P. FISHER, is our authorized Agent for San Francisco.

Messrs. Hyatt & McCarty, our authorized agents for San Francisco.

J. D. HOLMAN is our authorized Agent for Portland, Oregon.

AGENT FOR THE COURIER.

The following are our duly authorized agents to receive and receipt for subscriptions and advertisements for the COURIER:

Dr. H. F. White	Lafayette
Hon. C. H. Burch	Amity
Hon. W. T. Newby	McMinnville
Andrew Baker	Muddy
J. M. Fryer	North Fork
Dr. G. W. Goucher	West Chehalis
P. Ramsey	East Chehalis
Marion Hendrix	Wheatland
E. J. Lovelady	Dallas
Dr. F. A. Bailey	Forest Grove
Wm. Blanchard	Hillsboro
Wm. Squires	Tillamook

The indomitably energetic W. T. Newby, Esq., is going around with the candidates procuring signatures to a petition praying the County Court, to enter into a contract with the Oregon Central Railroad Co., that in consideration of the erection and construction of bridges across the Yamhill river, and keeping the same in repair and granting free transportation to all material and persons that it will be necessary to transport at County expense and to transport all Yamhill goods, wares and merchandise going to and returning from any State or county fair to or from this county, that said county will pay the interest at seven per cent per annum, for twenty years on seventy-five thousand dollars of the Company's bonds.

The endorsement of the interest, is to become fully perfect when the company shall have completed said road up to the Yamhill river.

Now, we all know that a small rate of taxation on the company's property, would more than pay the interest on the bonds. The County, therefore, by this step would only virtually exempt the company's property in part, from taxation, on condition that said Company build bridges, keep them in repair, transport, etc.

This indorsement, however, will be of great service to the company, as it will enable the Directors to sell the bonds, at a much better figure by which to avail themselves of the government franchises.

All who would help the road along, it appears to us, would do well to sign the petition. And we are pleased to announce that so far as the petition has been circulated, it has been liberally signed, and by almost everybody, so far as we have heard.

The foregoing was prepared last issue, but by a mistake of our foreman in making up the forms and a portion reduced to "print" we could not give it place last week, as we did not get our paper off, even as it was, until near noon.

Since writing the above, much progress has been made in the matter, and we think near nine-tenths of the persons, to whom the petition will be presented, will sign it with much pleasure. Mr. Simpson the La Fayette post master, and ourself have copies for signature.—Come on and sign it.

CAPT. JOHN F. MILLER.—This gentleman made a bet, a few days ago, with a gentleman of this county of several thousand dollars worth of property that Jo. Smith would be elected by two hundred majority.

EASTERN OREGON. Hon. B. Hayden brought down with him one thousand dollars to bet that Eastern Oregon would give Jo. Smith seven hundred majority. Every where we are gaining. On to the breach dear friends.

Prof. King's school is increasing in numbers, and in a flourishing condition.

We are under obligations to Hon. H. W. Corbett, for favors.

Vote the Democratic Ticket.

I repeat, I am for the Union; I am for preserving all the States. I am for admitting into the council of the nation all their Representatives who are unmistakably and unquestionably loyal. A man who owes allegiance to the Government, and who swears to support the Constitution, must necessarily be loyal. A man cannot take that oath in good faith unless he is loyal.—ANDREW JOHNSON.

DISFRANCHISING NAGERS, WIMMIN AND HOGS.

Kansas paper has story of the late State election. In some of the counties the question of a hog law was submitted to the voters; at the same time the constitutional amendment was.

In one of the counties, a lady wrote after the election, an Irishman called at the house of a neighbor lady, who had been deeply interested in the question of woman suffrage. The lady took occasion to ask him:

"Mr. H, how did you vote on the amendments?"

"The amendments?" replied he, "hardly understanding what she meant?"

"Yes; on the question of allowing the women and negroes to vote, and prohibiting the rebels from exercising the right?"

"Well, now, Mrs. M.—, to tell you the truth, I voted again the niggers and the wimmin, and the hogs, be dead! So I did."

HAVE YOU READ?—H. W. Adams' exposure of Dave Logan. One of two things is true that you must doubt the word of Mr. A., a gentleman of unimpaired veracity, or write Mr. Logan as the lowest scoundrel in the scale of morality and common honesty to any man in the State. If you believe the statements how can you vote for him?

Can a friend of Logan vote for S. C. Adams after reading Adams' letter to McBride?

Here is what Henry Clay said as early as 1843, in a letter to the Rev. Walter Cotton: "If the abolition party succeed, the slaves being free, will be dispersed through the Union; and it is in competition with the free laborer; with the American; the Irish; the German; reduced his wages, be confounded with him, and effect his moral and social standing. And as the ultras go forth to unite in marriage the laboring white man and the laboring black woman, to reduce the white-laboring man to the despised and degraded condition of the black man."

The impeachment trial is considered by prominent republicans as virtually abandoned; Tremble, Fessenden, and others having been hushed off from the party, and still the yeomen.

The results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal; for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients laboring under this complaint will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are weakened, Loss of Memory ensues. Ideas are clouded and there is a disinclination to attend to business or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain and numbness of the body; some of the most common symptoms are pimples in the face and itching in different parts of the body.

Patients suffering from this disease should apply immediately to Dr. Perrault, either in person or by letter, as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from Venereal disease in any stage, Gonorrhoea, Gleet, Stricture, Syphilis, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully; all Syphilitic and Mercurial taints entirely removed from the System.

Dr. Perrault's Diplomas are in his office, where patients can see for themselves that they are genuine and a regularly educated and practiced doctor. The best references given on request.

Patients suffering under Chronic diseases, especially those of the lungs, should not know everything, nor to cure everybody; but we do claim that in all cases taken under treatment we fulfill our promises.—We particularly request those who have tried this boasted doctor and that advertised physicians but worn out and discouraged to call upon us.
