Change of Base.

That spiey little Daily, of San Francisco, the DRAMATIC CHRONICLE, has left the radicals and giving in its adhesion to the Democracy. "Hear him."

If Andy is acquitted, over goes the Radical apple cart. Three or four months ago we thought that GRANT was bound to go into the White House without a fight—that there would be no opposition, and that he could just walk over the track at his leisure, with his cigar in his mouth, and his hands in breeches pocket. But things don't look that way now. It really seems as though the unterrified Democracy were getting up their backs, and were likely to make a rather lively fight of it with PENDLETON, or SEYMOUR, or VALLANDINGHAM, or GOV. HAIGHT, or FRANKLIN PIERCE, or HANCOCK, or BRICK POMEROY, or MILES O'REILY, or HARRY BYRNE or some other representative Democrat as their standard bearer. In our judgment, things begin to look mixed. We are not prepared to bet our pile on the conquer of LEZ, with his cigar in his mouth and his hands in his breeches pocket. Furthermore, we begin to suspect that our political complexion has been altogether too dark."

Proposed Amendment.

Charley Stoddard is getting on with his poem for the 3d of June. The following "apostrophe" to science, art, railways, telegrams, photographs, etc., occurs towards the close:

Triumphs of science, and of arts that bind in closer fellowship all human kind.
The railway knitting with its iron bands in amity and love, sea-sundered lands.
The electric wire, along whose circuit fly from East to West kind greeting and reply.
By which the Continents speak across the seas.

In friendly words and messages of peace.
A cynical Oakland critic pokes fun at the phrase "sea-sundered lands," on the ground that there is no railway across the Atlantic, and objects to the four lines as being too sentimental and unbusiness-like. He suggests as an improvement which will combine truth with poetry, the following amendment;

The electric wire along whose circuit fly.
The news when wheat is dear, or gold is high.
By which the Continents speak across the seas.

Telling the pride of petty and of peas.
This is certainly an improvement. "Seas" and "peas" make a better rhyme than "seas" and "peace," besides there are more telegrams sent across the wires relating to the prices current, than there are "friendly words and messages of peace." Chronicle.

Words that burn.

"If the infernal fanatics and Abolitionists ever get power in their hands, they will override the Constitution, set the Supreme Court at defiance, change and make laws to suit themselves, lay violent hands on those who differ with them in their opinions or dare question their infallibility, and finally bankrupt the country and deluge it with blood." [Daniel Webster.

ACCOUNTED FOR.—A prominent republican, in Dayton precinct, last Wednesday, on hearing the news of the election, said;

"I won't give a cent for the Railroad, for they started thirteen railroads in California last year, and we lost thirty thousand votes, and they have only started two here and we're lost there."

"Freemen of the North! Know that the clutch of usurpation is at the throat of you, Ministers of Justice, that your treacherous servants determined to destroy your Constitution, defended by your Chief Magistrate, have desperately resolved upon abnegating the legislative branch of your Government, entrusted to their perfidious hands, and in order to demolish all restraint of treason are about to destroy all the departments of government, even their own and lifting your liberties from your sovereign shoulders, to lay all at the feet of a military despot. Know people of the great, free North, that your chains are forged, that the bayonets, as it were, are sharpened, the muskets charged, the orders written, that are to mete out to each one of you what liberty, what property what life he shall retain. Behold, all your fire sides the apparition of the guard for a midnight arrest, in your places of worship the armed censor of your prayers, in your fields, at your work tables, on the high road the snaky and skulking detective. Listen! You may hear the drum, as it drops in at your startled ear, the palsy that thickens your yet free tongue. We tell you that the Supreme Court is to be struck down, that the equal balance of the Three Great Departments is swaying from its equilibrium that the great tripod of the Republic is to be broken up, that from political temples your betrayers are banishing your gods, and from the genius of your freedom are wrenching her invaluable sceptre. That a few wretches, drunk upon irresistible power, loathsome with guilt, hideous with blood, and mad with lust, may riot in your halls of power, through the degradation of the South, your liberties are to be destroyed, your Constitution subverted, your Republic dissolved and your name dishonored among nations forever." [National Intelligencer.]

The 18th. Do not forget that on the 18th inst., the question of paying the interest on the Railroad bonds is to be fully examined before the County Court.

Every property holder is interested in this matter and should be present and hear the matter presented. Let every body turn out.

We had the honor of a call from Gov. Daniels last Wednesday.

Do not fail to be present, on the 18th, to witness the determination of the Railroad matter, before the County Court.

Thirty one citizens of Oregon went out on the last steamer, to seek homes in the Argentine Republic in South America.

We are away from home, and our friends will pardon lack of matter, etc. We think we have provided enough "copy." It may be too much, in which case the devil, or some one else may not make the selection we would, if personally present.

Our friend, the historian, Isaac Cox, of Josephine is again elected to the Legislature.

The Columbia river is rising.

Thanks to col. White of the Cliff House—Oregon City, for favors.

Gen. Brisban writes a letter to the Cincinnati Gazette for the purpose of contradicting the newspaper report that he is the son-in-law of old Ben Wade. We would therefore respectfully request the public to withdraw their sympathy from both.

The negroes are getting an overshare of the offices in Tennessee. They bear their hot's very haughtily. The most over bearing and insolent creature in official position. He regards white men as his cattle, his horses asses.

The Blacks of the South, like those in the West Indies, are, as a result of emancipation, fast becoming brutalized. If they continue to make their present rapid progress towards beasthood, they will in a very few years get there. They will walk on all fours, and tails will sprout from their hindquarters.

Is the negro thankful for anything that is done to relieve and maintain him? No; Do what you will for him, he'll think that you haven't done enough. Give him half the money you have, and he'll think himself entitled to the other half. Bestow upon him the whole, and he'll think that you should go to work and earn more for him.

Seminal Weakness.—A sworn to Certificate of a most Remarkable Cure of Spermatorrhoea.

A desire to benefit suffering humanity and a feeling of gratitude to Dr. W. K. DOHERTY, induces me to make this statement. For many years I had been afflicted with Spermatorrhoea, the result of self-abuse but in 1855 experienced but little trouble or inconvenience; in that year I had Seminal Weakness to a fearful extent, which was followed by alarming symptoms, such as weakness of the back and limbs, dimness of vision, nervousness, etc. My mind, to be affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, but in no instance obtained more than temporary relief. I had, about concluded there was no relief for me in this world, but reading Dr. Doherty's advertisement, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last, I placed myself under his care; in one week I found myself very much improved, and now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles, and in the enjoyment of the best of health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself,

JAMES JOHNSTON, Subscribed and sworn to before me, this 15th day of January, A. M. 1864. [L. S.] G. RANDALL, Notary Public.

A great French Physician says: "More than half of the disease in the world comes from neglect to fortify the system against changes of climate, weather, and food. The great secret of health is to keep the condition of the Stomach and Blood regular and uniform, so that changes from Heat to Cold, from Dry to Damp, etc., cannot upset the machinery of the body, and breed disease. Now, it is a fact, positive and well known that there is no such bulwark and assistant, as the stomach as

PLANTATION BITTERS.

Important Certificates.

This splendid Tonic, now used by all classes of people for every symptom of a "Stomach out of order."

The secret of it is this: Plantation Bitters are certain to correct the juices of the Stomach, set all its machinery at work, and enable it to resist and throw off the approaching danger. The remedy of the operation of Nature is always toward a cure; all she needs is a little assistance at the proper time. How much more reasonable and sensible it is to help her along with a gentle, yet powerful Tonic than to deluge and weaken and defeat her curative processes with poisonous drugs and fiery mixtures, which only stupefy and plant the seeds of disease and death.

"I owe much to you, for I verily love the Plantation Bitters have saved my life. Rev. W. H. WAGGONER, Madrid, N.Y."

"You will send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use. Thy friend, ASA CURRIE, Philadelphia, Pa."

"I have been a great sufferer from Dyspepsia, and had to abandon preaching. The Plantation Bitters have cured me. Rev. J. S. CATHBURN, Rochester, N. Y."

"I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect. G. W. D. ANDREWS, Superintendent Soldiers' Home, Cincinnati, O."

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted Nature's great restorer. The public may rest assured that in no case will the perfectly pure standard of the PLANTATION BITTERS be departed from. Every bottle bears the facsimile of our signature on a steel plate engraving, or it cannot be genuine.

Any person pretending to sell PLANTATION BITTERS in bulk or by the gallon, is a swindler and impostor. Beware of refilled bottles. See that our Private Stamp is UNMUTILATED over every cork.
