

**A Legend of the Northland.**  
BY PHOENIX CARY.  
Away, away in the Northland,  
Where the hours of the day are few,  
And the nights are so long in winter  
They cannot sleep them through;  
Where they harness the swift reindeer  
To the sledges when it snows;  
And the children look like bears' cubs,  
In their funny, furry clothes.  
They tell them a funny story,  
I don't believe 'tis true;  
And yet you may learn a lesson,  
If I tell the tale to you.  
Once when the good St. Peter  
Lived in the world below,  
And walked about it preaching,  
Just as he did you know,  
He came to the door of a cottage,  
In traveling round the earth,  
Where a little woman was making cakes,  
And baking them on the hearth;  
And being faint with fasting,  
For the day was almost done,  
He asked her, from her store of cakes,  
To give him a single one.  
So she baked a very little cake,  
But as it baking lay,  
She looked at it and thought it seemed  
Too large to give away.  
Therefore, she kneaded another,  
And still a smaller one;  
But it looked, when she turned it over,  
As large as the first had done.  
Then she took a tiny scrap of dough  
And rolled and rolled it flat;  
And baked it thin as a wafer,  
But she couldn't part with that.  
For she said, "My cakes that seem 't small  
For me when I eat of them myself,  
Are yet too large to give away,  
So she put them on the shelf.  
Then good St. Peter grew angry,  
For he was hungry and faint,  
And surely such a woman  
Was enough to provoke a saint.  
And he said, "You are far too selfish  
To dwell in a human form,  
To have both food and shelter,  
And a fire to keep you warm.  
"Now you shall build as the birds do,  
And shall get your scanty food  
By boring, and boring, and boring,  
All day in the hard, dry wood.  
Then she went up through the chimney,  
Never speaking a word;  
And out of the top flew a woodpecker,  
For she was changed to a bird.  
She had a scarlet cap on her head,  
And that was left the same,  
But all the rest of her clothes were burnt  
Black as coal in the flame.  
And every country school-boy  
Has seen her in the wood;  
Where she lives in trees to this very day,  
Boring and boring for food.  
And this is the lesson she teaches,  
Live not for yourself alone,  
Least the needs you will not pity  
Shall one day be your own.  
Give plenty of what is given you,  
Listen to pity's call;  
Don't think the little you give is great,  
And the much you get is small.  
Now, my little boy, remember that,  
And try to be kind and good,  
When you see the woodpecker's sooty dress  
And see her scarlet hood.  
You mayn't be changed to a bird though  
You live  
As selfishly as you can;  
But you will be changed to a smaller thing  
A mean and selfish man.

**The Dallas Republican insinuates that Judge Hayden will quit the Democracy if they do not nominate him for office!** There is a fundamental error in that paper's calculation. It does not take into the account that Democrats, unlike Republicans, charge nothing for entertaining honest political views and adhering to convictions of duty. The average Republican leader is a Republican for price. Democrats are Democrats without the expectation of fee or reward.

**MAIL TO SALEM.**—Petitions are being signed at this place, Dayton, Wheatland and Salem, praying for a daily mail service from this to the latter named point. If the Postal Agent Hon. J. B. Underwood, could visit this part of the country we think the anomaly of the situation would be sufficiently apparent to him to justify that officer in putting the required service in operation at once.

"THE WORK GOES BRAVELY ON." CASE; 5,901.—SECOND SERIES.  
**GAUDALUPE MINE, San Jose, Aug. 15, 1871.**  
**DR. A. M. LORVEA & CO.**—For a long time I have been afflicted with rheumatism in my hands and feet. I procured some of your UNK WEED REMEDY, and after taking only three bottles, find that I am quite restored to health and strength. I have had the Rheumatism for eleven (11) years, and think that the success of the "UNK" in curing a disease of so long standing, in so short a time, is very remarkable.  
As a tonic and appetizer I have never met with anything equal to the "UNK WEED REMEDY." During the time I was taking it I gained fifteen (15) pounds in weight. Trusting that this certificate may be useful in inducing others afflicted as I was to try the "UNK."  
I remain, very truly yours,

**THE SUN FOR 1872.**  
**TO ALL WHO CAN READ.**  
**THE NEW YORK WEEKLY SUN DOUBLED IN SIZE WITHOUT INCREASE IN PRICE.**  
With the beginning of 1872 *The Weekly Sun* has been doubled in size. It contains eight pages instead of four, making it equal in dimensions to any other weekly secular journal published in this country. At the same time its price has not been increased. It will be furnished to subscribers at the uniform rate of one dollar a year for each copy. To this rate no exception will be made and no reduction will be possible, either to clubs or agents. Every subscriber who sends a dollar will receive a copy for a year.  
While *The Weekly Sun* thus furnishes as much reading matter as other papers published at double or treble the price, it will contain new features which will add greatly to its interest and value as a family newspaper. Its independence of opinion and its unqualified hostility to Tweedism and Grantism, and every form of public robbery, bribery, and corruption will be maintained, while in point of political news its readers may rely upon always receiving the most accurate as well as the freshest intelligence that can possibly be obtained. The enlargement enables us also to devote additional space to valuable agricultural intelligence, and to print interesting stories and romances more extensively than hitherto. For miscellaneous reading presenting the quaint and humorous aspects of life, and for useful information respecting not only what takes place in this metropolis and this country, but in all other parts of the world, we now have ample room.  
In its new form *The Weekly Sun* is the cheapest of its class in the United States; and we appeal to such of our readers as approve its aims and objects, and find it interesting and valuable, not only to renew their own subscriptions, but to recommend the paper to their friends and neighbors.  
This year is destined to be a memorable one in the history of the country. We are on the eve of a most significant Presidential election, and political movements will for many months be watched with unusual interest. As a journal, free from the trammels of party, *The Weekly Sun* will continue to uphold the principles of true Republican Government. Its readers are invited to sustain it in this work. The truth, irrespective of party prejudice or official influence, will always be told in its columns.  
**TERMS OF THE WEEKLY SUN.**  
A journal containing eight large pages, published every Wednesday morning.—To all mail subscribers, whether single or in clubs, one dollar a year each, always in advance.  
*Daily Sun*, by mail, 50 cents a month or \$6 a year.  
*Semi-Weekly Sun*, by mail, \$2 a year.

**The Unk Weed Remedy**  
—OR—  
**Oregon Rheumatic Cure.**  
**HISTORY:**  
This remedy is composed of the active principle of the Unk Weed, Eng.—Thapsium, Cordatum Niganiss; Lat.—Indigenous to Oregon—Grows most abundantly and perfectly in Washington county.  
**PROPERTIES, & C.**  
It contains an active volatile principle extracted by Ether, and a bitter tonic principle.  
**MEDICAL PROPERTIES AND USES.**  
It is the most sure and speedy cure for Rheumatism, Rheumatic Gout and Rheumatic pains of all kinds that has ever been introduced in the Materia Medica. The Unk Weed Remedy as prepared by us, in consequence of the existing bitter principle, possesses the necessary virtue of being a **POWERFUL TONIC,**  
Promoting the appetite and invigorating the whole Digestive Apparatus thus building up and strengthening the system while at the same time the volatile principle, being absorbed in the blood, acts specifically on the Rheumatic poison removing it from the circulation and system.  
There are few remedies known to the Medical profession, which will remove the Rheumatic poison from the blood, but whose action is so powerful in depressing the system of the already enfeebled Rheumatic patient, that their use has to be abandoned before specific effects are obtainable—hence the want of success in treating this prevalent, and in consequence incurable disease. Unlike these Medicines, already known, the "Unk Weed Remedy" thought producing as powerful and its active effects on the blood and system in removing the Rheumatic poison, also possesses a strong Tonic and recuperating element, which admits of its continued use even in the most delicate and debilitated. Thus we have the combination for the first time of these two necessary elements in the one remedy, which accounts for its superior and never failing curative effects in  
**RHEMATISM, RHEUMATIC GOUT,**  
—AND—  
**RHEUMATIC PAINS OF ALL KINDS.**  
We are aware of the fact that it is generally an easy matter to procure certificates attesting the efficacy of patent remedies from a certain class of those who use them. We have selected the following because of the most careful and scrupulous character, and because the large class of their acquaintances in Oregon will not, for a moment, accuse or suspect them of any exaggeration in the statements they may make.  
Certificate from **A. R. Shipley, Esq.**, special contributor to the "Williamette Farmer", and Secretary of the Oregon Horticultural Society.  
**OSWEGO, Or., March 28, 1871.**  
**DR. A. M. LORVEA:**  
Some four weeks ago I was entirely prostrated with Rheumatism; in fact I was almost helpless. I sent you for one 10-ounce bottle of the "Unk Weed Remedy," by the use of which I experienced almost immediate relief; and by the time the bottle was gone the Rheumatism was gone. From my own experience, and from what I have heard others say who have used the Unk Weed, I believe it to be a certain cure for Rheumatism. Yours, respectfully,  
**A. R. SHIPLEY.**  
Certificate from the Hon. **A. J. Dufur**, ex-President of the Oregon State Agricultural Society, and author of "Statistics of Oregon" **EAST PORTLAND, April 1, 1871.**
