The question having been dising dignified, we must do some cussed by our County Court as to the amount the Sheriff might legally claim for keeping prisoners Ramsey being overruled by the Commissioners, he wrote to several County Judges in the State to ascertain what the general practice in such cases is. The answers which we print below sustain the Judge's views in the matter.

to be suitable for stores, business offices, a Hall for Free Dicussion, Lectures Amusements, and finally, an office for the business purposes of the Boston Investigator. To accomplish this, we need the assistance and contributions of all the friends of Payne and of the Investigator, and believing our readers and other Liberals to be of that number on whom we may rely, we ask their aid assitunce by contributing liberally themselves and inducing others to do so. Subscriptions will be acknowledged in the columns of the Investigator. We have labored under many disadvantages during our connection with the Investigator, in providing suitable accommodations for our business and in securing a Hall for our Paine Celebration, and we appeal new to a Liberal public to come forward and help us to secure a permanent place for business and for

cure a permanent place for business and for holding our meetings.

Friends, Brothers, Sisters, the hour will come when we must cease from our labor.

The cause that the Proprietor and Editor of the Boston Investigator have expended their lives in, is an earnest voucher that not for self alone, but for humanity, they have worn away a life-time. And we invite all our friends to zealous and prompt action, as advancing age indicates that time waits for none. We all feel solicitous that our works shall live after we retire; and that our advocate of Freedom, our sturdy old Investigacate of Freedom, our sturdy old Investiga-tor, may still, for generations to come, sound our rallying cry—"For all Peoples, and all lands, forever Liberty."
