The report of the committee on credentials contained the following recommenda-

The Chair ruled the point not well taken, holding that until the report should be adopted one person was a member as much as another.

Mr. Ford appealed from the decision of the Chair, arguing that none but last year's members had a right to speak and vote until the report was adopted or rejected; then, others can be admitted to membership. DR. RADWAY'S

Circular to the Liberal Public.

WE PROPOSE TO PURCHASE OR erect in the city of Poston a build-ing to be known as the PAINE MEMORI-AL HALL, as a testimonial to the great services of THOMAS PAINE in the struggle for American Independence, and for Universal Mental Freedom. Said building to be suitable for stores, business offices, a Hall for Free Dicussion, Lectures Admuse-ments, and finally, an office for the business purposes of the Boston Investigator. To accomplish this, we need the assistance and contributions of all the friends of Payne and of the Investigator, and believing our readers and other Liberals to be of that number on whom we may rely, we ask their aid assitance by contributing liberally themserves and inducing others to do so. Sub-seruptions will be acknowledged in the colupons of the Investigator. We have labored under many disadvantages during out connection with the Investigator, in providing suitable accompodations for our basiness and in securing a Hall for our Paine Celebration, and we appeal now to a Liberal public to come for ward and help us to secore a permanent place for business and for

holding our meetings. Friends, Brothers, Sisters, the bour will ome when we must cease from our labor. The cause that the Proprietor and Sditor f the Boston Investigator have expended their lives in, is an earnest voucher that not for self alone, but for humanity, they have worn away a life-time. And we invite all our friends to zealons and prompt action, as advancing age indicates that time waits for. none. We all feel solicitous that our works shall live after we retire: and that our advocate of Freedom, our stardy old Investigafor, may still, for generations to come, sound our rallying ery -"For all Peoples, and all lands, torever Liberty."
