A LITERARY QUESTION.—Grant White, in his last linguistic article, says the New York Evening Post, presents a literary question for decision in a somewhat novel manner. He having, in "Words and Their Uses," given it as his opinion that since the days of Shakespeare and the King James translation of the Bible, the English language has undergone no great change, and that the additions to it have been "little except new words for new things," Dr. Hall said bluntly that "such could not be the opinion of one who had given attention to the development of English in modern times," and added that verbs, adjectives and adverbs had since the time in question come into our language "by thousands."

A NICE DISTINCTION.—The Supreme Court of Missouri has lately decided what is not "disturbing public worship." On a Sunday, some months ago, as it appears, a disturbance took place at a church in Warren county, in that State, just as the congregation was departing, after receiving the benediction. During the disturbance an assault was made by Jesse J. Jones. He was indicted under the law for the protection of religious worship, tried and convicted. The Judge, in his charge to the jury, on his own motion, instructed them in effect that the pious thoughts and impressions inspired by the service while the congregation were together were as much protected as the active services of the sanctuary, and refused to instruct them that when the service ended the law no longer applied. The case was appealed to the Supreme Court. The Court took a different view of the case, and held that the law only applied to a congregation in the act of worshipping, and, also, that the disturbance must have been willful and intentional; and that after the actual services were at an end, a disturbance, although an offense against the law, was not the offense for which the appellant had been indicted. The case was therefore, reversed and remanded.

BOARDING HOUSE FOR MILL GIRLS.—A Baltimore firm has recently opened a large new boarding house erected for single girls at work in their cotton-duck factory at Woodbury. The house is a four story frame containing 55 bedrooms. It is about 125 feet in length and 35 feet wide. Each bedroom contains two single beds and will have two occupants. Each apartment is comfortably furnished, and is 11 by 13 feet, with ceiling from 9 to 10 feet in height. On each floor there is a room for invalids, and all the necessary wash and bath rooms, closets and other conveniences. There are four parlors carpeted with Brussels carpet, and neatly and comfortably furnished; also a library, to be well stocked with books, magazines, and papers, and an organ for the use of the inmates. The kitchens, and other departments of a first class boarding house are represented to be all that could be desired. It is lighted with gas and heated with steam, and contains a steam laundry. Three meals each day will be furnished the boarders, and the house will be closed regularly at 11 P. M. The building and furniture cost \$35,000, and the charge for board and washing for each girl will be \$2.50 per week.

Fifteen pounds of dried apples were taken as pay for publishing a marriage notice by an Iowa paper, recently; which leads to the inference that the wedding was a swell affair.

A Rochester editor went hunting the other day for the first time in twenty-two years, and he was lucky enough to bring down an old farmer by a shot in the leg. The distance was sixty yards.

A man at Andover, Mass., does not believe in a fall in prices, because he has just sold for fifty cents a pocket-knife which he bought for that price in 1809, and has used steadily for sixty-four years.

When Major Pauline Cushman arrived in San Francisco lately, she wanted to lecture, but couldn't afford to advertise. So she just cowed a man in public, and is now one of the pearls of the platform.

GIBBARD'S SECTION.—Stephen Girard used to say in his old days: "I have always considered advertising liberally and long to be the great medium of success in business, and the prelude to wealth. And I have made it an invariable rule to advertise in the busiest times as well as the busiest, long experience having taught me that money thus spent is well laid out, and by continually keeping my business before the public it has secured many sales that I otherwise would have lost."

Advertise Your Business. Keep Your Name before the Public. Judicious Advertising will insure a Fortune. If Business is Dull, Advertise. If Business is Brisk, Advertise. The man who didn't believe in advertising has gone into partnership with the Sheriff, and that official does the advertising.

WINEGAR BITTERS

Vinegar Bitters are not a vile Fancy Drink, nor a Poor Rum, Whisky, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the patient on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and retain long unwell, provided their bowels are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Sickness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the Region of the Kidneys, and a host of other painful symptoms, are the offspring of Dyspepsia. In these complaints it has a marked influence, and a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or middle life, or single, or the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Intermittent and Chronic Rheumatism and Gout—Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vilitated blood, which is generally produced by derangement of the Digestive Organs.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blisters, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scuffs, Discolorations of the Skin, Humors and all diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vilitated Blood whenever you find impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Say a physician or physiologist: "There is scarcely an individual on the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy complexion of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. A system of medicine, no verminous, no antiseptics, will free the system from worms like these Bitters.

Mechanical Diseases.—Persons engaged in Jobs and Minerals, such as Plumbers, Typesetters, Gold-beaters and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS twice a week.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Kentucky, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon the various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled neck, Gout, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, &c., &c. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a singularly happy manner. By purifying the blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure is effected.

The Aperient and mild Laxative properties of Dr. WALKER'S VINEGAR BITTERS are the best safeguard in cases of eruptive and malignant fevers. Their balsamic, heating, and soothing properties protect the humors of the system. Their Sedative properties allay pain in the nervous system, stomach and bowels, either from inflammation, wind, colic, cramps, &c.

Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wine-glassful. Eat good nourishing food, such as beef-steak, mutton chop, venison, roast beef, and vegetables, and take outdoor exercise. They are composed of purely vegetable ingredients, and contain no opium.

Circular to the Liberal Public.

WE PROPOSE TO PURCHASE OR erect in the city of Boston a building to be known as the "PAINE MEMORIAL HALL," as a testimonial to the great services of THOMAS PAINE in the struggle for American Independence, and for Universal Mental Freedom. Said building to be suitable for stores, business offices, a Hall for Free Discussions, Lectures, Amusements, and finally, an office for the business purposes of the Boston Investigator. To accomplish this, we need the assistance and contributions of all the friends of Payne and of the Investigator, and believing our readers and other Liberals to be the greatest number on whom we may rely, we ask their aid assistance by contributing liberally themselves and inducing others to do so. Subscriptions will be acknowledged in the columns of the Investigator. We have labor- ed under many disadvantages during our connection with the Investigator, in providing suitable accommodations for our business and in securing a Hall for our Paine Celebration, and we appeal now to a Liberal public to come forward and help us to secure a permanent place for business and for holding our meetings. Friends, Brothers, Sisters, the hour will come when we must cease from our labor. The cause that the Proprietor and Editor of the Boston Investigator have expended their lives in, is an earnest voucher that not for self alone, but for humanity, they have worn away a life-time. And we invite all our friends to zealous and prompt action, as advancing are indicated to the great- est none. We all feel solicitous that our works shall live after we retire; and that our advocate of Freedom, our sturdy old Investigator, may still, for generations to come, sound our rallying cry: "For all Peoples, and all lands, forever Liberty."
