

The scheme of soliciting Government aid for impecunious railroads is getting into shape at Washington. This dispatch is published, dated Nov. 24th.

Colonel Tom Scott is now in the city. He says application will be made to Congress at the ensuing session for aid to the Texas Pacific Railroad as well as the Northern Pacific Railroad. It is not proposed to ask for aid in such a shape as will aid to swell the debt.

The Government is now at very large expense, keeping up its necessary establishments on the British frontier in the north and on the Mexican frontier in the south. It is claimed that by the facilities afforded on the completion of these roads the Government would in time save several million dollars every year.

"Now Johnny," said a venerable lady to her six-year-old nephew, who was persistently denying an offense of which she accused him, "I know you are not telling the truth; I see it in your eye." Pulling down the lower lid of the organ that had so nearly betrayed his want of veracity, Johnny exultingly replied: "You can't tell anything about it, aunt; that eye was always a little streaked."

Louisville has unwittingly committed itself to a grand temperance reform by voting to send drunkards and editors home instead of to the lock-up. Not even the most confirmed inebriates require second treatment. They generally come out about the third day a little more bald, and with a scared look about the eyes that tells of the chastening influence of a good Christian home.

The term "blue blood" originated with the Spaniards—the sanguine azul being the special attribute of Castilian purity and antiquity of origin. It is not improbable that the term was originally intended to signify the admixture of Moorish blood, as with us it is considered possible to detect the smallest infusion of negro blood by the bluish discoloration noticeable beneath the finger nails.

A little boy has been fairly driven from school by the disgraceful persecution of the other scholars, who taunted him with the fact that his father had been a New York jurymen.

"Loss of a china packet-ship" exclaimed Mrs. Partington. "No wonder, when iron ones aren't all was safe."

"Pay me that twenty-five cents you owe me!" roared a newsboy to a bootblack. "Haven't got the currency, Jamey," responded the burnisher; "but I can give you a certified check."

GIRARD'S SECRETION.—Stephen Girard used to say in his old days: "I have always considered advertising liberally and long to be the great medium of success in business, and the pelotte to wealth. And I have made it an invariable rule to advertise in the dulllest times as well as the busiest, long experience having taught me that money thus spent is well laid out, and by continually keeping my business before the public it has secured many sales that I otherwise would have lost."

Advertise Your Business. Keep Your Name before the Public. Judicious Advertising will insure a Fortune. If Business is Dull, Advertise. If Business is Brisk, Advertise.

The man who didn't believe in advertising has gone into partnership with the Sheriff, and that official does the advertising.

Vinegar Bitters are not a Vice Fancy Drink, made of Pure Rum, Whisky, Proof Spirits and Refuse Liquors, doctored, speiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c. that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the system, carrying off all poisonous matter, and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease. No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair. Dyspepsia or Indigestion, Headache, Pain in the Shoulder, Congestion, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement. For Female Complaints, in young or advanced life, or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that the improvement is soon perceptible. For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermitting Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the digestive Organs. For Skin Diseases, Eruptions, Tetter, Salt Rheum, Itch, Scrophulous, Pimples, Pusules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scouris, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will cure the most inveterate of their curative effects. Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is fouled your feelings will tell you when; keep the blood pure, and the health of the system will follow. Pin, Tape and other Worms, Intestine, Diseases of so many thousand, are effectually destroyed and removed. Sarsaparilla distinguished physiologist: "There is scarcely an individual on the face of the globe whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of medicine, no verminiferous, no antiseptics, will free the system from worms, unless they are destroyed by the use of these Bitters. Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS twice a week. Bilious, Remittent and Intermitting Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for this purpose so good as WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretion of the liver, and generally restoring the healthy functions of the digestive organs. Scrophulous, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Gout, Scrophulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sores, Etc., Etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases. Dr.-Walker's California Vinegar Bitters act on all these cases in a safe manner. Dr. Walker's Vinegar Bitters remove the cause, and by resolving away the effects of the inflammation (the tubercular deposit) the affected parts receive health, and a permanent cure is effected. The Aperient and mild Laxative properties of Dr. Walker's Vinegar Bitters are the best safeguard in cases of eruptions and malignant fevers. Their balsamic, healing, and soothing properties protect the humors of the fauces. Their sedative properties allay pain in the nervous system, stomach and bowels, either from inflammation, wind, colic, cramps, etc. Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wine-glassful. Eat good nourishing food, such as beef-steak, mutton chop, venison, roast beef, and vegetables, and take outdoor exercise. They are composed of purely vegetable ingredients, and contain no mercury.
