

M. E. Church South.

Appointments for Lafayette and Tillamook Circuit are as follows: First Sabbath, Happy Valley, at 11 o'clock A. M., McMinnville, 6:30 P. M. Second Sabbath, Tillamook.

Dr. J. W. Watts will preach at this place the second Sunday in every month at 11 A. M. and in the evening at early candle-light.

L. S. SAMUEL is our duly authorized Agent at Portland, Oregon.

THE COMET.—The comet, which is discernible in the northern sky, promises, according to the calculations of Henry M. Parkhurst, of New York, to become a much more interesting object than we had anticipated.

RETURNED.—The hunters have returned from their trip to the mountains. They had their game strapped upon the hurricane deck of their mules which were loaded down to the guards.

SMALLPOX AT CORNELIUS.—From a private letter from Cornelius we learn that on the 4th a small child of an immigrant family died at that place from the effects of this loathsome disease.

CAREY VS. BEST.—These two gentlemen have petitions in circulation throughout the county—one to have the present mail contractor between Dayton and St. Joe. removed and give the contract to the ex-mail carrier, Mr. Carey; the other to retain Best.

EXPLAINING.—The other evening while enjoying an evening smoke we happened to pass one of those shady porches, which is so well adapted for the purpose of watching the heavenly bodies, and heard a young fellow explaining to his weakness what the consequences would be should the comet conclude to carom on the earth.

CONTRACT LET.—This county has but recently awoke from its seeming lethargy to the fact that it needs good substantial bridges. Last Friday Messrs. Watt and Suiter received the contract for building a bridge across the North Yamhill river at the Gaunt crossing.

COMMENDABLE.—All will coincide with us in speaking of the very marked improvement made in the roads in this district by Mr. J. K. Sampson, the Road Supervisor.

STEEL-TRAPS.—Quite a number of farmers are buying steel-traps and setting them for squirrels. There appears to be an unusually large number of these troublesome little animals this year and some have resorted to this mode of getting rid of them with very flattering results.

PASTURAGE.—W. J. Wimer gives notice that he has a splendid pasture for horses and cattle. It would be well for those who have stock to pasture to give him a call.

DEEDS RECORDED.

The following deeds have been recorded during the present week by the County Clerk: Warranty deed from Yamhill county to E. Rogers.

A CHALLENGE.—Dr. Watts is the owner of a plum tree which we think has more plums on it than any other tree in the State.

BEEN GONE AND DONE IT.—Our blooming pal, G. P. Dorris, has taken unto himself a wife, the beautiful and accomplished Miss A. F. Baker of Vancouver.

TEMPERANCE LECTURE.—Mrs. A. J. Duniway will, on Sunday evening, deliver a temperance lecture in this place.

M. O. B.—Dr. Watts has kindly furnished us with the following list of money orders drawn and paid by him during the two past quarters.

GOOD RESULTS.—During a protracted meeting held in Tillamook last Saturday and Sunday, there were twelve accessions to the M. E. Church, South.

QUICK TIME.—Dick Gaunt, who was in the Dalles at five o'clock yesterday morning, passed through this place about seven o'clock in evening of the same day.

HELP WANTED.—Recently there has been many inquiries as to where good help could be secured for general farm labor.

CAMPMEETINGS.—There will be a campmeeting held one mile and a quarter above Sheridan, on the opposite side of the river from the M. E. Camp-ground, commencing on the 16th inst.

LARGE MACHINE.—The mammoth Separator of R. R. Thompson, to be run by steam, passed through town last Sunday night and will be used during the coming harvest.

THANKS.—We are under everlasting obligations to Messrs. Hembree and Ayrs for "slathers" of jerk elk. May your shadows never grow less.

LECTURE.—Dr. Watts by invitation will deliver two lectures at the Baptist Church near Geo. Olds, on Sunday next at 11 A. M. and 3 P. M.

The College club seems to have withdrawn from the field for the season.

In the game between the printers the Bulletin boys got away with the honors, the score was 49 to 37. They are going to try it again.

NOTES.

It waxeth warm. Dr. Littlefield has nice cool soda. Majors has a fresh supply of nice oranges.

A report is current of a crime, con the particulars of which department knoweth not.

Ferguson & Bird anticipating the wants of their customers have just purchased a fine supply of goods.

Watching the comet seems to be indulged in to a considerable extent among a number of young folks of this place.

As we were passing a certain house the other evening there was a white object which flitted across our vision. We were congratulating ourselves on having a ghost story to write up, when we heard it sing out "Get out, you brute!"

It was a woman who had hurriedly arisen from bed to drive out a cow which was making sad havoc among the garden stuff.

A detective of the Treasury Department is working up a Custom-house robbery at Los Angeles.

The grape crop in Los Angeles Valley never looked so well as now.

There is scarcely any disease in which purgative medicines are not more or less required, and much sickness and suffering might be prevented were they more generally used.

No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases which might have been avoided by a timely and judicious use of Dr. Pierce's Pleasant Purgative Pellets, or Sugar Coated Concentrated Root and Herbal Juice, Anti-Bilious Granules. These little Pellets, unlike every other cathartic, produce such a secondary tonic effect upon the bowels as to bring about a perfectly healthy action and increase their peristaltic motions. Price, 25 a vial, by all druggists.

OREGON.

Albany never was so prosperous. Too cool in Union county to use ice.

A Salem preacher plays billiards. Forest Grove wants a water ditch.

Four interments at Salem last night. Wool trade lively in Union county.

The Lane county vault is completed. Dr. Dawn is rapidly recovering from his recent illness.

The people of Baker City are afflicted with the epizooty. There are 116 prisoners in the Oregon State Penitentiary.

Four hundred boys went in swimming at Salem last Sunday. Rev. D. K. Nesbit and family, of Corvallis, have gone East to remain.

The number of people at Albany on the Fourth, was estimated to be 6,500. Fifty-two thousand bricks per day are moulded by the convicts at the Penitentiary.

About fifty mechanics and laboring men are at work on the new Capitol building. Ten thousand dollars were paid to creditors by the Whitley estate of Polk county, last week.

G. W. Dunlap is developing a rich silver mine at the head of Grant creek, Grant county. A number of the Salem folks have gone to the seaside and the mountains, and more will go.

Some rascal who needed rope, stole the halcyons from the Silver-ton flag staff the other night. The Salem Record is decidedly a sensational sheet. The latest is a romantic wedding in the East.

A Mr. Munson of Washington county, was caught by some falling timbers one day last week and had his leg broken. The crops in Chocoma are doing well, and sheep and cattle are rolling fat. A number of settlers are going in there to stay.

Master Lewis was shot in the eye with a fire cracker at Pendleton, on the Fourth, and may lose his sight in consequence. Not a single accident has been reported, so far, worthy of note, as occurring at any of the Fourth of July celebrations in Oregon.

South Salem boys are amphibious this warm spell. About two-thirds of their time is spent in "sloshing" around in the slough. Two young men living on the John Minto place, five miles from Salem, killed 132 squirrels last week with a "figure 4" dead-fall.

The regular meeting night of the Order of Independent Champions of the Red Cross, of Salem, has been changed from Monday to Wednesday. The Corvallisites are now free from fear of smallpox, all the cases there having recovered, but the measles still afflict the youngsters in that locality.

The Cascade Mountain Road from Marion county to Eastern Oregon has turned out to be a success, and will greatly benefit the southern portion of the State, as well as the eastern.

MISCELLANEOUS.

A petition is in circulation in Marion county, asking for the commutation of the death sentence recently passed upon Thomas Gerard for the murder of Thomas Hubbard, to life long imprisonment.

Two Albany girls were fooling around a raft of logs. As is usually the case one slipped into the water, and had not the other young lady, who was a good swimmer, plunged in after her, she would have drowned.

The widow of Conrad Werner, who was recently murdered near Salem, has been notified that her deceased husband was a member of the Mutual Relief Association, of Petaluma, Cal., and the benefits accruing to her on his death will be near \$1,000.

Bill Whaley, who recently died in Fayette county, Pa., Poorhouse, formerly drove a stage-coach between Uniontown and Morgantown, in that State. He wouldn't own a horse that had more than enough skin to cover his bones, and through which the moral law could not be read. His animals were queer, geometrical puzzles—combinations of angles, right, obtuse, and acute. One day he came driving into Uniontown at full speed, and just as he drew up in front of the hotel, one of his horses dropped dead. "That was a sudden death," remarked a bystander. "That horse died in Smithland, nine miles from here; but I never let him down until I got in town."
