Kaiser Billy won't let anybody visit his Count Von Armin except his mother-in-law. He flatters himself that he has discovered something worse than the rack or thumbscrew.

Alabamians are very prompt in paying bets which have been lost on horse races, but when it comes to settling for pew rent they get mad if they are pushed.

A lady wants to know what is the meaning of "ante" and "pass the buck." Her matrimonial companion uses it in his dreams; and she is afraid that it indicates typhoid fever.

The Bergen (N. J.) horse-car railroad company, in an advertisement giving its time table, directs that "curses of all kind should be addressed to Geo. W. Downing, superintendent."

An old man in Alabama has a tree near his house overhanging the road which he wishes to cut, but is compelled to keep it standing for fear it should kill a candidate for Congress when it falls.

The family of Mr. Shippen, of Hoboken, will not have to endure the horrors of house cleaning this fall. Some thieves attended to \$3,000 worth of it while the family were at the seashore.

A fashionable but illiterate New York lady, traveling on the Continent, writes to a friend that she has just seen the "museum of iniquities" in Genoa, and she does think it is "perfectly splendid."

Schnyder Colfax won't attend a circus, but he takes the children and paces slowly around the canvas that they may hear the songs of the clown and the glad voice of the trick mule.

The secret of Chicago's complacency over her desertion by the fire insurance companies may be traced to the fact that any one of her girls could stamp out the next great conflagration that comes along.

The latest Sunday-school prodigy, having listened to a discourse on the necessity of offering a bold front to the evil one, said he'd "be scared of the old devil, but if he came across one of the little ones he'd knock the stuffing out of him."

We don't want to kick up a great rumpus and be the means of bringing about a dozen libel suits; but right here and right now it may be well to remark that tobacco is not injurious to the human system. Now then, come on.

A young man in Fairfield, Iowa, received a letter from his girl last Sunday, and five minutes after reading it, shot himself dead. Every woman in the town would give ten years of her life to know what the letter contained that made the young man feel so.

A Detroit young woman tried to be aristocratic and did not look at the money that she gave the horse-car conductor, but he meekly gave her back the lozenge on which was written, "I will never cease to love thee," and said that he was an orphan with five little brothers to support, and must be excused.

A man about two thirds drunk, and his back covered with mud, stopped a policeman on the street and asked to be locked up. "Why, you are able to walk home, aren't

you?" asked the officer. "Yes, I could get home all right, but I do not want to, and you wouldn't if you had my wife! Take me down, ole feller, and if she comes inquiring 'round just say I've gone to Toledo on 'portant business."

The Detroit Free Press says on Sunday night a policeman on Baker street, passing a certain house about 10 o'clock, saw a man drop from a window and heard smothered cries inside. He seized the man for a burglar, but soon found that he had the owner of the house in his clutches. "Well," said the officer, "it looked suspicious to see you drop out of a window that way." "Well," replied the man, heaving a sigh, "when the old woman gets her dander up I am not particular about what road I take to get out of the house."

A Boston auctioneer has in his possession an umbrella seventy-one years old. It was built in England. Poets are requested to limit their contributions to three stanzas.

GRANT'S SECTION.—Stephen Girard used to say in his old days: "I have always considered advertising liberally and long to be the great medium of success in business, and the prelude to wealth. And I have made it an invariable rule to advertise in the dull times as well as the busiest, long experience having taught me that the money spent is well laid out, and by continually keeping my business before the public I have secured many sales that I otherwise would have lost."

Advertisement Your Business. Keep Your Name before the Public. Judicious Advertising will insure a Fortune. If Business is Dull, Advertise. If Business is Bright, Advertise. R. H. McDONALD & CO., Druggists & Gen. Agents, San Francisco, California, 2 cent of Washington & Clarke Sts., N.Y. Sold by all Druggists and Dealers.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great Blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Biliary Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious. GRACIOUSLY CURE THIS PAINFUL VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system. No person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Delaware, Red Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essential. There is no cathartic for this purpose equal to Dr. J. Walker's VINEGAR BITTERS, as they will speedily remove the dark colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purging all its fluids with the Bitter. No epidemic can take hold of a system thus fore-armed. Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will give a better guarantee of its merits than a lengthy advertisement.

Scurful, or King's Evil, is a great evil. It is a disease of the Neck, and is a source of inflammation, Mercurial affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, DR. WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory or Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vicious Blood. Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels.
