

CLIPPINGS.

Bound in calf--Veal. The Granger's trump--Spades. The State for editors--Pencilvania. The cheapest way to live is to breathe. It takes the Irish to "wake" the dead. A clear case--An empty dry goods box. Good place for spirit-rappers--Knoxville. Criminals should come to a halt or halter. Drains on the public purse need retrenching. The stamp of civilization--The postage stamp. I should call a landlord's poor relations his ton-aunts. There seems to be a tidal wave of chicken stealing just now. A Paris paper says: "Violence is better, than chloroform." It is enough for one thing at a time to happen, especially thins. The jewelry for the sea shore is undoubtedly salt-air diamonds. Many opinions go for nothing--it costs nothing to "ex-press them." There is nothing more depressing to a thermometer than cold weather. Young men, never say die when there's a pair-o-dice within your reach. The New York World wants to know if a man with a cough is not a hackman. It is better to be alone in the world than to bring up a boy to play on the accordion. It has been very cold weather, and yet lovers could not see the sense of huggin' a stove. A book has been published called "Half Hours with insects." The author was not a regular boarder. Men who travel barefooted around a newly carpeted room often find themselves on the wrong tack. David Ka akau has a great liking for children. He says he never saw one that didn't look good enough to eat. The Santa Cruz Sentinel compares that town to "the-dimple on beauty's cheek." More cheek than dimple, probably. There is nothing more hazardous than to be bothering an irritable lady with foolish questions on wash-day. "Too thin" has become obsolete. "Not sufficiently materialized" is the latest form in which this idea is clothed. The foremen of the Cincinnati brewers get about \$10,000 per annum, which is more than a circuit judge gets. "You are too pert entirely, Miss," said a teacher to a pupil. "Your whole demeanor is a continuous misdeemeanor." Ann Eliza says that thirteen of Brigham's daughters sat in the front seats and made faces at her the first time she lectured. A man may be properly said to have been drinking like a fish when he finds that he has taken enough to make his head swim. Now we know what makes it so powerfully cold. Elder Lutz, of New Haven, is preaching on "Hell Closed for Repairs."--Exchange. When a St. Louis man loses \$50 on the street he offers \$45 reward for it. He knows what St. Louis human nature is.

He who is wise now buyeth his girl's little brother something nice and so getteth the little rascal to make himself scarce whenever necessary hereafter. Congress has a cemetery of its own, and, having far more criminals than corpses, it is strange it doesn't have a penitentiary of its own, also. The obituary notice of a much respected lady concludes with--"In her life she was a pattern worthy to be followed; and her death--oh, how consoling to her friends. We suppose that what most grieved the young lady who represented Katie King in Philadelphia was the fact that she was popularly supposed to be more than 200 years old. Why are sheep the least moral of animals? Because they gambol in their youth, spend much of their time on the turf, many of them are blacklegs, and they all get fleeced at last. There's where a man has the advantage. He can undress in a cold room and have his bed warm before a woman has got her hair-pins out and her shoes untied. A Cleveland youth of rather fast proclivities fell in love with a parson's daughter, and as a clincher to his claims, said to the reverend gentlemen, "I go my bottom-dollar on piousness." A genteel farmer in Massachusetts, a retired Bostonian, did not know how to take a wagon wheel off to grease the axle, and so he bored holes through the hub and poured in the grease. Chicago smiles grimly at the reception which New York gave King Kalakau, mentioning the latter as an ordinary black man. It will be remembered that David didn't stop at Chicago on his way east. A Boston journal innocently remarks that there is an air of improbability about the Chicago Post's story of "a woman who was eaten up by grasshoppers." Some of these Boston papers would doubt the veracity of Mr. Gulliver himself. The editor of the Louisville Courier Journal recommends the rawhide for the raising of boys. Apparently his early education was neglected in this particular, and now he is very sorry for it. It is never too late to mend, however, and he might induce somebody to flog him and not half try. Here is a poet who says: "I'm sitting sadly on the strand, that stretches to the water's brink; and as the day slips slowly by, I idly fold my hands and think." Whilst he is sitting on the strand with idle folded hands, his family at home may be suffering for the necessities of life. He should skim around before the day slips slowly by, and secure a job at digging a cellar. The widower's grief has been pronounced by competent authority to be lovely while it lasts, but it is not constructed to endure the rude assaults of time. A Connecticut man who only last spring threw himself upon the cold turf that wrapped his beloved's clay and wept with his eyelashes fell out, has since had three women following him around for alimony. Browny Bunker, of Carmel, loafed around all-day trying to get the highest bid for his vote. He wanted three dollars; but just as they were about to compromise on two dollars and a half, the sun went down and the inspector declared the polls closed. All he remarked was, "Great Caesar! is it possible I'm not in time to vote for the Constitutional amendment prohibiting bribery at elections."

It is the penny saved more than the penny earned, that enriches; it is the sheet turned when the long thread breaks that wears the longest; it is the dampers closed when the cooking is done that stops the dollars from dropping into the coal bin; it is the lamp or gas turned low when not in use that gives you pin money for the month; it is the prepaying subscriber who gets the printer's blessing.

IN THE HANDS OF SOBERNESS all things become valuable by adaptation, and salutary by their application. Thus, Dr. J. Walker has obtained from certain vegetable products of California, that have been trampled on for centuries by the ignorant, the invaluable curative known as the CALIFORNIA VINEGAR BITTERS, a medicine which is exciting the wonder of the community by its beneficial operation in the worst cases of rheumatism, pulmonary diseases, general debility, congestion of the liver, constipation, scrofula, and malarious fevers.

Strumous or scrofulous affection, are the curse, the blight, the potato rot of mankind. They are vile and filthy as well as fatal. They arise from contamination and impurity of the blood, and are to be seen all around us everywhere. One quarter of all we meet are tainted with them, die foolishly, too, because they are incurable. AYER'S SARSAPARILLA cleanses the scrofulous corruption from the blood, renders it pure and healthy, and effectually expunges the foul contamination from the system. No longer groan under scrofulous disorders, since the learned AYER has provided his masterly combination of curative virtues that he calls SARSAPARILLA. --Montgomery, Ala., Advertiser.

AGENTS WANTED to sell DOYLAN'S Dollar-and-a-half case of STANDARD HOMOEOPATHIC MEDICINES, combining excellency of preparation, with beauty and cheapness. Good wages guaranteed. Sample cases & outfit given to agents. Particulars free. J. N. BOYLAN, Detroit, Mich.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Walker's Bitters?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great food purifier, and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Walker's Bitters in healing the sick of every disease. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of Dr. WALKER'S Vinegar Bitters are pertinent, Diaphoretic, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious. Grateful Thousands proclaim Walker's Bitters the most wonderful Invigorant that ever sustained the sinking system.

No person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essential. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with the Bitters. No epidemic can take hold of a system thus fortified. Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. Our bottles will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Gout, Scrofulous Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, Dr. WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory or Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.--Persons engaged in Pottery and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take Dr. WALKER'S VINEGAR BITTERS.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Itchings, Spots, Pimples, Pastilles, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scrofula, Discolorations of the Skin, Humors, and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow. H. H. McDONALD & CO., Druggists & Gen. Acts., San Francisco, California, and of Washington & Charleston, S. C. Sold by all Druggists and Dealers.
