CLIPPINGS.

These college titles are becoming too numerous. They would put a D. D. on to a fiddle.

We don't believe the last rumor. Anna Dickinson could no more be a circus-rider than she could fly.

It is said that when a female child is born in Indiana, the unhappy father begins to save money to buy a piano.

"Johnny, what are you doing, my son?" "Oh! nothing, only trying to hit Frank on the fingers with the hatchet."

Red used on a railroad signifies danger, and says stop. It should be so construed when displayed on a man's nose.

They have discovered Michael Angelo's private correspondence; and it's a good thing for poor Mike that he was never in Brooklyn.

"Your son died rather suddenly, yesterday, of throat disease," is what an Idaho Sheriff wrote to a fond mother in Indiana the other day.

Babies are not named Henry Ward as much as they used to be, but they are still famous for paroxysms of true inwardness.

The little State of Delaware has adopted a new flag 6x3 1/2 feet, of blue silk with a yellow fringe. It will be used to spread over the State to keep the frost off.

A woman in Dawson, Ga., accidentally bit her tongue off the other day, and since that, her husband gets home every evening two hours earlier than usual.

"Why did you pass yesterday without looking at me?" said a beautiful woman to Talleyrand. "Because, madam, if I had looked I could not have passed."

A gentleman offered a guest a tiny glass of whiskey, saying, "Drink that; it won't hurt you." "I'll be bound it wouldn't," replied the guest, "even if it was vitriol."

Miss Nilsson has been ordered by her physician to a warmer climate; but Mr. Nilsson says that if there is a warmer climate than the one he has lived in for some months back he isn't aware of it.

An exchange asks: "Why is it that nearly every Senator's wife in Washington is a handsome woman?" It is simply because nearly every Senator's wife who is not a handsome woman is left at home.

It was probably an attack of the green-eyed monster, that induced the Chicago Inter-Ocean to say that "on the night that Victoria Woodhull lectured and the canon appeared, the Common Council of Jackson, Mich., failed to have a quorum."

Several passengers on the lower Mississippi were attracted by the alligators basking in the sunshine. "Are they amphibious, captain?" asked a looker on. "Amphibious, thunder!" answered the enthusiastic officer, "they'll eat a hog a minute."

A Boston dramatic critic says of a gifted actress: "She wore a handsome dress, and thereby hung a trail. Her subtle grace, flexible as the sinuosities of a morning's mist, and yet thoroughly proportioned to the curves of the character, are most especially noticeable."

A policeman met a negro at night carrying a trunk along the street, and collared him. The negro explained: "De family what was boarding me has been axing for money, and as dey has gone out to night I thought I would get

into some family whar dey respect de pauc."

Ned Vose used to travel around Colorado with a performing bear, but a great change came one day last week, and now the bear travels around alone, thinking over old times, and occasionally leaning up against a tree as a pang shoots through his bowels. Ned is inside that bear.

A Minnesota Judge in pronouncing the death sentence, tenderly observed: "If guilty, you richly deserve the fate that awaits you; if innocent, it will be a gratification for you to feel that you were hanged without such a crime on your conscience; in either case you will be delivered from a world of care."

The charge that Botkin, of the Milwaukee Sentinel, has to pull on his undershirt from below on account of the size of his ears, is a base invention. We've known Bot over twenty-one years, have slept with him a great many times, and we know that his ears are flexible. In cold weather we used to use the off one for an extra quilt.—Cincinnati Times.

A pretty good story is told of one of Governor Tilden's staff. It is said that when the individual referred to, first presented himself en militaire to his wife and little daughter, the latter, after gazing at him in wonder for a few minutes, turned to her mother and exclaimed: "Why, ma, that's not a real soldier, it's pal."

The paying teller of the Union Savings Bank at Oakland, California, is suffering the agonies of the wicked by the conduct of a young man who deposited \$250, and each day with sepulchral solemnity comes at a given hour and draws out one dollar. Three pass books have been used up, and the teller is trying to compromise by the offer of a twenty-dollar piece to close the account.

"Mother wants to know if you won't please to lend her your preserving kettle—'cause as how she wants to preserve?" "We would with pleasure, boy, but the fact is, the last time we lent it to your mother she preserved it so thoroughly that we have never seen it since." "Well, you needn't be so sassy about your old kettle, mother wouldn't have troubled you again, only we seed you had a new one."

Here is a good thing on the "tatter bug." Three men comparing notes: "One says, 'There are two bugs to every stalk.'" "A second says, 'They have cut down my early crop and are sitting on the fence waiting for my late crop to come up.'" "Pshaw!" said the third, "you know nothing about it. I passed the seed store the other day and saw the bugs looking over the books to see who had purchased seed potatoes."

A boy recently informed a policeman that there was an awful fight in a tenement house on Franklin street, and the officer hurried in and found a man bent backwards over the table, and his wife hanging to his hair with a death grip. The man was helpless, and the woman knew it and enjoyed it. "This fighting must be stopped," said the officer, as he stood in the door. "I'd be willing," replied the woman, getting a new brace for her feet. "Then why don't you let up on him?" asked the officer; he says he'll never lay hands on you again. "I know he does," she replied, breathing excitedly, "but I know him better than you do, Mister, and I'm going to hang right to his hair."

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Kennebec, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essential. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored fecal matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with the Invigorant. No epidemic can take hold of a system thus fortified.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Conges, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas Swelled Neck, Gout, Scrofulous Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, Dr. WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory or Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take Dr. WALKER'S VINEGAR BITTERS.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blisters, Spots, Pimples, Pastules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
