CLIPPINGS.

The father of all corns—Pop corn. Almanacs are ten cents a piece in Nevada. Alderman Beecherchuck helps to govern Cairo. Sure to produce short crops—the barber's shears. New Bedford has but one whaler left—a school master. Order is heaven's first law, and it has never been repealed. To make a tall man short—try to borrow five dollars of him. If you are out in a driving storm, don't attempt to hold the reins. Chicago intends to have a botanical garden. It already has a beer garden. Detroit has a poet worth \$1000; but it is superfluous to say that he isn't a good poet. A puppy and an accordion was the marriage fee offered to a Cedar Springs clergyman, the other day. There is no more scandalous place than Turkey, and yet that government is without an American minister. At the spelling school in Indianapolis all the lawyers, editors, clergymen and teachers went down on ipecacuanha. It is no harm to shoot a cat in Vermont, but if you happen to miss the cat and kill a boy, the authorities make an awful fuss over it. "There's that explains where my clothes-line went to!" exclaimed an Iowa woman as she found her husband hanging in the stable. A New Orleans paper says the dollar stores in that city are places where you may buy a twenty-five cent article you don't want, for four times its value. "It isn't loud praying which counts with the Lord so much as giving four quarts for every gallon," says an Arkansas circuit rider. In a case in a Detroit court last week, a hack driver's testimony was impeached. As Washington said of Arnold's treason: "Whom shall we trust now?" "One fortunate thing in being a king," remarks a Detroit paper, "is that kings never have to get up nights and log the potatoes in beside the coal stove." An Atlanta paper says an Italian nobleman has taken up his residence in this city for a while. He turns the crank with the same facility as the rest of his brother exiles. A Boston journal prints "directions how to walk with safety down inclines of plate glass showed planned to slide off and take to the street. A lady at Memphis says she doesn't want any jewelry, hasn't a looking glass in the house, and wouldn't take a silk dress as a gift. Memphis has another living curiosity—a cross-eyed cat. A St. Louis sergeant of police froze to death not long since while making his rounds. This is another awful commentary on the foolish custom of closing saloons at 11 o'clock. The following puzzle is again on its rounds: "To five and five and fifty-five the first of letters add; 'twill make a thing that killed the king and drove a wise man mad." It was published first about twenty years ago and has never been correctly answered. But they say there is an answer.

An Ohio youth is to be hanged next March for killing a small boy to obtain possession of a pound of brown sugar. It was the principle of the thing, not the sugar, which influenced the jury. "Julius, why didn't you oblong your stay at the Springs?" "Kase, Mr. Snow, dey charge too much." "How so, Julius?" "Why, de landlord charged dis colored individual wid stealing de spoons." It may be all right, but if we were Mrs. Livermore we should object to being called "an amiable and pulchritudinous lady." It is the reckless use of the syllables like these which does more to encourage extravagance and debauch society than all the fashion magazines. Phenia Epps of Hamilton, Ohio, asked her mother to take a note for her to a friend of the family living in a near street. The note when opened was found to read: "This is a little ruse of mine to get mother out of the house. Before she can get back I will be on the cars with dear Lorenzo, and before night will be married." A party who was looking at a house in the Sixth Ward the other day, said he couldn't afford to pay so much rent. "Well, look at the neighborhood," replied the woman. "You can borrow flat-irons next door, coffee and tea across the street, flour and sugar on the corner, and there's a big pile of wood belonging to the school-house right across the alley!" "Bub, did you ever stop to think," said a Michigan avenue grocer recently, as he measured out half a peck of potatoes, "that these potatoes contain sugar, water and starch?" "No, I didn't," replied the boy, "but I heard mother say that you put peas and beans in your coffee, and about a pint of water in about every quart of milk you sold." The subject of natural philosophy was dropped right there. In the office of one of the hotels in Detroit recently a gentleman snapped his finger to a boot-black, and as he put his foot on the box he said: "You look like a good, smart boy." "See here, mister!" replied the boy as he rose up, a brush in either hand, "I've had that game played on me a dozen times, and now I want to know whether this is a cash shine or whether you are going to pat me on the head when I get through and tell me that I'll be Governor of Michigan some day?" "Advertising is the Oil which wise men put in their lamps," Modern Prov. L. P. FISHER, ADVERTISING AGENT. ROOMS 20 AND 21, Merchants' Exchange, California Street, San Francisco. Solicits Advertisements and Subscriptions for the LAFAYETTE COURIER and for papers published in California, Oregon and Nevada; Washington, Utah, Idaho, Montana, Colorado, Arizona, and adjacent Territories; Sandwich Islands, the British Possessions, Ohio; New Zealand; and the Australian Colonies; Mexico, Porto Rico, Nicaragua, Panama, Valparaiso and Japan; the Atlantic States and Europe. ADVERTISING. Has created many a new business; Has enlarged many an old business; Has revived many a dull business; Has rescued many a lost business; Has saved many a large business; And insured a success in any business. GIBBARD'S SECTION.—Stephen Gibbard used to say in his old days: "I have always considered advertising liberally and long to be the great medium of success in business, and the prairie to wealth. And I have made it an invariable rule to advertise in the dullest times as well as the busiest, long experience having taught me that money thus spent is well laid out, and by continually keeping my business before the public it has secured many sales that I otherwise would have lost." Advertise Your Business. Keep Your Name before the Public. Judicious Advertising will Insure a Fortune. If Business is Dull, Advertise. If Business is Drisk, Advertise. The man who didn't believe in advertising has gone into partnership with the Sheriff, and that official does the advertising.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable Preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases. The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Soporific, Alterative, and Anti-Bilious. GRATUITOUS TRIALS AND PROCLAIM VINEGAR BITTERS the most wonderful and important that ever sustained the sinking system. No person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair. Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country, during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essential. There is no cathartic for this purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs. Fortify the body against disease by purging all its fluids with the BITTERS. No epidemic can take hold of a system thus fore-armed. Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement. Careful, or King's Evil, whoreswell, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Scrofulous Eyes, etc. In these, as in all other constitutional Diseases, Dr. WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases. For Inflammatory or Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood. Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take Dr. WALKER'S VINEGAR BITTERS. For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scours, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no verminicides, no anthelmintics will free the system from worms like these Bitters. For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible. Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow. R. H. McDONALD & CO., Druggists & Gen. Agents, San Francisco, California, and of all Druggists and Dealers.
