

THE APPROACHING CAMPAIGN.

It is a little more than five months until the election of a Representative in Congress to fill the vacancy occurring by reason of the death of Hon. Geo. A. LaDow. The Democracy are invincible in this State if the Convention adopts a good platform of principles and nominates a worthy man to lead the Democratic hosts.

The Democracy have achieved great victories in other parts of the Union during the past year, and hence they will go into the campaign here with great hope of success. The Independent party has already shown that it will run a candidate, and hence we shall have a triangular contest.

The Bulletin and Statesman are endeavoring to convince the Independents who were formerly Republicans that they ought to return to the fold of Grantism and worship there in the future. But they have made no progress. It is difficult to understand why the Independents should coalesce with the party whose corruption caused the organization of the Independents. What a fine spectacle it would be to behold the Independents of this State marching arm in arm with the Custom House Hipple Ring.

The Democracy will carry the next Presidential election and will administer the Government during the next Presidential term. The Independents have no reasonable prospect of carrying as large a vote as they did last year.

The Democracy will have a more popular candidate and will sweep the State from one end to the other.

CANDIDATES.

The crop of candidates for Congress is unusually prolific this season. Every county that has been heard from has several that would like to serve their constituents. "Many are called but few are chosen," is the old maxim. We should have for our standard bearer the best and ablest man within our ranks. Mediocrity is monotonous.

Of late some people have come to think that any man who is honest and can read, write, spell and cipher is suitable to represent the State in the Federal Legislature. Some who have not even these qualifications are almost willing to be made ridiculous as candidates for Congress. They should remember what a ridiculous appearance poor Hi Smith made before the people. But we believe there is no law prohibiting any person of competent age from aspiring to Congress.

We have heard the following named gentlemen spoken of in connection with the Democratic nomination for Congress: Judge McArthur, Hon. S. Ellsworth, Col. J. H. Reed, Judge W. W. Pope, Dr. Bayley, Hon. E. C. Bradshaw, Hon. Geo. R. Helm, Judge R. S. Strain, Hon. L. F. Lane, and General Nesmith. But we do not know how many of these gentlemen are, in fact, candidates.

Among Republicans we have heard of the following named persons in connection with the nomination: R. Williams, Col. Knight, of Salem, Dr. Watts and Henry Warren, Judge R. P. Boise, Prof. Campbell, Senator Owens and Speaker Drain have been mentioned as probable Independent candidates.

"THE SPIDER AND THE FLY."

The Independents should remember the fable of the "spider and the fly." The Bulletin is the spider and the Independents are the fly. The Republican party is the spider's parlor. The spider is now coaxing the fly into its parlor for the purpose of devouring him. "Will you walk in, Mr. Fly?" Don't let it catch you by throwing salt on your tail.

A NEW QUESTION.

The laws of this State require the Assessors to assess all property in their respective counties at its true cash value; and when Assessors qualify they take a solemn oath to perform their duties according to law.

It has been the custom of assessors in this county to assess land at one-third its actual value and to assess money and notes (if considered good) at their face value. Just how an assessor can do this consistently with his oath we do not comprehend. It is not fair to assess A. who owns land worth \$15,000 at \$5,000 and to assess B. who has \$15,000 in money at \$15,000. We understand some parties are going to look into this matter and see what can be done. Here is an opportunity for reform. "Equality is equity."

CROP PROSPECTS.

The indications are now that the crops will be excellent in this county. The late rains have been sufficient for the present. Fall wheat looks very well, and early sown Spring grain of all kinds is very promising. Some grain is not yet up, but the state of the ground is such that it will grow thrifflily. Fruits of all kinds which usually grow here promises to be abundant. On the whole the prospect for the farmers of this State is most cheering. There will be good yields and a fair price. Farmers, if you want a dollar a bushel for your crop this fall, just keep a tight grip on your wheat, and a stiff upperlip and you will be all O. K.

WRIT OF SPECIAL ELECTION.

To the Sheriff of the several counties within the State of Oregon:

WHEREAS, At a general election held on the first day of June, A. D., 1873, the Hon. George A. LaDow was duly elected Representative of the State of Oregon in the Forty-fourth Congress of the United States; and

WHEREAS, Since the said election, said office has become vacant by the death of said incumbent; and

WHEREAS, By provision of the Constitution of the United States, and the laws of this State, it has become the duty of the Governor thereof to issue his writ of election to fill such vacancy;

Now, therefore, I, L. F. Grover, Governor of the State of Oregon, do hereby command you and each of you to notify the several Judges of Election within and for your several counties, to hold a special election of Representative in Congress to fill the vacancy aforesaid, on Monday, the 25th day of October, 1875, and that you cause all proper notices to be given thereof according to law.

Given under my hand and the seal of the State of Oregon, at Salem, this 15th day of May, A. D. 1875.

L. F. GROVER.

Attest: S. F. CHADWICK,

Secretary of State of Oregon.

The New Trust Deed of Mr. Lick.

The new trust deed of James Lick, which is only waiting for the formal assent of some of the beneficiaries to be placed on record, differs in the following respects from the former: The donation of \$50,000 for the erection of statuary at the State Capitol is changed to \$100,000 for statuary for the City Hall, San Francisco. The sum of \$700,000 for an observatory at Lake Tahoe has been committed to the care of the University of California, and will be expended by regents for the observatory and apparatus originally contemplated. The appropriation for a Key monument has been reduced from \$150,000 to \$60,000. The donation for a Mechanics' Art School has been raised from \$300,000 to \$540,000. The gift to his son is raised from \$3,000 to \$150,000. Mr. Lick reserves for himself a gross sum of \$500,000, the interest of which sum he is to use, and any part of the principal; at decease, after all the donations are provided for, to go to the Academy of Sciences and Pioneer Society equally. It is not yet determined who the trustees will be. Mr. Lick will probably be one, and others will soon be named. Under the former deed none of the beneficiaries could receive any benefit until Lick's death, on account of his having a lien of \$25,000 per year on the property. Under the new arrangement his claim is discharged on the payment of \$500,000, and the balance can at once be applied to other purposes.

NOTES AND NEWS.

Governor Grover has decided to call a special election, to fill the vacancy occasioned by the death of Congressman LaDow, for Monday, October 25th.

In Missouri they are going to try the efficacy of prayer on the grasshopper; to see if it wont remove the pest from the State. Darned if we don't believe it will do some good.

Another Black Hills miner has reached Cheyenne. He says there are millions of tons of ore in that country that will yield \$1,000 to the ton. He is going East to "carry the news to Mary," and to borrow some money to come back on.

When is that committee of Republican statesmen to wait on Boss Grant in Washington, and make him sign a letter renouncing the third term and all its works? When they get the Boss to put his hand to such an instrument, we hope they will send us word, so that we can publish it.

We regret to hear unfavorable accounts of Indian affairs in Arizona. Since the departure from that Territory of Gen. Crook, who was so successful in the pacification of the Apaches, the local Indian ring have had full swing, and it is said that they are now doing their best to foment disturbances with the Indians, in the hope of inciting a fresh outbreak, with its consequent opportunities for swindling the Government.

Mr. Niles G. Parker, who was Treasurer of South Carolina in Gov. Scott's time, objects to being made a scapegoat to bear all the iniquities of the Administration of which he was one of the most conspicuous members. According to the Columbia Phoenix, he has given notice that he does not intend to remain in prison all alone by himself, saying that, unless efficient measures are taken within thirty days to release him from his unpleasant predicament, he will take steps to relieve his solitude by an accession of companions from among his old friends in office. This threat is understood to be directed especially against Gov. Chamberlain, who procured his arrest on the charge of embezzlement, and who was Attorney General at the same time that Parker was Treasurer. There is no doubt that the ex-Treasurer is in the possession of no end of interesting and important information; but it remains to be seen whether he will be pressed to such an extent as to induce him to make a full revelation of what he knows about the rascalities in which he and his accomplices were concerned. It is to be hoped, however, that the prosecution against him will be carried on vigorously, since any other course, under the circumstances, would inevitably give rise to exceedingly unpleasant suspicions.

THE SECRET. - Those who prize a beautiful head of hair, (and we know our lady friends all do), will thank us for a few words on the invaluable qualities of AYER'S HAIR VIGOR as a dressing. In our own case it, heals a humor, keeps the head free from dandruff and scurf, stops the tendency of our hair to fall, and heightens its beauty. A slight touching with it removes the coarse and dry appearance which neglected hair puts on, imparts a rich gloss, and makes us presentable in the most fashionable company. Such are rare qualifications, presented in a single preparation, create for it an enduring value; but add to these the faculty of restoring to gray locks their youthful color, and maintaining our good looks with so small an expenditure of time and attention, and you stamp it prime favorite with the public, and ensure its permanent and enduring popularity. -Huntsville (Ala.) Republican.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great Blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sanguiferous, Alterative, and Anti-Bilious.

GRAVEL, RHEUMATISM, BRUISES, VINEGAR BITTERS has the most powerful effect in driving out the uric acid, and preventing its return.

No person can take these Bitters according to direction, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essential. There is no cathartic for this purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark colored bile, and clear away the mucus which is found at the same time stimulating the action of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purging all its fluids with the BITTERS. No epidemic can take hold of a system thus fortified. Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Serofula, or King's Evil, Swelled Neck, Goitre, Scrofulous Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, Dr. WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory or Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases. - Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take Dr. WALKER'S VINEGAR BITTERS.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blisters, Spots, Pimples, Pastules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scours, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no verminages, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
