WHEREAS, At a general election held on the first day of June, A. D., 1873, the Hon. George A. LaDow was duly elected Representative of the State of Oregon in the Forty-fourth Congress of the United States; and

WHEREAS, By provision of the Constitution of the United States, and the laws of this State, it has become the duty of the Governor thereof to issue his writ of election to fill such vacancy;

Now, therefore, I, L. F. Grover, Governor of the State of Oregon, do hereby command you and each of you to notify the several Judges of Election within and for your several counties, to hold a special election of Representative in Congress to fill the vacancy aforesaid, on Monday, the 25th day of October, 1875, and that you cause all proper notices to be given thereof according to law.

Given under my hand and the seal of the State of Oregon, at Salem, this 15th day of May, A. D. 1875.

L. F. GROVER.

Attest: S. F. CHADWICK, Secretary of State of Oregon.

THE PRESIDENT'S SETTLER—CESARISM.

During the last Presidential campaign the Democracy and Liberal Republicans charged that Grant if elected the second time would be a candidate for a third Presidential term. But the Republicans denied that he was ambitious, and treated the third term question with contempt.

Grant was elected without difficulty and many careful and accurate observers of political affairs thought that they could detect in his acts and general conduct, a design to foist himself upon the people for a third term; something that no other President had ever done. The New York Herald was the leader in publishing sensational articles averring that Grant would be a candidate for the third term; but the Radicals, as before, ridiculed the idea and alleged that he would not be a candidate. He speaks very favorably, however, of Wm. B. Laswell, Esqr., District Attorney of the Fifth District. Mr. L. has been spoken of in connection with the Democratic nomination and if nominated he would be a popular candidate.

Judge Boise wants to obtain another opportunity at the public test. He left the Republican party and joined the Independents, believing that they would soon be the dominant party in this State. But, as usual, he is weak in the knees. We have been informed that he desires the Independents and Republicans to nominate him for Congress. He thinks he might be elected if nominated and supported by two of the three parties, but he is afraid to chance one nomination. But he will scarcely be able to obtain the nomination from the Independents, and he has no possible chance to be nominated by the Republicans. He is afraid to "face the music" unless he thinks he has "a dead thing" and hence will have to wait until a more convenient season.

It seems that the Radicals are in the same condition in California that they are in this State. The Chronicle concedes that the Democracy will carry the election in the Golden State unless the Independents will coalesce with the Republicans and there seems to be no possibility of such a hybrid marriage there. The Independents would much rather join the Democracy if they intended to coalesce with either of the established parties. But they seem to favor trying their own strength and they will do the same thing in this State. They had as keen appetites for fat offices as any other party and they are also as liable to be corrupt.

ter proves such to be the fact.

The Republicans who are opposed to the third term proposition demanded of him a peremptory declaration and he answers them by saying that he will accept if he deems it to be his imperative duty so to do. This letter demonstrates that Cesarism is not a myth, but a reality; that Grant "vacated a life position" in the army for as long a term in the White House as he can obtain. To construe his letter with all its surroundings otherwise would be to falsify and change the established import of the English language.

SEARCHING THE MAILS.

It is announced that the Postmaster-General has determined to break up a lottery or gift enterprise at Cincinnati by stopping all money orders sent through the mails and returning them to the senders, or by some system of the Post Office Department enabling the senders to get their money back.

To break up gift enterprises and lotteries may be a very commendable thing in itself, but how about the means taken in this instance to that end?

If the mails can be searched for one purpose, why not for another? How easy it must become to open and read private correspondence on some pretense far different from the real motive which prompts the act.

This subject was very fully discussed in the old anti-slavery times. An attempt was made to stop the circulation of incendiary matter, as it was called, meaning anti-slavery publications, in the slave holding States, and the right to have mail matter passed untrammelled and free from the espionage was strongly insisted upon.

If morality is to be enforced in this way, who shall judge what morality is? Can even the letters of clergymen pass through the mails without first being examined by a censor? Then who is to keep the censor himself straight?—Sun.

PERTURBED.

The Pendleton Tribune seems to be in a morose state of mind just now. It is "dishing up" some of the prominent candidates for Congress in a manner which will hardly meet their approbation. But its editor indicates that he intends to do his grumbling before the convention meets and then he will support the nominee whoever he may be.

He speaks very favorably, however, of Wm. B. Laswell, Esqr., District Attorney of the Fifth District. Mr. L. has been spoken of in connection with the Democratic nomination and if nominated he would be a popular candidate.

CANDIDATES.

A correspondent of the Cincinnati Commercial recently had an interview with Mr. David A. Wells on the subject of the next Presidency, in the course of which Mr. Wells expressed the opinion that at present the probable Democratic candidates are Mr. Tilden, Mr. Thurman, and Mr. Bayard. This list is perhaps correct as far as it goes. But to make it complete, Mr. Hendricks and Mr. Allen should be added, and perchance Mr. Pendleton.

We are of the opinion, however, that these four Western candidates will prove just strong enough to defeat each other, and therefore that the next Democratic nominee will be an Eastern man. In such a contingency who are so likely to enter the field as competitors as Samuel J. Tilden and Thomas F. Bayard? Each has his strong points. Bayard is young, vigorous, fearless, honest, and progressive. Though he springs from an aristocratic stock, he is a Democrat in the genuine sense of the term; and though he is by birth a pro-slavery Bourbon, he accepts the constitutional amendments in good faith, and of late his speeches and actions have done very much to make the Liberals friendly toward him. He lives in a small State which can cast only three votes in the National Convention; but dwelling in a large one full of ambitious leaders and warring factions sometimes hinders rather than helps a candidate—a Gov. Seward found to his cost at Chicago in 1860.

Gov. Tilden's great strength will consist in his open and vigorous onslaught upon the Rings which have so long partially ruled and unsparring plundered this State. His sagacity, courage, and success in this contest have already won for him a national reputation. If he is able to check this Legislature and the next in their tendencies toward immaturity, or worthless, or venial measures, and if he wisely and firmly exercises the new powers lodged in his hands concerning removals from office; he will undoubtedly stand forth a year hence as a very formidable candidate for the Democratic nomination.

But Senator Bayard and Gov. Tilden and their supporters must remember that another Ring smasher is beginning to fill a large space in the public eye. We refer, of course, to Gen. Bristow, the new Secretary of the Treasury. If he and Tilden should get up a sharp competition in Ring-crushing during the coming twelve months, and each should then be presented by his party as its Presidential candidate, the contest between two such leaders would be worthy of the Centennial of National Independence.—N. Y. Sun.

Judge Lowe, of Utah, has certainly distinguished himself. He has decided adversely to Ann Eliza's claim of alimony from Brigham, for the reason that they both knew that he was a polygamist when they married, and that there was neither a lawful marriage nor a lawful divorce, and consequently no alimony. No doubt this determination greatly rejoices the old reprobate, and he can continue to break the hearts and blast the lives of young and susceptible females with impunity!

Ex-Senator Matt. Carpenter has been retained by the whiskey ring in their defense against the Government. Matthew is reported to have much influence at Washington, and besides, is said to be of bibulous habits himself; these are the double reasons why he was chosen.

Dr. J. Walker's California Vinegar Bitters are a purely vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinegar Bitters?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Stomachic, Alterative, and Anti-Bilious.

No person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essential. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark colored bile matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with the Bitters. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Serofluor, or King's Evil, is a Syphilis, or Blood Poison, Swelled Neck, Sores, Scrofulous Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, DR. WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory or Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take DR. WALKER'S VINEGAR BITTERS.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blisters, Spots, Pimples, Pastures, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scuffs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display a decided influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
