The Camp-meeting at Mays' Ferry will continue over next Sunday. large attendance may be expected if the day proves favorable.

The M. E. Church. South, will meet at their grounds, near Gaunt's bridge, on June 11th.

The M. E. Church, North, meet at their grounds, on Hibb's farm, near McMinnville, on June 18th.

Should there be any others we hope the pastors in charge will please in- its goose. form us of the time and place.

ARRIVED .- Uncle Daniel Bayley's family were taken by surprise Tuesday evening last by the advent of Messrs. Louis Bayley and son from Stark county, Illinois. They started from home the 10th of last month and after stopping several days in California, arrived at Portland the Corvallis to visit relatives. They come to this county with the intention of finding a home. Uncle Louis is a brother of Daniel Bayley, of Tillamook county. The two brothers when last they met were in the prime of life, fifty years ago. Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of stantly growing reputation, based on its

intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great cor-ruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system. for years, soon yield to this powerful anti-dote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all scrofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, and internal Ulcerations of the Uterus, Stomach, and Liver. It also cures other complaints to which it would not seem especially adapted, such as Dropsy, Dyspep-sia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and

Leucorrhoea, when they are manifesta-tions of the scrofulous poisons. It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of
