Indian Troubles Anticipated.

OMAHA, June 23.—Advices from Spotted Tail's agency state that three large war parties left that vicinity on the 17th, one for each Ponch or Pawnee, Ute and Shoshone reservations. It is thought among posted men that a gigantic Indian war is about to be inaugurated, and information has been sent to Indian agents.

OMAHA, June 24.—Prominent frontiersmen and army officers express the opinion that there will be trouble with the Sioux, Cheyennes and Arapahoes this summer and fall. At least five large parties have left the reservations in the last two weeks. The cavalry in this department are unable to keep them on the reservations through their limited numbers. It will be impossible for the soldiers to guard the Black Hills and attend to the Indians.

Affidavit of Mrs. Tilton.

NEW YORK, June 24.—Mrs. Tilton will to-morrow publish an affidavit, written in her own vindication, in which she says no person was employed in laying carpets at the time specified by Lees, Loeder and Price, and to the best of her knowledge they were never in her house, and their narration relating to herself and Beecher is wholly and utterly false. She says: There never was any improper relations between Beecher and myself, and all charges of adultery or improper conduct or any attempt on his or my part to have or solicit any improper relation or acts, are utterly, absolutely false. No act or word ever passed between Beecher and myself that could not with equal propriety, have passed between father and daughter. In conclusion, I declare, in presence of Almighty God, that I am absolutely innocent of all offences charged against me with relation to Beecher, except through the influence of my husband which was impossible to resist. I have made charges against Beecher which were false and entirely unfounded, and which I well knew to be false. I left my husband willingly and without solicitation, especially on the part of Beecher, but as far as I have any knowledge to the contrary to Beecher's desire. It was impossible for me, so long as I lived with my husband to resist his demands or to speak truth when he requested me to deny it.

(Signed) ELIZABETH R. TILTON.

Swear to before Judge McCue, of the city court, Brooklyn.

Prohibition Ticket.

SYRACUSE, N. Y., June 25.—The Prohibition State convention completed its organization this forenoon, and nominated part of a State ticket, as follows: Secretary of State, G. D. Dusenberry; controller, Anson A. Hopkins; treasurer, Stephen A. Ayers.

WASHINGTON, June 23.—A new and dangerous counterfeit has been discovered at the National Bank redemption agency, of five dollar notes of the First National Bank of Canton, Ill. This is evidently changed from the plate on which the counterfeit on the Traders' National Bank of Chicago, and

the First National Bank of Paxton, Ill., was printed.

The Asiatic Plague.

NEW YORK, June 25.—The Leavenworth Herald, of the 22d inst., says:

A telegram has been received from the sanitary commission, sent to the district of Mesopotamia, the district stricken with the bubonic plague. The telegram was sent the 23d of May, from Bagdad, whether it had been sent by special courier from Kutellaumana, where the commission then was, and states that this fearful malady has spread beyond the country of Montefik, Arabia, infecting an immense district, and destroying a large number of lives. In three localities mentioned in the dispatch the numbers were 500, 800 and 1,000, respectively. Those who were struck down with the disease generally succumbed on the second or third day after the premonitory symptoms had set in. In some districts the epidemic was disappearing, but it was breaking out in others, not visited by the commission.

Terrible Earthquake.

NEW YORK, June 25.—A letter from Maracaibo, May 29, gives an account of an earthquake at Circuito on the 18th. The first shock levelled every wall in the city, burying in a single instant 8,000 people out of a population of 10,000. Several who were not killed subsequently died from injuries, and many were murdered by robbers, who plundered in bands. Those saved fled to the neighboring country and encamped. When the news reached Maracaibo two steamers were sent with food and clothing to the sufferers by the American consul and people; also a corps of physicians and a committee to disburse aid. The governor sent soldiers to protect the people. Reports from San Carpentino, San Diego, Gramalate, Arbolada, Concula, San Christabel, aggregating a population of 20,000, confirm the previous account of destruction of life and property in these places, and in Maracaibo there have been light quakes every day since.

Chicago Custom House.

A lengthy report of the Chicago custom house commission just published shows that fraud and incompetency flourished in the construction of the building. They find that the foundation is soft and treacherous in many places; that the layer of concrete was not of sufficient width to equalize the pressure of weight from above; that the stones in the walls are of all shades and colors and that a most outrageous system of patching had been resorted to in order to conceal defects.

Iowa Politics.

DES MOINES, June 25.—At the Opposition State Convention today the following nominations were made: Governor, Hon. S. Leffler; supreme judge, W. J. Knight; superintendent of public instruction, A. R. Wright.

The following platform was also adopted: Firm adherence to the doctrine of political government; absolute prohibition of military interference with local State elections; honest administration of public affairs, and strict economy in public expenditures, and opposition to land grants; the President's

salary at \$25,000 per annum, and no third term; resumption of specific payment; opposition to the present national banking law; repeal of the prohibitory liquor law.

Death of Judge McFadden.

OLYMPIA, June 25.—Judge McFadden, Delegate to Congress from Washington Territory, died at noon to-day at the residence of Gen. W. W. Miller, in this city. He returned from Washington about a month ago, in a very precarious state of health, caused by over exertion in his congressional duties, and gradually grew worse until death supervened. He was an old pioneer, closely identified with the early history of this coast. He occupied many public positions among others that of judge of the supreme court of Oregon and of Washington; the duties of which he discharged with great ability and fidelity. His death, although not altogether unexpected, has caused profound sorrow in this community, where he was beloved by all for his many noble and generous qualities.

Righteous Lawlessness.

INDIANAPOLIS, June 26.—Kerner, the negro who outraged the wife of Wm. A. Vaughan near Carthage, Hancock county, early this week, was brought to Greenfield from Rushville for safe keeping. This morning a mob of about 160 masked men said to be from Shelby and Rush counties, broke open the jail and hung him in the hall.

The Irish Team do not Score up to the Americans.

DUBLIN, June 26.—The Irish rifle team, in practice at Dolly Mount to-day, made a much smaller score than the Americans yesterday. There has been no further practice by the Americans. The Lord Mayor of London and party will arrive Monday.

The Greatest Match yet Made.

The Lloyds of London have offered a 50 guineas cup to be contested for by English, Irish, Scotch and American teams at the time of the Echo challenge shield match. All the teams have accepted.

Successful Negotiations with Indians.

WASHINGTON, June 26.—The following dispatch was received at the Indian bureau this morning: Red Cloud Agency, June 24.—Hon. E. P. Smith: The Red Cloud and Spotted Tail Indians have signed an agreement to relinquish their rights in Nebraska. They want \$11,000 in horses, \$9,000 in cows, \$2,100 in harness, \$2,300 in wagons. All are well pleased. Signed, J. W. Daniels, U. S. Indian Inspector. Secretary Delano and Indian Commissioner Smith left Washington for New York this morning, on business connected with the Indian bureau.

Miscellaneous.

WASHINGTON, June 25.—The board of Indian commissioners have requested that officers of the army be detailed to inspect the supplies at Kansas City, Sioux City and Cheyenne. The secretary of war has directed Lieut. General Sheridan to detail officers to make the inspection at points named.

BOSTON, June 25.—Henry Wilson has published a long letter in reply to recent adverse criticisms upon him, which have appeared in the Republican press in reference to his doings and utterances on his recent tour.

It is no cause for surprise that every day discloses some new form of rascality, and that in every instance officials chosen to protect the public interest are found to be the very instruments with which rogues have worked and successfully perpetrated the most astonishing frauds.

These subordinates see very clearly what is done in high places, and how the Robesons, Belknap, Creswells, and the like, who entered office poor, and were glad to get the salary for a subsistence, have become suddenly rich without losing the favor of the President. That example has infected the whole service until it is difficult to find a sound spot anywhere, and common honesty is elevated into an exceptional virtue. No wonder the people cry out for any change.—Sun.
