

Detroit Currency.

SOME Californians will feel lonesome over that law punishing wife-beaters.

P. T. BARNUM says he wants to be known as the poorest politician in America.

A THOROUGH Indiana judge can divorce a couple in ten minutes and not get out of breath.

The Boston Post can't believe that a couple of lovers can sit in a snow-drift and imagine it's summer.

It is the crowd of fools who rush to the Black Hills. It is the army of wise men who rush for home again.

The Connecticut editor who was sent to jail the other day dates his editorials: "From the great American Bastille."

The Boston Gas Company keeps a man who scissors out of newspapers every item about exploding kerosene lamps.

A CONSTABLE in Iowa dropped a letter in his home post-office addressed to Tweed, hoping that William would come after it and be caught.

DON'T flatter yourself that spring bonnets are birdless from a merciful desire to save the lives of birds. The times called for cheaper ornaments.

A PARIS journal turns a French official with stealing from the public "after the American fashion." He probably stole every dollar there was to be had.

HOUSE rent in Pittsburgh has declined fourteen per cent, and many landlords are perfectly willing to replace a door-knob which has been missing for sixteen years.

THE NEW YORK Evening Post charges Brooklyn clergymen with using boxing-gloves as a means of exercise. It's good exercise unless the other chap strikes a down blow.

MICHIGAN has got him! The man who has not written to a newspaper to offer his services as Centennial correspondent lives right here in Michigan, and can be seen for fifty cents per head.

WHEN the churches at Norwich, Connecticut, all agreed to take up collections on the 1st of the morning, it was presently found that evening services were the only ones patronized by any extent.

OLIVE LOGAN says the women of Washington wouldn't be extravagant if their husbands didn't encourage them in it. And now the investigating committees are encouraging the husbands.

PINKERTON'S detectives have got hold of a thief against whom there are eighty-two indictments. The man doesn't despair, however. He says they can't get another one unless there is some pejury indulged in.

The Demand for Labor.

The mechanic arts never offered so great inducements to young men of ability and energy as they do now. Fifty years ago carpenters and masons were mere builders of cheap houses of stereotyped shapes and plans; to-day every builder, with any ability as designer, has more work offered him than he can possibly do.

At the present time there is a steady and constant demand for labor-saving apparatus of every sort, and the inventors thereof, if men of ordinary business sense, are richly rewarded for their ingenuity.

Manufacturers of the machinery of all kinds are seriously crippled by lack of intelligent labor; the practical details of the mining interests of the country are in the hands of men who have seldom enough intelligence to properly fill their places; our simplest houses are inefficiently built, our farms are seldom worked to their full capacity.

BE ECONOMICAL.—"Take care of the pennies." Look well to your spending. No matter what comes in, if more goes out you will be always poor.

THE GREELEY MONUMENT.—The monument to Horace Greeley in New York is under way. The model is by Charles Cavalry, and when the memorial proper is finished it will be erected over the dead journalist's grave in Greenwood.

A LITERARY CURIOSITY.—The following sentence will attract the attention of the curious: "Sicut repo tenet opera nota."

NEVER GO BACK.—What you attempt, do with all your strength. Determination is omnipotent. If the prospect be somewhat darkened, put the fire of resolution to your soul, and kindle a flame that nothing but death can extinguish.

Confederate Make-Shifts.

Every household became a nest of domestic manufacturers, every farm had its cotton patch and its sorghum field.
