as the boy entered the house. "Yes, father, I want to saw all the wood for winter, bring in all the coal, clean out the cellar and paint the barn, and you needn't give me but two meals a day."

"Don't you like sailing?" "Father, you don't begin to realize anything about it. The captain sailed right along on Sunday, the same as any other day, and I believe he swore even and dated Mycenæ, November 27:

A DASH THROUGH FIRE .- Recently | with spiral ornaments and circles. structed by an immense flame, which rose high into the air and enveloped the spot for a distance of several hundred yards. A fire had broken out in the Faubourg Chaveau, bordering on the railway, and in a few minutes as found about two hundred gold buttons, and specified and specif sumed formidable proportions. The position of the train was most critical. Stop there it could not, without certain
wery large, and splendidly engraved, an immense golden telamon, richly ornamented, which I first mistook for a belt, and Jerrold gives the following account of stop there it could not, without certainty of being run into and smashed by the express. So the guard ordered all the windows of the compartments to be glided, ten very large vessels of brongs.

All this was found before hardly one-third of the tomb had been emptied. The bones which I found are like the bones and smoke, was again stopped and examined, but beyond the fright of the tomb had been emptied. The bones which I found are like the bones and smoke, was again stopped and examined, but beyond the fright of the tomb had been emptied. The parameter of the parameters and a little scorching of the parameters, no barm was done. The train then continued its interrupted course, while the fire raged away. The prefect, the bishop and all the authorities were soon on the spot, but in spite of the firemen and the efforts of the millistry, such was the inflammable nature of the materials on which the fire played of the materials on which the fire played.

houses, sixty barns and forty-seven stables were burned down. A great number of animals perished in the fiames.

The Peabody Fund to be distributed in Georgia in 1877 amounts to \$8,500. Since the war nearly every female college is in a languishing condition and many flourishing male schools have also been closed. The members of the legislature have the right of appointing 219 free students to the State University, yet not more than one-fourth of that number can be induced to attend, in consequence of the poverty of the people.

That man is nearly every female college is in a languishing condition and their companions."
